BUILD CAREERS

A PROGRAMME FOR GAMERS

Your game skills are your superpower. Many of the things you do in-game are valuable to the world of work. Develop a career in games, tech, marketing or social media. Join our course to find out more.

- Talks from games and tech pros
- Work experience set by people who make games
- Support for your employment and CVs
- A special online careers job fair for gamers

The Course is free. It runs on 10 days (10-4PM) across four weeks on Zoom, Discord and Twitch. Level one or two IT User Skills qualification available on completion.

15-24yrs? Not in Work or Education? Like playing games?

COALFIELDS REGENERATION TRUST

The Coalfields Regeneration Trust is a community wealth building charity operating in Britain's coalfield areas. We create jobs and economic growth by building industrial units for SMEs and using our taxable profits to generate social value through working with partners to enable our communities to reach their full potential.

GAME ACADEMY

Game Academy is a personal and skills development service for gamers. We help gamers make the most of their in-game talent out of game. We work with top employers in games and other industries. We have worked with over 7,000 gamers. Over 60% of participants in our Bootcamp programmes move into jobs, further education and training. Games skills have real-world power.

**"A SWORD WIELDS NO STRENGTH UNLESS
THE HAND THAT HOLDS IT HAS COURAGE."**

THE HERO'S SHADE, *LEGEND OF ZELDA*

"I met a lot of really awesome gamers and companies in the games industry. I want to thank Game Academy for helping get me my first foot in the door."

BRANDON
QA Tester

"It gave me the stepping stones. It gave me the confidence to just go for it and realise that the worst thing they can say is no."
