FR. TONY REMEMBERS WAR SOP

Glebe House
Boughton
Newark
836013

To all the special people of Warsop on behalf of family and myself I would like to thank you for making our stay such a wonderful part of our journey. We thank you all for your kind words, letters and presents. We felt very overwhelmed.

I sit here in my new office missing all and recalling my memories. My lasting memory is being able to share so much, to meet old and young on the streets; there was always a smile, a chat. There was a strong sense of belonging.

I was very fortunate to be welcomed at Hetts Lane, Birkland and Sherwood Street Schools. Working with the children and staff enabled me to receive valuable experience. The schools are a great tribute to the people of Warsop and I cannot overestimate the devotion of the staff, especially in these times of uncertainty.

The Oaklands became a place of love and encouragement. I have never met such a group of people who battle through all their adversities and keep smiling. I must pay tribute to all who help and support the Oaklands; without their help who knows what would happen, and for Maxine the administrator who works tirelessly with a smile and love flowing from her; it is not just her work but I believe her vocation. I remember preparing 5 young people for confirmation; it will always be one of the highlights of my ministry.

Working with Age Concern was a great privilege. Age Well on Monday morning and Wednesday Luncheon Club. Age Concern works tirelessly for the elderly in Warsop providing a resting place in the centre (the Friendship Shop). They rely on volunteers coming forward. We owe a great gratitude to them all and especially to Heather Scott; I have never seen anyone so devoted to the needs of a group of people. I would also like to pay tribute to Heather. As you all know she has retired from the Council. She worked tirelessly for the community of Warsop during her life; I believe words cannot express our debt for her devotion. I know she will continue to work for you all. One of my lasting memories is of the Christmas parties with people coming together to share laughter and joy together, who would otherwise be at home on their own.

The Boys Brigade was a large part of my ministry in Warsop; working the young boys and girls has given me great reward. Carol and the team work devotedly to produce young people worthy of Warsop. I had the privilege of working with Keith Hollingsworth (Snowy) who had spent nearly all his life devoted to the youth of Warsop. I wish him well in his retirement.

To all of who have touched my life in any way through meeting for Baptisms, weddings or funerals I wish you all well and thank you for showing so much love. Being a priest is not easy in the world today; we rely on the love and encouragement of everyone in the community. I am sure without it my ministry would not have been effective.

I would like to thank Fr. Cliff, Val, Douglas and the church family for supporting my ministry with practical and spiritual help. I pray that God will enable you to move forward with an out-pouring of the Holy Spirit. I will be praying for you every step of the way.

At my licencing in Ollerton the Archdeacon said no place can be as special as your first curacy. It is true! But I know I need to take all the love and experience I have received in Warsop and share it with the people of Ollerton. Wherever I go Warsop will come with me. You are very special!

I leave you with my prayers and love. Thanks, me ducks!
Fr. Tony

Warsop V.E. Day Celebrations

May I take this opportunity to thank everyone who was involved in any way with the activities which were organised to celebrate V.E. Day in our district.

In particular, I would like to thank the Rector, Father Cliff, and his team for arranging the wonderful Service and for the printing of the Service booklet; Col. Dean, the Band and the Cadets from Welbeck College for providing the podium; tents, sound equipment and perhaps, most importantly, for providing their Band to lead the Parade of all the representatives of our Local Organisations, which gave the proceedings an air of professionalism and dignity; to Mike Trinder, the Parade Marshall; to all the organisations who took part in the Parade and Service; and to all the local people who watched the Parade and then joined us on the Carrs to take part in the Service; to the Staff of the Poplars and Sycamores Nursing Homes for providing such a splendid float and truly entering into the wartime theme; to the youngsters who took part in the Fancy Dress; to the pupils and staff at the Meden School for taking part in the Poster Competition; to Mansfield District Council Parks Department, especially Craig Bonar and Steve and Gary, the groundsmen; to Mrs. Fenner - the organist for the Service; to Alec, the Landlord from the Plough; to the firemen to Edwin Tattersall and the others members of the 'Specials'; to the "The Oaklands" for allowing us to use their facilities for meetings; to Sandra Taylor - Vice Chair, M.D.C.; Ian Jakes, President of Rotary Club; and Mr. Stricklands of Eastwoods.

The V.E. Day celebrations were made possible by the generosity of local benefactors including:- Warsop Parish Council, RJB Mining Ltd., Royal British Legion, Rotary Club of Warsop, Brent Clarke Trust. Over 50's Club, Warsop Parochial Church Council and The Strand Bingo Hall. A balance sheet will be available for inspection when all invoices have been received.

Finally, I would like to thank the members of the Warsop and District V.E. Day Committee for all the time they gave up in helping to arrange the programme of events and, on the day, to ensure the smooth running of these events. My personal thanks go to Maxine Parker of The Oaklands and Sue Ford, Warsop Parish Council, who administered the whole operation, and the late Coun. Bob Collingwood, Chairman - Warsop Parish Council, George Gilbert, Ray Wain, Bill Neil, Mike Trinder, Royal British Legion, Marjories Rivington, Over 50's Club, the representatives of the Scouts, Arthur Dean, Welbeck College, Tom Parkes, Air Training Cadets and everyone else who attended our meetings.

GARDEN NOTES FROM G.M.H.

YOUR GARDEN IN JUNE

As stated before, gardening is all about planning ahead, but if you do the same as I have some of the best laid plans go by the wayside. Good gardeners plan ahead in cultivation and selection of kinds, see which has grown best, which the family like best and go from there. Some newer varieties far supersede the taste and production of the older similar sorts.

This month is the expectancy month and the garden has, or should have, been cultivated and set, with all things growing reasonably well. The shortage of rain has again hampered the sowing of small seeds. Oh for some of the rain of the winter months; this would be very welcome. Now that I have written these notes I suppose that we will get a deluge.

Work amongst the vegetables will need to be done, thinning the root crops and staking peas and beans. Small seedlings are easier to pull out and less damage is done to those that are left to mature if thinning is done now. Carrots, beet and onions should be thinned by stages and the young shoots are very tasty in salads or as cooked vegetables. Peas and beans appreciate early support and when supported they romp away.

Planting of winter greens and catch crops, such as saladings, will of course proceed, all available space being used through the season of rapid growth.

Plants have been growing and so have the weeds. The Dutch hoe will have to be kept going and this is one of the most important tools at this time of year. Try to keep this handy tool going even if you see no

weeds; they are just under the surface and when they are disturbed it will kill them. Also the larger the weed, the more pests and diseases they harbour. A keen eye on the plants will let you know when the pests start and a pinch with finger and thumb will keep them at bay. If any proprietary remedies are used please read the instructions carefully and keep containers and any vessels used away from children.

It would appear that the gardener is too busy to holiday, but, if the work is well ordered this is the most opportune time for him or her to take a holiday. The vegetation is moving towards the massive output of July when the fruits of one's labours will be enjoyed by the family, and the surplus will freeze well or, if it is fruit, then the jam jars can be filled.

A lot of gardens this month will be very neat and tidy with the regimental rows of small bedding plants but no colour. There are a number which will provide interest and colour during the early summer months. Many flowering shrubs are at their best at this period. Rhododendrons and heathers can be freely used.

After the wallflowers have been uprooted the later blooming cheiranthus will still be gay, and, if the first seed-heads are removed, will branch from the base and give prolonged blooming. Sweet Williams follow the earlier Spring flowers, but in a small garden these may be too late for that purpose. A suggestion is to replace them with early flowering dwarf chrysanthemums which have been grown on in 5" pots.

Pansies and violas are most at-

tractive in early summer; seed may be sown in July. A notable fact about these plants is that when grown from seed they produce seed-pods freely, and unless these are picked as dead flowers, the size of flowers deteriorate and plants go out of bloom.

The range that you can grow to fill in with colour is large and lots of plants have a short season, with blooming limited to only about a fortnight. Honesty, Sweet Williams, wallflowers and Canterbury bells should be sown without delay. The primula family, polyanthus and others, are often difficult to germinate from packet seed. With these gather the seed from "capsules" as soon as ripe and sow immediately in a sandy seed-bed.

Most lawns have a problem; they require as much care and feeding as any other part of the garden. They need weeding; proprietary selective weedkillers are available, but can be expensive. Much work can be done with a sharp knife. Plantain, daisy, thistle and similar weeds can be cleared in one operation. Dandelions, in young stage preferably, should be cut about two inches below the surface and pulled out. They may grow again from the root stock left in, but a repeat cutting usually sees the end of them. Moss can be checked by using three parts sulphate of ammonia and one part sulphate of iron in heavily affected areas, two ounces to a square yard. If there is less moss, less sulphate of iron is required.

Happy gardening.

LETTERS OF THANKS

DAVID WILLIAM CHURM

I wish to express my gratitude and thanks to all those relatives, friends, neighbours and colleagues who sent cards, floral tributes and donations, and, to all the others who gave us their kind thoughts and words of comfort following the loss of my beloved son, David.

I especially wish to thank Karen ('Kaz') and the others who helped at the scene of the accident and to tell them how much I appreciate their concern. It truly means a lot to me.

The funeral service was most tastefully conducted by the Rev. Valerie Sharpe during which a reading by Malcolm Lees provided much comfort for the family.

The service was ended with some special music, thoughtfully provided by John Sellars, and a tape made of this for us to keep in remembrance.

Thanks, too, to Eric Townroe for all his consideration and for carrying out the funeral arrangements in his usual professional way. His assistance will be remembered.

Special thanks must also go to Martin and Fran, David's friends, who elected to ride their motorcycles as a tribute in front of the cortège. This was something, I know, that David, being a motorcycle fan, would have very much appreciated. Also to June and Jack Pearson for the present for David's doggie.

I must not, of course, forget my dear daughter, Fay, and her husband, Paul, without whose love and support in this tragedy, coming so soon after the loss of Bill, my husband, would have made it impossible to cope.

In such circumstances it is difficult to think objectively and I know I must have forgotten someone. If I have, then I say to them, and to all the people who attended the services at church and the crematorium, a most sincere 'THANK YOU'.

Finally, the whole family join with me in our appreciation of the kindness shown by all concerned. In times like this it is nice to have friends.

Kath Churm.

May I please send my sincere thanks to all of those relatives, friends and neighbours who so kindly sent sympathetic messages, cards and floral tributes on the occasion of the passing of my very dearly loved wife Kathleen.

The funeral was not a big one (Kath would not have wanted such), but it was conducted most reverently and efficiently by the Rev. Valerie Sharpe, and extremely professionally arranged and carried out by Eric Townroe. My heartfelt thanks to both of them.

Special thanks to my brother Alan and his wife Hilary, whose care and assistance helped to lessen my sorrow. Thanks also to Dr. J. Hennessy for his sympathetic and much needed counselling, to Dr. Glazier for his prompt and able assistance, and to Dr. Frank Barratt for his care and attention to Kathleen. Lastly, many thanks to the Nursing Staff of the Rufford Ward, Kings Mill for their kindness and attention.

H.H. (Tony) Hepworth

The Rectory, Church Warsop. Tel: 843290

Assistant Priest: Rev. J. Valerie Sharpe
(N.S.M. part-time) Contactable via the Rectory

For all enquiries and requests for Baptisms, Thanksgivings and Marriages, etc. please phone Fr. Cliff at the Rectory 843290.

BAPTISM OR BLESSING

The Service of Thanksgiving and Blessing is for those parents who want to ask God's blessing on their child, but would prefer to leave any promises about Jesus and coming to Church until their child is old enough to make his or her own mind up.

By contrast Baptism involves making real promises which we expect you to keep. In the case of babies it is for parents who want to be part of the family of the Church. In other words they don't want to wait until later, but want to care for their baby's soul and spiritual growth now.

The Baptism Service involves a declaration that you and the baby want to be followers of Jesus and that you will bring up your baby as a Christian within the family of the Church. It really is something to be prayed through first.

Genuine enquiries are always welcome - Tel. 843290.

MARRIAGE

Asking for Christian Marriage is not just asking God's blessing and strength for your marriage, but also saying something about living out the marriage in a way which reflects what Jesus says about love.

CONFESSION

This is part of the healing Ministry available in the Church of England. It is available at all times by arrangement with the Rector.

THE SICK

Please let the Clergy know if someone is taken ill or becomes housebound. We will be only too pleased to arrange for them to receive either the Sacrament of Anointing or the Sacrament of Holy Communion brought by us or by the Special Lay Ministers licensed by the Bishop.

If you feel that we could be of any help at any time then please contact Fr. Cliff.

MOTHERS UNION HOLDS ITS NORTHERN CONFERENCE AT WARSOP

On 27th April, 1995 at the Parish Centre the Mothes Union held its Northern Conference. The theme for the Conference was "Prayer and Spirituality". Our speaker for the morning was the Very Revd. David Leaning. It was very well attended; over 150 of our members were present and some came from as far away as Carlisle and Manchester. After lunch there were

workshops on Prayer, Healing, Listening, Marriage Encounter, Banner making, Liturgical Dance, Christians in the community and Hospital visiting. There was also a session for Diocesan Training Officers. A good day was had by all that came.

WARSOP CARNIVAL 9th JULY 1995

Motorcycle Mad Men

Carnival Day draws nearer and we hope you are all getting ready for it. The Carnival Committee and their helpers are all working hard to make it the best ever.

The main attractions this year include K9 Commandos (Service dogs display team), Nick Janson Crane Escapes, Deco Flying Angels Gymnastic Display Team and in case anyone missed last year's Carnival, the spectacular Motorbike Madmen returning to this year's display.

In addition to our main attractions we will be staging the Pub It's a Knock-Out, Schools Football 5-a-Side, Adult Football 5-a-Side, the Flower Show, the Chad Roadshow, Charity stalls and a fairground.

Nick Janson Crane Escape

As usual we will be starting the Carnival with a parade with bands and hopefully as many floats as last year. We hope you are working on your ideas for a float. Judges will be giving 1st, 2nd and 3rd in Adults and Childrens classes. As such a lot of work goes into your floats we think that there should be two competitions.

The Flower Show will also be staged on Carnival Day, Sunday 9th July and exhibits will include flower arrangements, plants, cut flowers, hanging baskets and vegetables. There is prize money and trophies to be won in every class. This year we have Sir Richard FitzHerbert to present the trophies and as always the event is sponsored by Mansfield District Council.

The Warsop in Bloom Committee put in a lot of hard work to stage this event and we were so pleased at the number of entries in 1994, so please come along and support the Show again. We will be serving refreshments again, including our special cream teas.

Schedules will be available from Sisson Jewellers, Sheila's Florist and Warsop Library.

More details of both the Carnival and Flower Show in next months paper.

Remember the date - Sunday, 9th July, 1995 on the Carrs - Warsop Carnival. Let's have a ball!

Andy Wetton, Chairman,
Carnival Committee.
Sheila Wright, Chairman,
Warsop in Bloom.

Help to Save the Ducks and Daffodils

Since the decision was taken to allow fishing on the Mill Dam in Warsop I have been concerned for the safety of the wildfowl and upset about the destruction to the natural habitat.

The wildfowl are in danger from line, hooks and irresponsible people and the once beautiful banks are being replaced by concrete. The only way the habitat would be conserved and the wildlife protected is if you complain to the District Council.

If, like me, you care about wildlife please express your concern by contacting the Parks Manager at Mansfield District Council or by complaining to the elected District Councillors at their morning surgery at 14, High Street, Warsop on the first Saturday of each month, 10am to 12 noon.

Please help to protect the ducks and daffodils before there are none left.

Thank you
W. Jackson

NEED A SOLICITOR?

Here are just a few of the ways that a Solicitor may help you:-

BUYING OR SELLING A HOUSE?

Always consult a Solicitor first! A house is very likely to be the most valuable investment you will ever make. It is not just bricks and mortar but is a piece of land with a complicated bundle of rights and liabilities. A Solicitor will always advise you on how to borrow money and from whom, insurance, Stamp duty, Mining Subsidence, Planning Law and all aspects of your sale or purchase. A Solicitor is the first person you should go to see. Only your Solicitor will provide you with independent impartial advice and his job is to protect your interests. He has nothing to sell you except his services.

IN TROUBLE WITH THE POLICE?

If you are in trouble with the Police, more than ever you will require the assistance and representation of a Solicitor. Your Solicitor knows the law and understands the Court procedures. His training and experience enables him to put forward your case far better than you could. Furthermore, Legal Aid may be available and entitle you to free representation.

ADMINISTRATION OF A DECEASED PERSON'S ESTATE

Obtaining a Grant of Probate or Letters of Administration and dealing with any tax liability in respect of any deceased person's affairs is both complicated and confusing to most people. A Solicitor will handle the whole of the matter on your behalf and will relieve you from all responsibility of dealing with a deceased person's affairs.

MATRIMONIAL AFFAIRS

It may be your first divorce but it certainly won't be your last. If, regrettably your marriage has broken down the facts must be faced sometime and the person to consult is your Solicitor. He will ensure that you receive your legal entitlements and will advise you on such issues as: maintenance payments, division of property and custody and access to children. Don't delay in consulting your Solicitor.

HAD AN ACCIDENT?

Accidents happen when you least expect them in the home, in factories and shops and if you travel you will see the results of accidents on the roadside. A Solicitor has the skill and knowledge to act in your interests and to advise you of your legal rights. He will negotiate with the insurance company on your behalf to ensure that you receive the maximum compensation together with payment of your legal costs. You may not realise that you have the right to claim compensation, a few minutes consultation with your Solicitor will enable you to be fully advised as to all of your rights.

LEGAL AID

If you are eligible for legal aid (subject to status) advice and assistance with many of the above matters may be FREE or subject to a small contribution. FREE initial interview with regard to conveyancing transactions.

A New Life

I accepted Jesus into my heart in 1960, although I had heard the Gospel before that, when I went to see Billy Graham in the 1950s. Some friends of mine became Christians then, but not me. In 1960 I was engaged to Sylvia - she was a Christian, but I wasn't, although I was going to Church at a little Mission Hall in South Mimms with Sylvia.

On this particular Saturday night I was determined not to go to Church again, and told Sylvia that she had to choose either Church or me. Sylvia asked me to go to Church one last time. On the Sunday evening I went with her and that night I received Jesus into my heart. I felt as if a burden had been lifted from me. I felt so joyful, and people in the congregation said that my face was glowing. Later on that year I was baptised.

HOSPICE SUPPORT GROUP

A very successful evening was held at the Tudor Barn when Rachel of Rachel's Flowers (formerly Sheila's Flowers) gave a flower arranging demonstration entitled "Welcome to Summer".

All who attended were impressed by her artistic skill in producing such lovely creations. Thanks are due to all who attended and to Helen Waterfield for the loan of the sound system. The evening realised a profit of £160 for Hospice funds.

The next event is a Coffee Morning at 27, Birkland Avenue, Warsop on 5th July from 10.30am onwards, admission 50p. There will be various stalls with small items for sale and also a raffle.
