Warsop Town Hall Campaign Update

If you were one of the hundreds who added their signature to our petition to keep Warsop Town Hall Open, you will be interested to know how we are doing in our campaign.

Over 80 people attended our crisis meeting on 16th March to add weight to the campaign and voice, in person their anger and opposition to the proposed closure and subsequent loss of vital community based Council services that would result. At this meeting the Mayor offered a reassurance that everything would work out well for Warsop. With the support of Mansfield District Council a strong business plan would be developed and the Town Hall would be retained as a community asset.

A dedicated team of professionals from across the support services in Warsop including Business Support, Parish Council and County Council

worked tirelessly during the summer to develop a survival plan and business plan to rescue the Town Hall and ensure it has a viable future for the people of Warsop. It included proposals for developing the Town Hall as a venue for small businesses, Citizens Advice Point, Police Surgeries, Infotech Computer Training, training needs and meeting facilities, together with community-based council services such as housing and rent collection.

The plan was rejected by Mansfield DC at a recent meeting of the Steering Group, on the basis that it was not sufficiently sustainable. There was a suggestion that the Parish Council raise its precept

in order to raise sufficient funds to keep the Town Hall going, but this was rejected unanimously by the Parish Councillors present, on the grounds that it is unreasonable to expect the people of Warsop to pay twice for services. If the Town Hall closes the alternative is that you will have to travel to Mansfield to access these services and some of these are irreplaceable i.e. Infotech's computer suite.

Mansfield DC has offered to reconsider a revised business plan if it is produced by external consultants, this is being reviewed at the moment, but the campaign will continue.

Tania Barlow
Clerk to the Parish Council
Editor of Warsop & District News

EDITORS LETTER

The holidays are behind us, the nights are drawing in and I can't believe the summer (what summer?) is over and we are heading into winter already, although I've got to say as I write this on 10th Sept the weather is absolutely glorious, just a pity I'm sat here!

I have received some really nice comments just recently about the paper and would like to pass on thanks to Karen, my designer. She is as passionate as me about the Warsop News and we work well together to produce the paper but because she works behind the scenes she doesn't get the recognition she deserves and without her my little baby wouldn't be what it is today, so well done Karen!

We have 3 new shops now open on Sherwood Street, H & H Florist (see advert on page 4 and Wedding Fair on page 21), K.J. fashions (see advert on page 4) and Rebecca Ann Bridals (see Wedding Fair on page 21).

There are problems with the future of the Town Hall as you will have read on the front page, the Parish Council really need your comments on this one, please take the time to let us know how you feel.

Tania x

Promote Your Business by Advertising in Warsop & District News

The best way to reach local people and promote your business is to advertise locally. Warsop & District News is one of the largest free local publications in the area.

6,000 papers are printed and distributed every month.

Approx 5,200 are delivered to every household and business in the Parish of Warsop, the rest are distributed in the library, Town Hall, health centres, dentist, care homes, Meden Vale Charity shop and Cuckney shop.

At a fraction of the cost of some other well known publications you not only reach your target audience but get value for money too.

Rates are as follows:

Size	Cost	Size	Cost
8cm x 2cm	£11.00	8cm x 12cm	£66.00
8cm x 4cm	£22.00	8cm x 14cm	£77.00
8cm x 6cm	£33.00	1/4 page	£88.00
8cm x 8cm	£44.00	1/2 page	£160.00
8cm x 10cm	£55.00	Full page	£280.00

With rates like these you can't afford not to!

Warsop In Bloom win Silver

Warsop in Bloom have been awarded a silver medal award by East Midlands in Bloom.

The judges commented on the warm welcome they received by everyone in Warsop and the amount of public and voluntary group support in maintaining open spaces, residential care homes and publicly owned buildings. They also commented on the provision and protection of bio-diverse SSSI sites and natural spaces in the area.

A special East Midlands in Bloom committee award was also awarded to Church Vale School for their horticultural work with the children. The judges were very impressed with the exceptional and imaginative use of gardening and the environment by the staff and children at the school.

The awards were presented to members of the Warsop in Bloom committee on Wednesday 9th September at a ceremony in Cleethorpes.

Gardening Monthly...

October could be deemed either the end of the year's gardening operations or the beginning of the next season, though it is said the gardening calendar has no start and no finish.

The chief concern is preparation for winter. Many vegetable crops, particularly roots, have matured and some need protection or storage. Parsnips may be left in the ground, others need to be lifted and stored.

Tender plants such as Fuchsias and Geraniums must be potted or boxed. Winter quarters can be a cool room but frost free. Both these plants must be kept on the dry side pending the spring days. Rooted cuttings of pot plants need a little more root moisture and warmer conditions. Stock roots of outdoor Chrysanthemums are best boxed and protected in a cold frame. In the event of hard frosts, it is necessary to give extra cover for protection of the roots.

Bulb planting time is here with enormous variety for selection. Each of us have our own ideas and varieties we favour and do our own design and formation of the many varieties. Herbaceous borders are due for an overhaul. Many clumps of plants are too large and overcrowded. Most perennials and rockery plants are best divided before winter, for then they will become established before winter. This is a good time to introduce new stock grown from seed or cuttings. Most perennials will benefit from renewal every two years. Autumn planting makes for tidiness and answers the problem of trying to avoid interfering with emerging spring bulbs. If a well-stocked nursery plot is maintained there will be no need to having to remove rampant smothering clumps which look lovely when in full bloom but not so attractive later. Now is the time to insert half-ripe and hardwood cuttings of shrubs of which many may be conveniently layered. Do not forget to label all plants. Seed saving is useful, pleasing and profitable and all kinds needed as parents may be of flower or vegetable. They may be annual, biennial or perennial. Choose the plant carefully. It may be wise to label some subjects or some particular feature such as colour. Large seeds such as peas and beans should have pods well dried before shelling. With many flowers, hang seed heads upside down in paper bags for seed to drop out. Do not save seed from F1 hybrids.

The nutrients we have been trying to build up for so long in our soils are in danger. They may disappear through our bare plots. We treasure the natural fertility that mulching, manuring and composting give us. Winter rains can wash nutrients away and compact the soil. To combat this, we need to grow green manures so the soil is not left bare. Typically, we grow green manures in autumn after our main crops have been harvested. They are allowed to grow autumn through winter to spring and are chopped down before seeding, or hoed off to act as a mulch, to be dug in the soil or composted. For green manuring, you can grow field beans September to November, mustard sown March to September, rye grazing August to November, winter tares July to September.

A bright position is essential for indoor plants during winter, particularly Cyclamen, Christmas Cacti, Busy Lizzies and some cane-stemmed Begonias. Net curtains will keep a lot of light out and this will deter flowering plants, so a foliaged plant of green leaves is going to do better, Ivies and Ferns will do well, but do not try variegated leaved plants as the shortage of light will make them irreversibly green. Artificial light is useful for some plants as a supplement in the evening. Fluorescent light is particularly beneficial to African Violets. In a greenhouse or conservatory, light will come through the angled roof so plants should be placed high up on shelves. Check all supports to stop rocking of trees, etc.

FLOWER POWER!

Langwith Bassett Garden Club held their August meeting at the Community Hall, Upper Langwith on Wednesday 12th August.

38 members attended for this month's surprise event – a flower arranging workshop hosted by our member, Christine Fretwell. Christine demonstrated the arrangement and asked all members to produce, not a twin to the one she had demonstrated – but at least a cousin!!!!

Much amusement and merrymaking was had, particularly amongst the male members of our group, however, the most amazing arrangements were presented at the end of the evening and were judged by local flower arranger and demonstrator, Mavis Allin. Flower arrangements were divided into novice and experienced classes and the results were:

Novice: 1 - Teresa Smith 2 - Lesley Palmer 3 - Doug Palmer
Experienced: Joan Ball

New and old members are welcome, the Garden Club meets at Langwith Bassett Community Hall on the second Wed of the month (not Nov) 7pm.

6th September - Garden Club Show and lunch afterwards.

9th September - Guest speaker, Andrew Ward, Delightful daisies

Landscape of Warsop

The event marked the culmination of many months of work by pupils and staff from the Meden School.

Led by Marcia Carr and supported by Karen Crossley of Engaging Training, eleven pupils aged from 11 to 16 years of age gathered photographs, video and audio recollections. These detailed the changing landscape of the Warsop area through the ages. They were submitted by the public and also collated through interviews and informal gatherings.

On the evening of the 4th August, over 40 people gathered to view an exhibition featuring a DVD and display boards. This material will soon go on display across the area at libraries, care homes, schools and other venues.

Kev Keegan, Extended Services Coordinator said, "This Lottery funded Landscape Project has been a great success; combining education, the private sector and the general public in an informative and innovative way. I feel that everyone should be proud of what they have achieved and I hope that the public supports this great programme, by coming along to see it."

Sookholme Road Footpath

Visitors to the John Fretwell Sporting Complex can now get there more easily and safely, thanks to a path that was officially opened on Wednesday 12th August.

Pictured is Peter Crawford (Cllr for WPC & Mansfield District), Peter Harvey Manager for JFSC and Cllr John Allin, NCC.

The path, which runs from the A60 for 550 metres beside Sookholme Road and has street lights, will help people visiting the John Fretwell Sporting Complex. It has been funded by £150,000 from Nottinghamshire County Council's Building Better Communities scheme and built partly on land donated by David Bowring of Bowring Transport.

Most of the work, which included improvements to the road's drainage, was carried out from February to June. The street lights will be connected later this year. The work was carefully planned to avoid damaging the habitat of birds, insects and water voles along the nearby River Meden. Councillor Richard Butler, Cabinet Member for Environment and Sustainability said: "The purpose of the Building Better Communities scheme is to make local improvements that local people want. This path is a good example of that and I am particularly pleased that the needs of wildlife along the nearby river were taken into account during construction."

Councillor John Allin, who represents the Warsop electoral division, said, "We are extremely grateful to Bowring for donating some of the land needed to build this path. Warsop people needed a path to get from the A60 to the John Fretwell Sporting Complex as, previously, there was only the grass verge or a dangerous stretch of road to walk on and there were no street lights. The path beside Sookholme Road will make that walk safer and more pleasant, especially in winter."

Warsop Walks 10

This walk is a circuit around Church Warsop, taking in Collier Spring Wood and a path along the parish boundary that was only officially declared a public right of way in July 2009. It covers a variety of woodland and gives fine views from the higher ground of Cuckney Hill.

Directions

Start at the bridge onto The Carrs near to the telephone exchange building opposite Hett's Lane. Head straight across The Carrs along the concessionary cycle route (FP2). Follow the path across the field and then alongside the hedge towards Church Warsop.

When the road is reached cross the main road and take Wood Lane opposite. After about 50 metres take the entrance on the left between the playground and Woodside Hall. Keep to the left around the football pitch then follow the path to the right behind the Miners' Welfare.

Leave the green through a metal squeeze stile and turn right onto Gipsy Lane (BW7) - the bridleway that runs beside the Welfare. Turn left when you reach Wood Lane. When you reach the woods on the left take the path into the woods, keeping close to the left edge of the woodland until a main path leaves to the right. Follow this path as it runs parallel to the disused railway and joins Wood Lane at the "broken bridge". Turn left and follow Wood Lane through the remains of the bridge and then take

This section of the path passes through Nether Langwith and Cuckney parishes. The boundary with Warsop is marked by the hedgebank on the right.

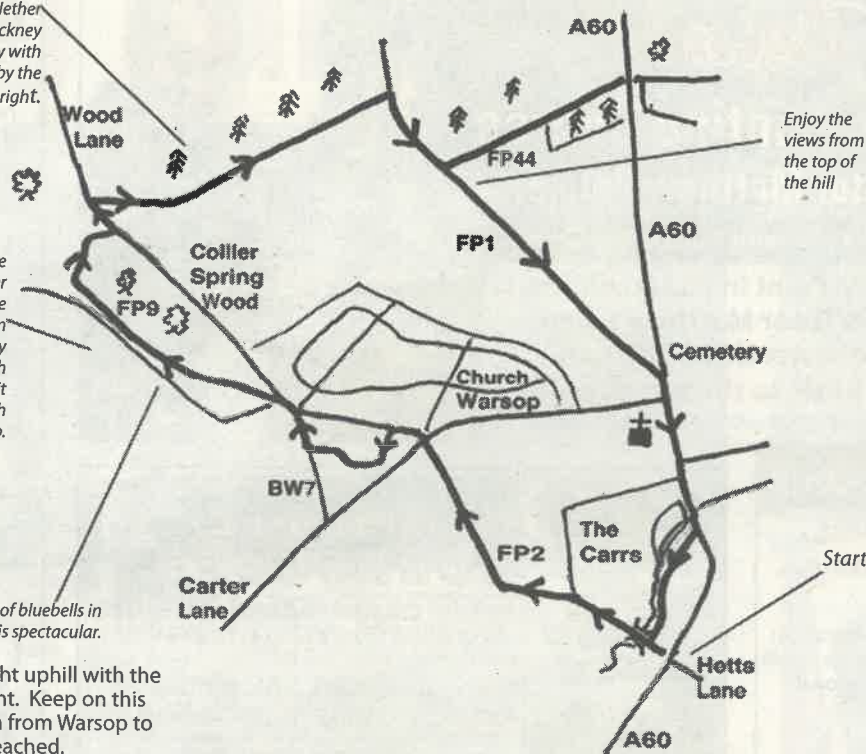

The meandering route of the paths in Collier Spring Wood make more sense when you see how they once joined up with Spring Lane before it disappeared beneath the pit tip.

The display of bluebells in spring is spectacular.

the turn on the right uphill with the hedge on your right. Keep on this path until the path from Warsop to Cuckney (FP1) is reached.

Turn right along the forest track until the path (FP1) leaves the woods and heads across cultivated fields. If conditions are dry continue on this path but you may opt to turn left onto FP44 to the top of Cuckney Hill and walk down the A60. The alternative routes converge at the kissing gate opposite the cemetery. Follow the A60 past the church, cross the Mill Dam and walk alongside the River Meden back to our starting point.

This walk is just over 5 kilometres (3 miles) and should take between one and two hours.

Warsop Walks Update...

FREE In Step Walks

Short walks around the Mansfield area and surrounding district all year round, led by trained volunteers, a fun way to improve your health and make new friends.

October 2009 - all walks start at 10am

On every First Wednesday of the month we hold a luncheon club at Rumbles Restaurant, Vicar Water, Clipstone. Everyone Welcome.

For details contact Christine Johnson Walk Leader - Tel: 01623 428578

Warsop Footpaths & Countryside Group

Good news on the rights of way front. The route from the broken bridge on Wood Lane at Church Warsop to the top of Cuckney Hill is now all along public footpaths.

On July 7th the order was made to create Nether Langwith Footpath no. 13 and Cuckney Footpath no. 7, removing the missing links. Thanks to all who submitted evidence about their use of this path and also to the Definitive Map Officer at Notts County Council. Look out for the guide to Warsop Walk 10 that uses the new paths and could not be included in the walk packs we published last year. The walk pack should still be available from Warsop Library and if you already have a pack and would like the new route get in touch with us. It should also be on Warsop Web soon.

Our damp early summer has encouraged many species of fungi to appear earlier than usual. Hopefully this will lead to a superb display this autumn although most of my predictions have been inaccurate this year so they will probably be scorched by a heatwave or washed away by floodwater!

The Footpaths Group should by now have completed the grass cutting along our footpaths for this year. In fact, the grass grew so rapidly this year that we had finished our official programme by the end of July but most paths will have received at least one extra cut. We can now move onto our winter tasks which involve hedge cutting, replacing signs on the paths and conservation work. If you

You can contact the Secretary on 01623 846281

WF&CG is a community group whose members share an interest in the countryside. We maintain the public footpath network in Warsop, we undertake conservation projects and we provide information about the local environment.

are interested in any aspects of our work or would like to join us on a work day please contact us on the number below.

You may have read about how Hanger Hill on the Warsop-Edwinstowe boundary was previously named Thynghowe due to its use as a meeting place around a thousand years ago. Research by the Friends of Thynghowe group into similar Norse assembly sites to Thynghowe has revealed a Ting on National Trust land near Little Langdale in the Lake District. A search for more details about the Thing at Dingwall near Inverness revealed their council's links with the proposed Thing Sites Network involving similar sites in Norway, Iceland, the Faroe Islands, Shetland, Orkneys, Scottish Highlands and the Isle of Man. Initial contacts with this network could result in Thynghowe's involvement in this project. It has been suggested that these parliamentary assembly sites across Northern Europe should be regarded as the birthplace of modern democracy. It will be fascinating to discover our place in this story.

The next Footpaths Group walk will be near Wirksworth in Derbyshire on Saturday October 17th. We will travel by minibus, leaving Warsop Library at 9:15. Please get in touch if you would like to join us.

Bird Notes...

Hello fellow Warsopians, both near and far!

It's exactly the middle of September as I'm writing this and what a glorious time of year it is. The birdwatching is fantastic, with birds of prey sightings pretty much daily. Mostly sparrowhawk and buzzard, though a brilliant view of a food pass between two hobby (s., ies.,??) was a thrill for myself and the two friends who were with me. Though they were, I admit, perhaps not quite as beside themselves with awe and wonderment as I was, but nevertheless they did seem suitably impressed.

The hobby is a very sleek looking, migratory falcon that spends the winter in Africa, they predate on small birds, particularly martins and swifts and also, strangely, dragonflies.

It is not a common species at all and a view of one is always most welcome and we saw TWO, ...TOGETHER! ...DOING A FOOD PASS!...AND THEY WERE CALLING TO EACH OTHER AND EVERYTHING AND...(sound of a van drawing up and men in white coats gently leading me away)

Anyway ... Another sighting of a bird of prey that got me pretty revved up (calm down) was on my own back garden. A dark brown, long tailed raptor-instantly as it dashed across my field of view, I thought sparrowhawk! But just before it disappeared from view, it showed a gleaming, white rump and this made me stop and question my initial identification. This continued to play on my mind for some hours, eventually I was forced to consult a much higher, more esteemed birdwatching power-namely my mate Dave. (No not that one, a different Dave- one with a beard, he is a birdwatcher after all). Dave, the one with the beard that is, confirmed to me the "possibles" along with the "probables" all of which I'd already thought about to be honest. Not that long a list really, just a few species, all of which you'd be more than happy to see anywhere, let alone on your garden.

Two of the "possibles" were proper goodies with one of them being extremely rare, though both were to be honest pretty unlikely. The upshot of all this is that I could have seen something really good but because I didn't make some kind of note at the time of more than the white rump, I'll always be guessing to what exactly I saw-how long it's tail was, the shape of the wing, the colouration of the facial area-you see in my mind's eye I'm subconsciously making it look like the rarer species on the list. So it gets filed under "Cuddabin".

The moral of this story is if you see a bird that seems unfamiliar to you make a note of what makes it different from what you expected, or even a rough sketch of the bird as soon as you can, straight afterwards; if not at the time, because if you don't the details will get sketchier as time goes on. So be a good birdwatcher and write it down.

Have you started feeding the birds yet? Well worth doing. For them and for you.

The best of Autumn Birdwatching to you - B.A.

Learn how to Paint

Exclusive Watercolour Painting Course

With Professional Artist & Tutor Matthew Palmer

Tutor of Warsop, Mansfield, Sutton-in-Ashfield & Langwith Watercolour Groups

Welcome to the exclusive Learn How To Paint in Watercolours, Course with Local Professional Artist & Tutor Matthew Palmer.

The course is exclusive to Warsop & District News and will run in every issue. Starting with the basic to the advanced.

SAVING EACH ISSUE'S LESSON WILL GIVE YOU A COMPREHENSIVE WATERCOLOUR BOOK.

LESSON 5 - SHADOWS IN WATERCOLOUR

Shadows are without question the most important part of a watercolour painting... giving life to flat paintings

To understand how to paint a building, you must first learn about shadows. Applying a shadow to an object will bring it to life. It will bring a 2 dimensional object to life, and make it 3 dimensional.

(Pic 1) Shows you how a 2 dimensional box, can be brought to life by applying shadows.

FOLLOW STAGES 1-3 TO TURN A 2 DIMENSIONAL BOX TO A 3 DIMENSIONAL BOX

Stage 1

Draw this simple cube shape & paint it with the YELLOW OCHRE. Allow to dry

Stage 2

Use your NUMBER 5 BRUSH and mix the following colours, YELLOW OCHRE, GREY (mix ultramarine blue with a touch of alizarin crimson and a bit of yellow ochre).

Stage 3

Next apply another WASH of the GREY COLOUR but only on the left hand side of the box

Apply a WASH of the GREY COLOUR as show above. Allow to dry.

NOW TRY TO PAINT THIS CYLINDER, USING THE SAME TECHNIQUE.

Pic 2. A cylinder

LIGHT SOURCE

The shadow technique, detailed above will work on any object, whether it be a house or a post. All objects have a darker and lighter side to them. Setting a LIGHT SOURCE will help you determine which side is light and which side is dark or which side is lit by the sun and which side is not.. (See page 3, Drawing Techniques)

Indicate your LIGHT SOURCE at the beginning of the painting, while you are drawing the scene. (Pic 3) shows a symbol you can use. Draw this in the appropriate place, on your paper.

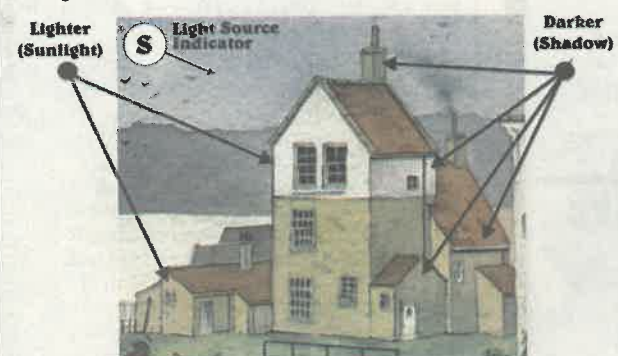

Pic 3. Light source symbol

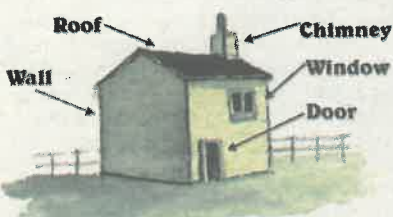

Every object the arrow hits is lighter or in sun light and everything it misses will be darker or in shadow.

Adding a LIGHT SOURCE symbol is more important when painting from life, rather than painting from a photograph. Because the light changes the position of the sun changes, and this will determine where the shadows are.

(Pic 4) Show a detail from a painting, and indicates the light source, sun light and shadows.

Pic 4. How a light source works

A Shining Summer

Shine (Meden Family of Schools Extended Service) ran a number of sessions throughout the summer holidays.

These were aimed at children from 0 to 19 years old. Working alongside Mansfield District Council, Warsop Children's Centre, The Youth Service, schools and other providers Shine delivered its biggest ever programme.

Activities included games, sports, swimming, climbing, science, dance, BMX'ing, mountain boarding, drama, music and a residential trip to Walesby Forest. Kev Keegan, the Shine Coordinator said, 'The attendance was great and all of the young people had a brilliant time. Shine is now working hard on planning after school sessions across the Family of Schools, as well as putting together activities for October half-term.'

This is an exciting time for this community and we have already achieved loads. It just shows what can happen when services work together to provide the best that they can. My hope is that every young person takes part in what we are offering.'

If you are interested in Shine and would like to know more please get in touch on 07590 849286.

Mansfield Wheels Cycling Experience

Awards winners show off their Young Sports Leader certificates after taking part in the 4 day cycling experience.

In partnership with Shine and British Cycling, Mansfield Wheels put on an action packed, 4 day cycling experience for local young during the summer holidays.

The programme consisted of both mountain biking and BMX racing. Whilst taking part the young people had the chance to work towards their Young Sports Leader award in wheeled sports.

The project was a huge success, one which we hope to repeat next year. It demonstrates that organisations working together can offer much more to our community.

Watch out for more Shine projects coming soon

Reducing Under-Age Drinking

The binge-drinking culture developing in our neighbourhoods, and British culture as a whole, is a source of concern to many of us and no more so than when it involves young people. Many of our communities have set this issue as a local policing priority and Warsop and the villages are no exception.

From a health perspective the damage caused by under-age drinking is done wherever the drinking occurs, at home or in public, but from a policing perspective the complaints we receive relate to young people drinking in public, often on parks, and the anti-social behaviour, which is generated as a result. These issues are also the source of many complaints to local elected representatives and other agencies.

So what is the real problem? If we're honest, most of us can remember having had an "under-age" drink or two in our youth. What seems to have changed is the binge-drinking culture which often sees, where young people are concerned, groups of teenagers getting paralytic on our public parks and then – as with most people who drink to excess – losing their inhibitions and becoming loud and possibly aggressive and abusive. The crime and fear of crime issues which arise are obvious. People avoid parks and places where these youngsters gather and there is a raised risk of drunken teenagers causing crime and behaving out of character. There is also a greater risk of them becoming victims of crime as their judgement is impaired. The health risks, being longer-term, are often overlooked.

With their bodies still developing, young binge drinkers are at greater risk than adults of problems associated with liver and kidney disease and memory loss. Only recently the debate on transplant ethics was ignited by the case of a young man and whether he was deserving of a liver transplant. The cause of his liver failure was cirrhosis caused by him being an alcoholic from the age of just thirteen and he still had alcohol problems, which doctors feared would destroy the valuable gift of a donor organ. Another case highlighted in a national newspaper only recently detailed a fourteen-year-old girl having been given an ASBO because of her behaviour whilst in drink. She spoke of her desire to reduce her drinking habit to two cans a day, which would be hard for her to achieve. The sad thing was that sober, she was a girl who liked working with children but due to drunken assaults on a number of people including police officers the chances of that becoming a career were pretty poor. Another health consequence of excessive drinking is teenage pregnancy and sexually transmitted diseases. The loss of inhibitions caused by alcohol abuse frequently leads to young people making poor choices which they later regret. If a young woman isn't in a position to give consent due to drink and the situation is taken advantage of, that's rape. It's a sad situation and one we as police officers see all too often.

What then can we do about this problem? The first and biggest part of the solution lies at home with the most valuable of all our community partners – parents. If your child is sneaking back home after meeting up with mates then ask yourself what they are avoiding. It might just be a parent who will smell drink on them. If your drink is disappearing from home faster than it should be then consider the possibility that your child has taken it. Shockingly, when a group of local children were spoken to recently about their alcohol consumption, 75% had taken their alcohol from home. Far too many had taken it with the knowledge of their parents. If you know or suspect that your child is taking alcohol from home then it's your job to say no to your child. As police officers, we get pretty tired of having to parent other people's children. It's the job of parents to get a grip and enforce some discipline and respect, for self and others, and it's best done when the child is sober, not when we are picking up the pieces of a bad night out.

As any parent with a teenager knows, they hold the contradictory views that you were born yesterday but couldn't possibly have ever been young once. You certainly could never understand them, but most teenagers who are drinking too much don't want their parents to know and don't really want to think about the long-term health risks. It needs that parent to point out the pitfalls.

We have also repeatedly found that adults are "tapped up" by young people to go into off-licenses on their behalf. How hard is it, when asked, to say "sorry I can't do that" or "I can't afford the fine if I get caught" and keep walking? Adults who supply alcohol to under-age children can be fined on the spot, as can licensees and shop assistants. Only recently an employee of an off-licensed premises lost her job and was fined £80 for selling alcohol to a

juvenile. Police officers, PCSOs and council wardens will be paying particular attention to alcohol hotspots in the area and we will be looking for under-age drinkers to ensure that their parents are aware of what they are up to. I'd just ask for parents' support if it's their child we find.

Criminal Damage

Approximately 6 weeks ago a large number of criminal damage incidents occurred causing local residents and business unnecessary cost and annoyance.

The majority of damage has been caused to vehicles having their window screens damaged causing the owner to pay for the damage to be repaired and take unpaid time off work. In addition to the vehicles a number of shop front windows have also been targeted. Stones have been thrown at the windows causing them to smash and be completely replaced. Why people feel the need to cause this type of damage is beyond belief, people leave their vehicles and shops locked up and secured hoping that they will still be safe when they return to them. I have made several arrests over the passed few weeks and have managed to identify who the main ringleaders are. There is still a few more that I still need to arrest and deal with but the amount of damages reported have certainly become less frequent since this spate occurred.

I'd like to close by saying that the vast majority of young people are decent kids and we need to have some faith in them. Yes, they can make mistakes and they do need rules and boundaries but they are also the businessmen, policewomen, teachers, IT experts and councillors of tomorrow. We just, all of us, need to get them there safely.

PC 242 Wayne Bennett

'Booze ban' at anti-social behaviour hotspots

Drinking alcohol at designated anti-social behaviour hotspots across the Mansfield district has been banned, under tough new measures to reduce alcohol-related disorder and create a greater 'community-friendly' atmosphere in public places.

Designated Public Places Orders (DPPOs) came into effect on 1 August, meaning that the Police and Mansfield District Council's Neighbourhood Wardens have the authority to confiscate alcohol from anyone found drinking it in public places covered by the orders.

Anyone who refuses to comply with a request from a Police Officer or Warden to surrender alcohol in the designated areas is committing an offence and could be arrested and/or issued with a fixed penalty notice.

Every ward in Mansfield has had at least one part of it designated as a DPPO area, with a total of 24 separate parks, residential areas, town centres, shopping parades and open spaces covered by the orders.

Amongst the areas covered by the new DPPOs are:

- Mansfield Town Centre, including the market place, all the main retail areas, car parks, bus station and railway station.
- All 14 of Mansfield District Council's parks (including The Carrs and Carr Lane).
- A large part of Meden Vale, including Egmont Road, Elkesley Road and the football and cricket grounds.
- Parts of the Ladybrook Estate, including the streets, school grounds and playing fields around Armstrong Road and Somersall Street.
- Parts of Forest Town, including the Garabaldi Estate, the Avenues and Forest Town Miners Welfare sports grounds.

Mansfield District Council has erected more than 100 signs in the areas covered by the DPPOs, informing the public about the restrictions and possible penalties.

The areas have been selected by the Council in consultation with the Police and local communities, based on the number of drink-related disorder incidents or potential for drink-related disorder caused by displacement.

The DPPO restrictions do not apply to outdoor drinking areas, beer gardens or special events that have been licensed by the Council.

Full details on the DPPOs and a map of the areas covered in each ward in the Mansfield district can be viewed on-line at www.mansfield.gov.uk/dppo

The Rotary Club of Warsop

Club Meetings

The club met on Thursday 10 September at The Hostess Restaurant.

President Peter Harvey chaired the meeting which was attended by 25 members. The speaker was the District Governor Tony Stimpson of the Keyworth and Ruddington Rotary Club. Amongst his themes for the future year he pointed out that the Rotary movement were set on eradicating polio from the world. Only four countries still really have problems and in an effort to make a final push, Bill Gates of Microsoft has pledged \$200 million initially provided Rotary would raise \$100 million. To date the total raised has been \$93 million. Bill Gates has also pledged a further \$155 million if Rotary can raise another \$100 million. The club have a walk for polio on 2 May 10 starting and finishing at Radmanthwaite, Pleasley at the home of Rotarian Steve Garner and wife Jen as part of the effort to raise funds for this worthy cause for Warsop Shirebrook and District. More details in the future.

Photo Birchalls

Other guests were Tom Birchall who with his brother Ben last week won the world motor cycle and sidecar championship after a gruelling season finishing off at Le Mans in France. Tom and his brother are Mansfield lads who will speak to the club in the near future. The other guest was Philip Harvey son of President Peter.

Award of the Paul Harris Fellow to Rotarian Graham GOFF Rotary Club of Warsop Shirebrook and District.

For those who are not aware Paul Harris was the founder of Rotary and a Paul Harris fellow is a Rotarian who through exceptional service has his or her work acknowledged by presentation of a Paul Harris fellow.

One such recipient was Rotarian Graham GOFF who was recently awarded a Paul Harris Fellow by outgoing president Rob Pasierb. Unlike many of these awards, this one was not given at the club, but at the President's 'In and out party', when the pomp and circumstance of the occasion was not the main point of the event, so Graham could dwell on the award all afternoon with his Rotarian 'family'. Graham joined Rotary many years ago and was inducted by the then president and founder member Barry Wetton. The meetings were then held at the Station Hotel at Shirebrook and his sponsor was the late Bob Parsons.

Most of the members were local businessmen and long standing members of the community e.g. Peter Spencer (now honorary Rotarian), Peter Wilkinson, Barry Ellis, David Bradley, Bob Griffon, the Wetton Brothers and of course Uncle Eric Townroe.

A worthy honour to such a nice guy.

5th Community Mini Bus

The Rotary Club of Warsop Shirebrook and District received its fifth Mini bus for community use from the Brent Clarke Foundation.

The original Minibus was presented to the club in 1989. Any club or organisation within Warsop Shirebrook and District may have the use of the bus for £15 per half day and £25 per day plus the cost of diesel. The use of the bus is managed by Anne and John Benison of Welbeck Service Station at Meden Vale telephone 01623 842025.

Front row Peter Harvey President, Assistant Governor Noel Harrison and Alan Kelly of the Brent Clarke Foundation who formally handed over the bus.

limestonenews

update from Limestone House, Creswell

Limestone House, a Multipurpose Centre at 50-54 Elmtown Rd, Creswell, is the Registered Office of the Charitable organisation Elmtown & Creswell Village Company. The aims of the Village Company are to work towards the regeneration of the former mining area. The Centre houses a Heritage Centre, a Nearly New Shop, a Coffee Shop, a Training and Education Centre, a Second hand Bookshop also Advisory Services including the Family Employment Initiative (giving support for Training and Employment) and the Derbyshire Unemployed Workers representative (for advice on Benefit issues etc). Village Company Clubs include a Wildlife Club and a Genealogy Club. The diverse work at Limestone House is undertaken by Volunteers and anyone interested in becoming a Volunteer for a few hours a week, or more, should contact Julie Holling on 01909 724061.

Creswell Resource Point at 20 Elmtown Rd, Creswell is a second Education and Training Centre, owned by the Village Company and it has recently been revamped thanks to grants from the Coalfields Regeneration Trust and ESF Community Grants (through Derbyshire Learning and Development Consortium). Key equipment, purchased through these grants for a Sound Studio and Photographic Studio, has enhanced the Multi Media Studio in this building. Anyone interested in future training courses or future use of the Sound Studio should contact 01909 724061.

The Village Company requires 3 Volunteers to each work 5 hours a week (flexible if necessary) to form a Learning Champions Team. This will be rewarding work to support Learners to address their training needs and to achieve attendance of their chosen Training and Education programmes in the above buildings. The Learning Champions will be trained before this work is undertaken.

Free Transport is available for both Learners, Learning Champions and Volunteers thanks to a grant from Alliance SSP. More information can be provided by Julie Holling on 01909 724061

Meden Vale *The Future*

Registered Charity No. 1115359

The 47th meeting of Meden Vale the Future was held at the Village Hall on Monday 6th July 2009 at 7.30 pm. 6 members of the Committee were present plus 1 Representative from Welbeck Welfare Football Club, 1 Representative from NCC, 2 Representatives from Fundsport UK, 2 Representatives from the Police and 1 Representative from West Notts College. There were 3 apologies.

Fundsport UK advised that the project was now in its final stages. All necessary paperwork has been submitted to the relevant funders for their August meetings. Therefore it was envisaged that by mid September the monies should be committed. The Chairman enquired as to who is responsible for paying invoices and it was stated that monies would be paid into a Project Trust account at Welbeck Miners' Welfare as and when claims by contractors were submitted.

The second meeting of Welbeck Colliery the Future was held on 17th June. The Chairman advised that currently the site will revert to its original agricultural use, however, all interested parties including the relevant councils, land owner and current occupier were not adverse to industrial and commercial development with the key objective of providing local employment. The site was considered to be ideal because it is effectively screened on all sides. It was agreed to invite John Mann MP to the next meeting to seek his views on the possibility of finding a 'lead employer' to initiate any development. The next meeting was arranged for 26th August at 2pm.

The Treasurer reported that £500 had been received from the Charity Shop and Warsop United Charities had promised a grant of £500 for this year. The loft insulation work had been completed and paid for.

The 48th meeting of Meden Vale the Future was held at the Village Hall on Monday 3rd August 2009 at 7.30 pm. 7 Committee members were present, 1 Representative from Welbeck Welfare Football Club, 1 Representative from West Notts College and 2 Representatives from the Police. There were 4 apologies.

Fundsport UK were unable to attend this meeting but had indicated they were still awaiting the outcome of the funding agencies panel meetings.

The Treasurer advised that the annual audit had been completed and was in order. Copies are available for inspection by interested parties. The Representative from WNC produced the Community Course Guide for the following year and courses for cake decorating and paediatric first aid were included for Meden Vale.

The Police Representatives reported that the Friday night Youth Club for the under 13's was proving successful and was to continue.

Next Committee meeting will be held on Monday 7th September 2009 at 7.30 pm at the Village Hall. All welcome.

Please contact the Secretary, Kay Walker on 01623 844282 for further information.

The Rotary Club of Warsop

have a 16 seater self-drive mini-bus for hire to any community groups in the parish including youth groups, schools or charities.

The rates are:
£15 halfday
£25 full day
£100 for the week

For more information please call: 01623 842025

Warsop Community News...

Warsop Inner Wheel

President Anne Lyons hosted the September meeting on Wednesday 2nd September 2009 at the Hostess Restaurant, Sookholme with 26 members and 2 guests. 14 members apologised.

President Anne opened the meeting with a warm welcome to guests. Speaker for this evening, Sue Billings and Jan Strachan. President Anne began the evening by inducting Jan Strachan to be an Honorary Member of Warsop Inner Wheel. Jan has been a supporter of Inner Wheel for many years and now wishes to contribute more as a member, many members know Jan and we welcome her cheerful enthusiasm to be part of our team. Jan gave us a wonderful acceptance speech and told us a little bit about her life so far.

Our Speaker for the night, Sue Billings, spoke to us about the "Vicardale Flock" which is a flock of rare breed sheep who live on Vicars Water, Clipstone, better known to most of us as Clipstone pit tip!!! Sue talked about looking after the sheep and how the wool from their coat was spun into yarn, in fact a couple of members had a go with the spinner, and she then explained how to dye the wool using natural fruits, very interesting. The Vote of thanks was given by Julia Wright.

Anne gave her President's report and thanked everyone who helped and supported the Garden Party held at her home in August. She has reserved a sapphire building block with Rainbows Hospice with some of the money generated from charity functions so far this year. Jean Nock gave the secretary's report and forthcoming events. Gloria Humphrey gave the up to date treasurers report.

Lesley Palmer gave a brief report for overseas giving details of fundraising events to be held over the next few months including:

- A Sandwich Lunch at the home of Gloria Humphrey on 9th September.
- A concert by Julian Clef at the Crescent Centre Mansfield on 20th September.
- An Inter Club Overseas Sandwich Lunch at Oakland's Centre on 10th February 2010 – speaker will be Reverend Paul Lawler.

Lesley also reported that the Police Aid Convoy team would be at the depot at Meden Vale on the 1st weekend of each month if anyone has anything to donate to their cause.

Christine Fretwell gave the charity report; she reported that the Garden Party held at the home of president Anne had made a staggering amount of £1413.45 to go towards President Anne's chosen charity, Rainbows Hospice.

Our next charity event is the Fashion Show on 28th September to be held at the Hostess Restaurant. Tickets are £5 and are available from any Inner Wheel Member or the Hostess Restaurant, or pay on the door, the proceeds from this event will be split equally between Rainbows Hospice and The League of Friends.

In October we will be having a tombola stall at Thoresby Craft Fare and once again we look forward to seeing many people who support us there. The meeting closed at 10pm

For any information about Inner Wheel visit our website: www.warsopinnerwheel.co.uk

Sue Pasierb
Club Correspondent

Warsop Hospice Support Group

The group held their AGM in July and we were able to report a successful year. Many thanks to all who support us so well. On behalf of Warsop people we are able to send £3,000 to the Hospice this year. Our next event is on Sept 15th (Tuesday) – a concert given by Ian Bruce who was unable to come last year because of ill health.

Warsop Wives' Group

On July 7th we held a hospitality evening in the Tudor Barn. We had visitors from Spion Kop Ladies Group, Mansfield Woodhouse Cameo Group and Mansfield Woodhouse Triangle Group. We had a buffet supper and drinks, a free raffle and various quiz and bingo games. On July 21st Mr K Gibson came and showed slides and talked about Houses and Gardens of the National Trust. On Aug 4th we welcomed Dale Priestley and Gareth Dallison from the Fire Brigade. They spoke about fire precaution and showed various items of the kit they have to wear. On August 18th we enjoyed a quiz and bingo evening. On September 1st we held our Harvest Festival at the Parish Centre. Rev Paul Lawlor gave a service and Philip Pendered-Wright provided the music. The produce was auctioned afterwards and raised £51 for our charity fund and a donation was given to Paul for the Church funds. Future meetings are September 15th A.G.M., September 29th MacMillan Coffee Evening, October 13th Crafts with Carol Barker.

I. Hodgson

Celebrations at Meden

The Meden School and Technology College in Warsop is celebrating its best ever GCSE results.

The school improved its 5A* to C grades by over 20% to 66%. The results for 5A*-C grades including English and Mathematics also improved dramatically in 2009 with an increase of 8% on last year. 98% of Meden students left school with academic qualifications; most of them with at least 5 GCSE passes.

This is a remarkable achievement and is down to the hard work and dedication of the whole team who pulled together to provide academic and pastoral support second to none. It was a real team effort.

The students' time and effort and their self-belief paid off. The culture of 'can do' at Meden lifted their aspirations and gave them the confidence to approach their exams with a determination to succeed. At A level the picture is an improving one too. The average point score per student improved by 50+ points and the AS level results indicate that next year we will have an even better set of grades.

We are immensely proud of every one of our students; they did very well indeed!

They Haven't Changed a Bit

Pete and Sue Deeming celebrated 50 years of marriage with their family at the China Rose Chinese Restaurant at Bawtry.

They've lived in Warsop all their married life where they raised three children, Steve, Carol and Carl who are still very much in their lives, not to mention their five grandchildren for whom they help and spend time with. When they aren't doing that Pete attends his allotment and enjoys a pint and a chat with his friends at the pub. Sue when she actually finds the time for herself, is an active member of Warsop Wives. Carol, Barrie, Ash and Charlotte, Steve, Jackie and Harriet, Carl, Michelle, Macy and Jani wish them love, health and happiness for the next 50!

Men Behaving Dadly

A group for dads, grandads and male carers of children under 5 years of age have been meeting in Warsop Children's Centre every second Saturday of the month.

Sometimes if a young child has older brothers or sisters they come too. The group is called 'Men Behaving Dadly'. It is time for dads and their children to play together without others getting in the way. Every dad, grandad and male carer who has come to the centre has been very impressed with what they have found. Sometimes people think that dads won't come to the children's centre because they are not interested or not confident.

Many dads have proved this is not the case. The reason many dads don't come is because they don't know about the group and what it offers. So if you know a dad, grandad or male carer, who has time on a Saturday morning and would like to spend it with their child, tell them about the group.

The group allows you to enjoy interacting and playing with your children and there is always a large range of activities which keeps the kids interested.

If you would like the Men Behaving Dadly booklet or more information about any other opportunities in the Children's Centre please contact us.

The Sky's the Limit!

So how DO you measure the density of stones at an ancient site such as Stone Henge?

Just ask any one of the 28 intelligent 10-12 year olds who attended a specialist gifted and talented summer school at The Meden School and Technology College between 17-21 August and they will explain!

The week-long event, devised by Lead Teacher for Gifted and Talented Provision at The Meden School, Tina Sherwood, and supported by Birklands Junior Schools' Assistant Head, Stuart Moody, took a look at a most unique subject for school children Archaeoastronomy: the study of Mankind's relationship with the skies down the ages.

Throughout the course, the pupils, nominated by their teachers from The Meden and six local primary schools, for their exceptional proficiency in Mathematics and Science, undertook scientific investigation and analysis using skills normally reserved for A' level Mathematics and Science and degree level Archaeology students!

Day trips to heritage sites Arbor Low and Nine Ladies, in Derbyshire and to the laboratories and observatory at Nottingham Trent University proved to be very popular with all who attended, giving pupils the chance to raise aspiration and broaden their horizons.

The course was expertly delivered by Dr. Daniel Brown of Nottingham Trent University and Natasha Neale and Robert Frances from CELS (Centre for Excellence in Learning Science, based in Nottingham Trent University)

New knowledge was presented to an invited audience in excess of 100 guests at a grand celebration held in The Parish Centre, Church Warsop, where pupils delivered their personal view of the week's studies in a variety of ways including poetry, drama and construction. Guest speaker, Madeline Cox, FRAS, commented on the exceptional quality of learning and delivery and presented each person with a variety of 'goodies' to encourage further study, including a year's subscription to Starlight News, a young

astronomer's magazine. Ms. Cox was presented with a bouquet in appreciation of her attendance by Matthew Vale, aged 11.

The celebration was concluded with expressions of praise and thanks from The Meden School's Head Teacher, Kate Reid and Notts County Council Advisor for Gifted & Talented Provision, John Morris, who both expressed their delight with the success of this gifted and talented summer project.

Cross Concept

At a meeting of WPRA with local councillors at Warsop Town Hall on Thurs 30th July, it was decided to put forward the cross concept no.1 for a planning application.

The concept is to be sited off the A60 at Dawney Hill, in Dorrie's Garden to further enhance the southern entrance to Warsop town centre and to complement the cenotaph which stands at the Northern entrance. Plans can be viewed at Warsop Town Hall.

Your Voice Counts Survey

Things have been moving forward and we are beginning to put together an action plan from the results of the survey to develop a Parish Community Plan for the future.

Some things will take time to before we see the results, however, we have been able to progress with some actions already. Some of the things that came out of the survey that you completed were:

Children and Young People

You asked for more activities.

The Youth Council started meeting in May and is aiming to represent the youth across the Parish. They hope to initiate projects through consulting with other young people in the area and apply for funding to execute the facilities that they would like to see.

Do look out for activities being advertised for SHINE (Meden Extended Services).

Accessibility of appointments at the Health Centres

You asked for appointments at later times for those at work.

Both late evening and early morning appointments are now being offered.

Stronger Communities

Some people commented that there are not enough activities for older people.

There is a Directory called The Little Yellow Book listing activities in the Parish for older people, this is available from the Town Hall.

Community Safety

Some people felt unsafe in their neighbourhood at night fearing Youth Anti-Social Behaviour.

The police have engaged with the youth of the Parish, organising activities for them with great success, reducing the level of Youth Anti-Social Behaviour.

There is a regular article in the Warsop & District News by PC Wayne Bennett, Beat Manager for Warsop featuring regular updates on keeping the community safe, advice for the public and what the Police Team are doing to tackle the main issues.

They also hold regular surgeries at the Library if you have any issues you would like to discuss with them.

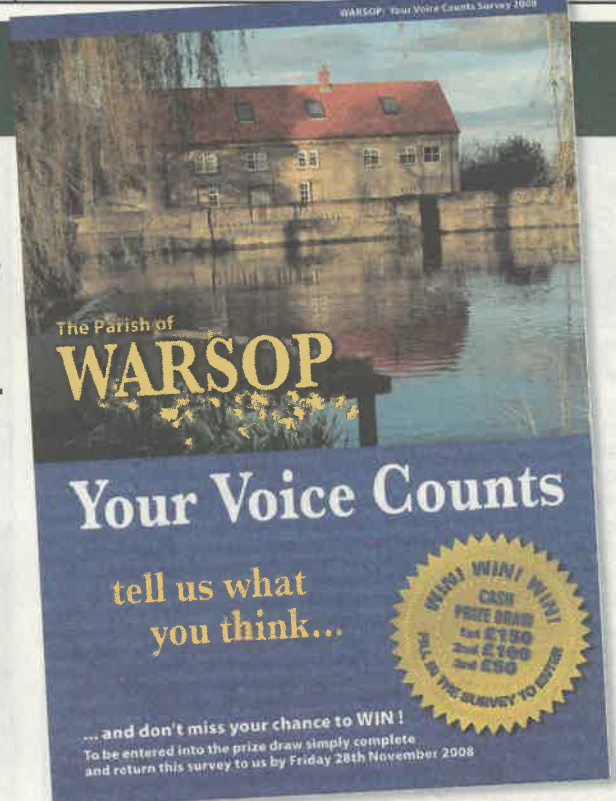

Parish Council Meeting
Held on Monday 2nd September 2009
For a full set of minutes contact The Clerk for a copy or view on-line at www.warsopweb.co.uk

Warsop Parish Council Meetings for 2009

Members of the Public are welcome to all meetings to be held upstairs in the Council Chamber in Warsop Town Hall at 6.30 pm

Monday 19th October Monday 16th November

Anyone with walking difficulties, wishing to attend any of the meetings, please contact the Clerk 3 days prior to arrange for their comments to be taken in a ground floor office.

Business Support Comes to the Town Hall

If you have been thinking about starting your own business and wondering how to take those first steps, then help is now at hand in Warsop Town Hall. Suzy Rai, Warsop's own LEO Business Coach is now residing in the Town Hall, offering free coaching and support to all fledgling businesses in the area.

Formerly the local BizFizz Coach, Suzy is now providing free and confidential coaching support under the LEO Banner. The service remains the same, access to a network of local contacts and friendly, supportive one-to-one coaching to help you realise your dreams and ambitions running your own business.

Watch this space for news of exciting new developments in the coming year, including a Wedding Fayre to promote local wedding based businesses, a new business directory being published to showcase the diverse businesses and services operating in and around Warsop and a "Shop Local" campaign to get people supporting businesses locally.

For further information contact Suzy on 07976 182739 or email s.rai@leobusiness.org or call into the Town Hall for a quick chat.

WARSOP PARISH PARTNERSHIP OPEN FORUM

Next meeting is to be held **Tuesday 13th October**
Warsop Town Hall at 6pm

Come along and hear what we have achieved so far from the results of the "Your Voice Counts Survey", where we go from here, future projects, community events, actions to move forward and funding streams available an update on the Parish Plan and of course THE FUTURE OF THE TOWN HALL.

Everyone Welcome

THE OAKLANDS

Oakfield Lane
Warsop

OAKLANDS UPDATE

The Garden Party / Open Day was a huge success. Altogether, the Oaklands Complex raised over £1000 for the Residents' Fund and Oaklands Centre. The visit from Dr Who and the Dalek was really well received. We must apologise though, to the people who's photographs didn't turn out. The Bingo nights are still going well and are still being held monthly. The Lunch Club has now re-opened after the August break and are still serving food from 11.45 - 12.45. Please come along and enjoy a credit crunching lunch.

Phillip Pendered-Wright - Centre Manager

What's on at Warsop Library

The staff at Warsop library are continuing a programme of free events for adults and children of all ages to promote the newly refurbished library.

The events kick off with a repeat of the popular pizza and manga cartooning workshop held in June for teenagers on Friday 2nd October at 5.00 p.m.

On Monday 5th October at 10.30 a.m. there will be a chance to see photos of old and new Warsop and view a DVD with memories of Warsop life over a tea or coffee. The images have been compiled as part of Meden School's Landscape project. There will be more opportunities to reminisce about old Warsop on Thursday 15th October at 10.30 a.m. when Mr L. Clark from the Old Warsop Society will be giving an illustrated talk on "Highways and byeways of Warsop"

Craft-lovers are catered for with two card-making workshops on 7th October and 4th November both at 2.00 p.m. where you can have a go at making stylish cards or other paper crafts.

To mark the 70th anniversary of the start of World War 2 on 12th November at 10.30 a.m. the library is hosting an illustrated talk by local author Kevin Robson about the Normandy landings and the role played by local Nottinghamshire men. Also in November there will be a display highlighting the war years in the Mansfield area.

For children there will be a drop in craft activity for children aged five and over on Wednesday 28th October at 2.30 p.m. The library also has regular Rattle, Rhyme and Roll sessions with songs and rhymes for under fives which will resume in October.

Pop into the library for a full programme.

Book Review

Life on air

- Sir David Attenborough

He was Controller of BBC2 (1965-68), during which time he introduced colour television to Britain, then Director of Programmes for the BBC (1969-1972). However, in 1973 he abandoned administration altogether to return to documentary-making and writing, and has established himself as the world's leading Natural History programme maker with several landmark BBC series, including Life on Earth (1979), The Living Planet (1984), The Trials of Life (1990), The Private Life of Plants (1995), Life of Birds (1998), The Blue Planet (2001), Life of Mammals (2002), Planet Earth (2006) and Life in Cold Blood (2008).

Sir David is an Honorary Fellow of Clare College, Cambridge, a Fellow of the Royal Society and was knighted in 1985. He is also Britain's most respected, trusted and lauded natural history broadcaster and writer, championing conservation and standing at the forefront of issues concerning the planet's declining species.

A lot has changed since his first television documentary, and in this updated edition of Life on Air Sir David tells us of his experiences of filming in the 21st century.

The lost symbol - Dan Brown

"The Lost Symbol" is Dan Brown's extraordinary sequel to his internationally bestselling Robert Langdon thrillers, "Angels & Demons" and "The Da Vinci Code". Nothing is ever what it first appears in a Dan Brown novel. Set over a breathtaking 12 hour time span, the book's narrative takes the reader on an exhilarating journey through a masterful and unexpected landscape as Professor of Symbolology, Robert Langdon, is once again called into action. Expertly researched and written with breakneck pace, "The Lost Symbol" once again demonstrates why Dan Brown is the world's bestselling thriller writer.

MS UPDATE MS

Multiple Sclerosis Society

Hi Folks, the Branch has had a magic summer! All our volunteers have been extremely busy either doing collections, or being involved in a variety of fundraising events. We really have been so fortunate in the support we have received. I would like to personally thank several people who have either donated prizes or have given their time, or in some cases, both - Pat and Ray Upton, Lyn Phillips, Sue and Steven Goodman, Mary and Alan Talbot, Kate, Eric and Owen Curtis, Linda and Steve Potthecary and Sandra Rogers. Thank-you so much everyone!!

In this day and age, we hear so much about young people who are constantly causing aggro, but little about those who provide help and support for those who are less fortunate than themselves. For several years now, a group of youngsters from Manor Comprehensive School, called "The All-Stars" have been involved in raising money for charities. These teenagers under the guidance of Frazer Potthecary, Robert Calladine and Nick Cummins have spent their summer doing a whole variety of activities to raise money for our MS Branch. They got me out of a nice warm bed to photograph them on a sponsored walk and help set up two car boot sales - not even my husband succeeds in getting me up before 8:00 a.m. Hey, I'm retired!!! These kids are now rehearsing day and night to put on a concert for us very shortly. A brilliant bunch!! Thanks to all your hard work, many of our members will benefit from the money you raise.

We have been collecting at both Sainsburys and Morrisons, and in November we will be doing another Tombola at Portland College. That is a marvellous venue! The staff and pupils are so welcoming and the variety of stalls is fantastic. Our monthly Socials, the second Tuesday of each month, continue to be varied in content. We all thoroughly enjoyed the Woodhouse Baronaire Jazz Band, and the Garland dancers from near Chesterfield, led by Maggie and Ian Taylor. At August's Social, Terry and Celia from the CVS helped members look at activities and services available to them in the Mansfield area. Our Events Co-ordinator, Carole, does her best to organise items that our members will find of value, and that plus a bar and a buffet, makes for a great evening at Field Mill. Coming up is a talk from Trading Standards, and an All-Star mini-concert.

Well folks, that is about it for now. We hope you are all having a good summer, even if the weather is not always behaving itself. I look forward to talking with you all again soon.

Lynne Willetts

Natural Equine Remedies

Natures remedies for your horse or pony

I hope you all had a great summer with your equines, I have had some great rides along Warsop's many bridle paths this year made especially enjoyable by my new riding partners Ross and Paul. I also have a new helper Molly who looks after my mini Shetlands, Little Bee and Jo-Jo. I would also like to say thank you to Jane who's family have turned into horse addicts this summer she is great.

Yet all to soon Autumn is upon us! A season that I love and the best season for our equine friends. If like me you have a pony who suffers from sweet itch you will be whooping with joy at the seasonal changes. I managed to control Jo-Jo's sweet itch better this year by applying benzoel benzenat at the end of February but as I have mentioned before this product is no longer available at chemists, I have been using zinc and castor oil cream for the last few weeks and noticed this contains benzoel benzoate and citronella and is only 80p a tub. I am using this on Sky's heels as a barrier against mud fever which is one Autumn/Winter ailment that is a pain, add dried nettles and garlic to feed has an internal deterrent as well. I have recently read that that Turmeric repels midges, I will be giving this a try next spring.

I am sure you have all been harvesting nettles, rosehips and hawthorn berries for winter feeds I have also found a wonderful crop of apple mint down my lane which are now in carrot bags hanging from my garage rafters drying, use carrots bags for the drying out process as the air will circulate all round.

I will give you a recap on the hedgerow herbs you can use this winter.

- Nettles - A valuable source of minerals, iron, calcium and potassium. Use as a tonic to help laminitis-arthritis-rheumatism and skin conditions. Dry out-chop up and add to winter feed.
- Rosehips-Beneficial in maintaining healthy hoofs they contain biotin. They are a good source of vit C,K and E, and useful as a liver tonic. Make into a tea, quarter cup berries to ½ litre boiling water cooled add to winter feed.
- Mint- An excellent appetizer to help fussy eaters, useful for horses prone to colic and digestive problems. Dry out-chop up and add to winter feed.
- Hawthorn- Berries, leaves and flowers used as a heart and circulatory tonic. Aids Treatment of navicular disease and laminitis. Dry out the berries and use has a tea, quarter cup berries to ½ liter boiling water cooled add daily to winter feed.

Fishing for Compliments

How lucky are we... the good people of Warsop & District to have such a beautiful place to spend our leisure time.

Perhaps the greatest virtue of The Carrs is the illusion of isolation it creates. Trees line the banks of the River Meden and creating the illusion of nature extending far beyond the park's real boundaries. Thus it provides one of the greatest gifts of a park to its urban users, that of relief from the built environment. Obviously, it wasn't always like that.

The word 'Carrs' derives from the Norse 'Kjarr' meaning 'meadow recovered from bog' and so identifies not only the original state of the land but also its subsequent use, as pasture land for the villagers to graze their cattle.

Get Ready for Christmas 2009

With Christmas fast approaching, this year will probably be very difficult for many families throughout the UK.

As we all know, Christmas can be a very expensive time of year and with kids wanting the most up to date consoles and toys, parents feel obliged to get them what they "desperately need" at whatever the cost and worry about paying for it later.

A lot of shops offer "buy now, pay later" deals that prove to be popular but are also very expensive, where you will be paying for the item for up to 5 years and long before that it was discarded to the back of the cupboard.

Another really expensive way to buy goods is with the "buy as you view" scheme, where you have a payment box attached to your T.V. and every time you want to watch T.V. you have to pay money into the slot. This scheme then works on other items that the company will try to sell you, for example; a new washer and then you pay for it by watching your T.V. To some people this doesn't sound like a bad idea, until they realise that not only are the items more expensive in the first place, they are then charged at least 49.9% APR on top of the original price, then you have to buy their expensive insurance products and the list goes on. However, if you were to purchase the same washing machine from a high street retailer with a loan from the Credit Union the actual price paid would be £423.75 (over a period of 156 weeks and a shorter term would work out even less) compared to £853.32 from Buy as you view. So it probably works out that they are paying more than double for the item.

People are also still using the doorstep lenders for loans or vouchers to buy their Christmas presents. Again, this is a very expensive way of shopping with APR's charged at extortionate rates as high as 1000%. So when the following Christmas arrives around 24% of people are still paying off the credit costs of the previous year.

At Worksop & District Credit Union Ltd we now offer the service of helping people budget for Christmas without getting into financial difficulties and to realise that you don't have to spend a fortune to enjoy the seasonal spirit and it's the season for spending time together and not just to spend money.

However, if you are considering borrowing then the Credit Union does offer loans at a very competitive rate of 26.8% APR. On a loan of £500.00 with 37 weekly repayments of £15.00 the total amount repayable would be approximately £550.00.

As the loan would be repaid within the year there will still be the capacity for planning and saving for future years with a regular Savings account or Christmas Savings account (where savings are locked away until a specific month) and spreading the cost and also, hopefully helping to reduce some of the stress of Christmas by removing the Christmas Debt to allow you and your family to enjoy the season.

For further information on the products offered by Worksop & District Credit Union Ltd or for help with Christmas budgeting and money management, please contact:

Community Gifts Awarded

Pictured is Joan Long (local resident), Cllr for WPC Peter Crawford & MDC & Cllr John Allin, NCC

Nottinghamshire County Councillor John Allin dedicates his community gift to residents of Warsop on Wednesday 12 August 2009 at the rear of Cumberland Avenue, Warsop.

The gift is part of Nottinghamshire County Council's Building Better Communities initiative which has given county councillors the opportunity to select suitable locations in their electoral divisions where they wanted to see benches or planters.

There are also benches at the top of Sherwood Street, Netherfield Lane, Meden Vale and the Library, also outside the library is a new planter.

THE ROYAL BRITISH LEGION

WANTED Poppy Appeal Collectors

Could you spare an hour to help this worthwhile cause? Helping Heroes since 1921 the work of the Legion has never been more important with injured Service Personnel coming back from Afghanistan daily who need our help. The appeal runs for a fortnight from the 24th October 2009 to the 7th November. Please ring Pete on the number below if you would like to help. We are planning a Poppy Appeal launch which will be on the front of the Police Station on the 24th October.

The Warsop and District Shoebox Appeal stands at 208 boxes and we welcome 'AP Decorators' as one of our partners. They donated hundreds of paintbrushes after hearing our troops were struggling to keep dust and sand out of their weapons. Several shoeboxes of paintbrushes have been sent out to Afghanistan. We still welcome names of anyone serving in Afghanistan to send them a box of 'goodies'.

Work is well underway in preparation for the 2009 Remembrance Parade and our Christmas Meal which is planned for the 18th December.

The October meeting of the branch will be held at 7.45pm on Monday the 12th at the Memorial Club, Bishops Walk, Church Warsop. All are welcome to attend

Return of The Arch

When Eastwood's announced it's closure, David Marriott of Eastwood's discovered the arch in their yard.

It had lain there for a number of years and clearly had been forgotten. It has appeared on many wedding photos over the years. Establishing that indeed it was the church's arch, I asked if it could be restored so that we could return it to its rightful place. Earl Engineering did the necessary work and it is now back in position. We will look to having a short rededication service later in the year.

Bethel Church Sunday School

CARTER LANE • CHURCH WARSOP • NOTTS

We would like to invite all children between the ages of 3 years and 16 years to join our Sunday school at 2.30pm to 3.30pm every Sunday afternoon.

Below are 5 reasons why our children like coming week after week.

1. We learn about Jesus and God with stories from the bible.
2. We pray for our family and friends.
3. We have fun with quizzes and games.
4. We sing songs and choruses.
5. We do activities and drawing and at Christmas we learn plays and carols.

WARSOP'S GOT TALENT 2009

WHO WILL BE THE STAR OF WARSOP 2009?

AND WIN A FANTASTIC CASH PRIZE

SATURDAY 24 OCTOBER 2009

AT THE MARKET, 43 HIGH STREET, WARSOP

Showcasing the cream of Warsop's talent

who will be competing for the title of Warsop's Talent of the Year 2009, the chance to win one of 3 fantastic cash prizes, and the opportunity to showcase their talent live on stage at next year's Warsop Carnival.

The superstar celebrity judging panel will include: **SIMON COWPAT, PIERS ORGAN & CHERYL MOLE** but the ultimate decision of who will be Warsop's talent of the year lies with you, the audience.

So don't miss the chance to vote for your favorite act

Doors open at 7.00pm
- show starts at 7.30pm

ENTRY ONLY £2.50

IT'S NOT TOO LATE...

If you're a budding singer, comedian or dancer or if you have any other talent you think would wow our judges no matter how unusual then there's still time to enter, simply email your entry to:

mwplayers@live.com

Warsop Wedding Fair Announced

If you are planning your wedding and have just started wading your way through reams of brochures, magazines and directories to find just the right things to make your day special, you will know how time consuming and draining this can be.

We'll don't panic, because Warsop is going to host its very own wedding fair with everything you need to make your day perfect all under one roof. Hosted by the John Fretwell Sporting Complex and Co-sponsored by LEO, the event promises to be a showcase for the best the local area offers from wedding cars to cakes, dresses to discos, flowers to photography and much more.

The day will feature an exciting fashion show with designer gowns from Rebecca Ann Bridals of Warsop, special occasion wear from Francesca Paige of Warsop and Greenwoods Suit Hire of Mansfield.

The event is being organised by the LEO Business Coach for Warsop, Suzy Rai in association with the John Fretwell Sporting Complex and it forms part of a year long campaign to boost support for local businesses. "We want the people of Warsop to support their local businesses whenever they can, we have a fantastic range of small businesses in this area, providing high quality goods and services and we would love to see more local people buying locally," said Suzy.

"The retail sector has been hit hard by the recession and Warsop Town Centre is no stranger to the tough challenges presented by reduced spending. Currently there are a number of exciting shops selling a range of goods from hardware and gifts through to high fashion, flowers and interiors as well as the staples of a good high street – butchers, bakers, cafes, confectionary, post office and newsagents. This makes for a colourful and pleasant shopping place. But if we don't buy from these shops, regularly they will disappear."

With this in mind a series of events – Wedding Fair, Christmas Market and a Summer event will all be organised and staged in Warsop to showcase the best of local goods, services and produce.

Please tell your friends, family and their friends and family to get shopping in Warsop and come to the Wedding Fair – Sunday 29th November from 11am until 4pm and be pleasantly surprised by the quality we have to offer Warsop.

For further information contact Suzy Rai on
 07976 182739 or email: s.rai@leobusiness.org

FOCUS ON FITNESS

by Ann Thompson

Hello All,

Hope you enjoyed your holidays and are ready to go back to work! We started the new class at the Methodist Church, Clumber Street last night 3rd Sept. (look at advert for details)

It was really busy and everyone told me that they had enjoyed it! We intend in a couple of week's time to start using weights for the Abdominal & Glutes areas plus Legs. For that reason I have made this month's Fitness Focus about the use of weights for in the class situation.

You should see over the course of a few weeks a gradual improvement in your fitness levels depending on how hard you can work of course. Hope you enjoy it, come and join us as we can accommodate a lot more now because of the large room.

If you want another night I also teach on Tuesdays at Boughton, Ollerton. (only 10 minutes by car!) ring me for details. Bye till next month. JUST DO IT!

Ann Thompson

Use weights in your workout.

Most women overlook strength training which is a bad idea.

Strength training builds your muscles and can boost bone strength, helping protect against osteoporosis. If you build your muscles, you are less likely to suffer broken bones if you have a fall because the muscles will support them. It is recommended that you have two or three sessions per week.

Feel the burn!

Women tend not to push themselves during a workout.

They may worry about looking muscly, but they simply don't have the hormones as men.

If you are not aching the next day you are not working hard enough. Aim for 1 or two hours a week at least. If you are struggling get a personal trainer to help you in the beginning.

Warsop Vale

Est 2000
