

2025-145 and 2025-146

Summary from Events Coordinator

Winterfest 2025

Winterfest took place at The Shed in Warsop on 6th December 2025.

We welcomed over 650 visitors through the doors, offering free entertainment including a Santa's Grotto, giant inflatable snow globe, inflatable slide, crafts, entertainers, balloon modelling, rides, face painting, fire engine and live music.

18 market stall traders attended the event, along with food and drink vendors.

Donations were collected on the day, with £215.95 raised which will be shared between Christmas Smile and Target One. Thanks to the efforts of everyone involved, the event ran smoothly and safely.

One staff member (Natalie) was injured during the clear down event, which has been reported and recorded in the accident book.

Potential learning points:

- Reduce number of market stalls for 2026, to around 18 max.
- Review layout of 'indoor' area to establish space for queues.
- Ensure collection dates for any equipment are communicated to team, ensuring a back up contact is available in case of emergencies.
- Better signposting for Santa's Grotto.
