Battle Begins to Beat Budget Shortfall

An anticipated 7.1% cut in Government grants will increase the shortfall in Mansfield District Council's budget for 2011/12 to £3.1m.

The Council's Revenue Support Grant from Government was £10.336m in 2010/11. It is set to reduce to £9.63m next year and £7.721m by 2014/15. The reduction was announced in the Chancellor's Comprehensive Spending Review, although the Council is still awaiting final confirmation of its exact allocation.

It means the Council will have no option other than to make significant on-going savings across all its departments.

The formal process of setting the Council's budget for next year will begin when a report outlining wide ranging potential savings and income generation proposals is considered at a Cabinet meeting on 8 November.

Options to be discussed include:

- Charging Council staff for parking at work
- A 20% reduction in the overtime budget
- **Closure of Meden Sports Centre**
- Reducing the subsidy provided for the Palace Theatre and Mansfield Museum
- Cutting the amount spent on Councillors allowances by reducing the number of councillors and abolishing area assemblies
- Reducing senior management costs
- Reducing the amount spent on 'back office' functions
- Setting up some shared services with Ashfield District Council and other neighbouring authorities

The cuts will mean a reduction in the size of the workforce at Mansfield District Council but it is hoped this can be achieved through natural wastage and voluntary reductions in hours wherever possible. However the need for some compulsory redundancies cannot be discounted.

No estimate or target has been set for how many employees the workforce will be reduced by. A financial incentive from the Government to freeze Council Tax means that a 0% increase is being budgeted for at this stage. The budget proposals will be put out for public consultation and detailed scrutiny by a Council Select Commission before any final decisions are taken. The budget setting process will be completed in February. Further pressures on Mansfield District Council's finances such as a reduction in funding for services from partner organisations, a reduction in income from leisure centres and car parks and a reduction in returns on investments have also contributed towards the budget shortfall.

Councillor Roger Sutcliffe, Portfolio Holder for Resources will present the report to Cabinet colleagues on 8 November.

Councillor Sutcliffe said:

"The major cuts in local government spending by the Government have been widely reported and it has made proposing a budget extremely difficult and uncomfortable for everyone involved. In making the savings being proposed, our aims have been to reduce the impact on the public, to reduce the impact on businesses and to reduce the impact on employees. Prudent management of our finances in the past few years has helped and we are not proposing to go as far as many local authorities in reducing services. However we have no choice but to make cuts and the proposals will still hurt some people, which is very regrettable."

A copy of the Council meeting agenda for 8 November, including all the budget report papers, is available to download from the Council's website via: www.mansfield.gov.uk/budget

Gardening Monthly...

The month of December has most people scurrying about with a long list of 'gotta-dos'. Probably the last thing on anyone's mind is working in the garden. Fortunately, the list of gardening 'to-dos' for this month is more like a list of 'don't-dos'.

If you have been keeping up with your gardening tasks for the last few months, you should be able to take it pretty easy this month; (at least in the garden). There are a few things to keep an eye on, and a few optional things you can do in the garden. Your biggest concern will probably be tending to your house plants.

This year, consider purchasing a living Christmas tree for your home. They really aren't that much more expensive than a cut tree. This is an excellent way to improve your landscape, and at the same time, save a tree. Before bringing a living tree into the house, water it thoroughly. Living Christmas trees should not be kept in the house for any longer than 10 days.

PERENNIALS, ANNUALS, AND BULBS

If you potted up some bulbs, such as hyacinths, daffodils or tulips, last September for winter forcing, keep an eye on them. Make sure they remain moist, and in the dark until they have established their root systems. It is possible that they have already filled their containers with roots and that the new top growth has begun. If this is so, bring them into the house and set them in a cool room, in indirect light. After a week or so, move them into bright light, and watch them go to town!

Check on any corms and tubers which you dug up, and stored this fall. Remove and discard any which show signs of disease or rot.

SHRUBS AND TREES

Winter rains tend to make you forget about watering your garden. However, plants and shrubs which are growing beneath large evergreens or under the eaves of the house, may be bone dry by this time. Lack of water in the cold winter months can be fatal to many of these plants. A quick check will let you know if you need to do a little winter watering. If there is a sudden drop in the temperature, provide extra protection for your more tender flowering plants like Rhododendrons, Camellias, Azaleas and Daphne.

You can provide temporary, emergency protection by driving in three of four stakes around the plant, and then simply covering the plant with some type of cloth, like burlap, a sheet or an old blanket. Don't let this material come into direct contact with the leaves of the plant. Remove the cover completely, as soon as the weather moderates.

December is a good month to take cuttings of rhododendrons, azaleas, and other evergreen shrubs. The cutting should be taken from new tip growth, and kept in bright light, at about 70 degrees f.

LAWN

Stay off frozen grass!!!

HOUSE PLANTS

Glossy leaved house plants such as Philodendrons, Rubber plants, and Palms should be sponged off periodically, to allow them to breathe.

Plants which have fuzzy, textured, or other non-glossy type leaves should be set in the sink and sprayed gently with room temperature water, until the dust is cleaned away. Be sure that the foliage is allowed to dry completely.

Provide your house plants with extra humidity by grouping plants together, or by setting the pots on leakproof trays filled with moistened pebbles.

If you successfully kept last years plants alive, and have been keeping it in 14 hours of darkness since September, your Poinsettias and Christmas cactus should be ready to bring back into the living room by 1st December. With the proper care, these Christmas plants will remain beautiful for many weeks.

- They prefer to be kept on the cool side, 65-70 degrees during the day and 55-60 at night.
- Keep them in bright, natural light whenever possible.
- Keep them away from heat sources.
- Keep them out of drafts.
- Be sure to water them when they become dry.
- Never allow them to stand in water for more than an hour.

GENERAL TIPS

Take care of our feathered friends! Keep your bird feeder filled, especially when there is snow on the ground.

Don't let your hose freeze and burst. Stretch it out with both ends open, to allow the water to drain completely. Coil it up and put it away.

Make sure your outdoor taps are covered to protect them from freezing.

Bird Notes...

Here we are on the run up to Christmas; the weather has nearly turned to winter proper and the opportunities for seeing different bird species up close and personal is never better than it is at this time of year.

Now that most of the trees have lost their leaves, and the fact that many birds have only food on their minds as the temperature falls means that they are more easily seen and are more approachable. You may have noticed on your back garden that birds such as blackbird, starling and house sparrow will hardly wait for you to get out of the way before they dive on the food you have provided for them. The same sort of effect can be witnessed if you travel to one of the local country parks or even on the Carrs, where black headed

gulls will ascend on bread thrown for ducks and swans - this practice of feeding bread is frowned upon on the Mill dam, as in the past it has encouraged brown rats to move in.

That said though, I have been enjoying close up views of the gulls on the Carrs especially the black-heads, they are the more numerous of the gull species that you are likely to see in Warsop. They are quite diminutive (for gulls) and the adults can be easily identified by their bill and leg colour, which is a pinkish red in both cases. The juveniles, (birds that were hatched this year- or last year if you're reading this after the 1st January!) can be told by the brown feathers in their wings and their bill and legs are more pink than red. This is easily seen with a good, close up view.

Now then -how to get a close up view...

The best way is to be as inconspicuous and unthreatening as possible. If you are approaching, say a flock of black headed gulls resting on the Carrs, do not attempt to walk straight towards them but try to be a little circumspect keeping a respectful distance. Don't wave your arms about and try not to raise your voice. If you are lucky they will accept your presence and not fly off. Sitting quietly on a bench near to them will sometimes prove fruitful, as hopefully they will approach a little nearer as they search for food. In fact you may observe that they seem to do a little dance, a bit like a male flamenco dancer- that is they stand in the same place and rapidly stamp their webbed feet. This is because they are world champion worm charmers. By this compaction of the usually wet ground, they force the worms to the surface.

It is unknown how long black headed gulls have been employing this technique. The same goes for a behaviour that I noticed the group that congregates "up top a Apps" indulging in - alighting in that fleeting, trepadacious way that black headed gulls often do, only in this case they were alighting into a Sycamore tree and were eating the seeds off of the tips of the uppermost branches! Have you seen them doing this?

There are many opportunities to enjoy the birdlife we are lucky to have on our doorstep, all you need to do is to bother to look. Please be bothered to look, it will do your soul good.

Here's hoping you all have the best Christmas B.A.

A Big Thank You ...

...to the person who handed my handbag to staff at the Co-op on Monday 8th November.

When I got back to the Co-op I was in a state of collapse because I was going to pay two bills that morning. I was terrified I'd lost all the money and as I said I was in a bad state when I got back to the Co-op. I can't thank you enough for what you did. God Bless.

The event raised an impressive £140.00.

Thanks also to Warsop Post Office, the Greetings Shop, Jack Frost, Clumber Pets and the Co-op for the raffles they generously supplied.

WARSOP

Footpath & Countryside Group

This can be a wonderful time of year for walking and watching wildlife. The leaves have fallen, the hedgerows are bare, the low sun penetrates into woodland giving a clearer view than in summer. Shorter days force wildlife to be braver in their search for food, sparser vegetation gives us more chances to spot birds. Get outside, get walking and enjoy!

The archaeological surveying in Birklands organised by the Friends of Thynghowe that was started in October will now be completed early in 2011. The density of bracken caused difficulties with the topographical survey and the landscape should be more exposed in midwinter. Once again there should be an open day when members of the public will be welcome to check on what is going on. Access the website www.thynghowe.org.uk for more information.

The countryside is not immune from the spending cutbacks that are being applied both locally and nationally. The Nottinghamshire Rights of Way team is facing a reduction of staffing from 20 to 10. It is proposed that maintenance of rights of way will be reduced and all promotional and development activities will cease. Projects to improve accessibility of the footpaths network are unlikely to go ahead. The throughput of claims for new routes will be reduced. They will explore new development opportunities with community groups. Warsop Footpaths Group relies on funding from Nottinghamshire County Council for keeping our footpaths clear and we will try to maintain the standard of access along Warsop's footpaths but are reluctant to take on any tasks that were previously covered by members of the NCC Rights of Way team. Another area under threat is the staff who maintain the National Nature Reserve in Sherwood Forest near Edwinstowe. Consultation over these cuts is taking place and you can make your opinions on these proposals known to the Council through their website or by phone. Natural England will also be subject to cuts and this could impact upon the management of our Hills & Holes SSSI.

Proposals to sell off Forestry Commission land are also a concern. The part-privatisation of the biggest landowner in England could raise around £250m but it could set back countryside protection and the restoration of ancient woodlands by many years. If investors are allowed to cherry-pick the most profitable land it would cut off funds now used by the Commission for conservation, access and afforestation. Our local concerns include the protection of the archaeology that has survived in our woodlands. The Forestry Commission monitors and protects sensitive sites throughout Birklands and a reduction in this role could result in losses to our heritage.

The next Footpaths Group social event is our Christmas meal at Rumbles on Saturday 18th December with the option of walking from Warsop to Vicar Water to develop an appetite! If you have not confirmed details yet there may still be time to make your choice from the menu. Get in touch if you need to confirm the time that walkers will be leaving Warsop. The first walk of 2011 on Saturday 15th January will be a local walk starting from outside Warsop library at the later time of 10am.

Cats Protection urges people to 'cosy up' with a cat this winter

Cats Protection's Mansfield Adoption Centre is desperately appealing for owners to adopt one of the many cats in the charity's care this winter.

The Mansfield centre is bursting at the seams with many loving cats and kittens requiring a home, but is having great difficulty finding new owners.

Mark Magee Centre Manager said, "As the dark nights draw in and the temperatures drop we have found ourselves inundated with unwanted and abandoned felines.

"There are currently over 100 cats and kittens in our care at the moment, which is more than this time last year, and we are worried that this number will only continue to rise unless cat owners have their cats neutered at the correct age (6 months old) and we find new, loving homes soon."

Mark added: "A cat can offer so much love and companionship - they really do make a house a home - so I would appeal to anyone who is able to offer a cat a cosy home this winter to contact us immediately, we'd love to hear from you."

Our adoption fee is £45 and all cats from our centre are: vet checked, vaccinated, wormed and flea treated, microchipped and neutered if over 6 months of age. If adopting a kitten under 6 months old you will receive a voucher to help towards the cost of neutering.

For more information on adopting a Cats Protection cat, please contact the Mansfield Adoption Centre, Mansfield Road, Warsop, Mansfield, Notts NG20 0EF on 01623 845846 or log on to www.mansfield.cats.org.uk We are open every day 11am-4pm

Matthew Palmer FREE Watercolour Painting 'moonlit night' - an atmospheric night scene

Draw Scene, not too much detail!

Apply masking fluid as indicated, along horizon line and around the inside edges of the buildings, and the lamp part of the street lights. Now mix your colours:-

Ultramarine Blue, Burnt Sienna to mix a strong inky blue. Yellow Ochre and Prussian blue, a medium mix.

With No. 10 or 12 Brush wet your paper down to the horizon line.

Starting with the Yellow, paint the sky from the horizon line to about halfway up, then apply the Prussian blue in the middle area blending the colours a little. From the top with the dark blue, paint down to the middle of the sky, blending the colours. Take a £1 coin wrapped in tissue and press down to create the moon shape - don't twist, just press down firmly!

With No. 5 or 6 brush using the strong blue, paint in the distant trees on the horizon line - the paper should still be wet enough to do this. Add a little Burnt Sienna to the trees to give them an autumn look.

Use masking tape to protect the large house on the right. Turn your picture upside-down. Using a slightly thinner mix of the dark blue, paint a line about 1" thick at the very bottom of the picture, right the way across. Then add another line of yellow ochre and blend slightly. Then using clean water fade these colours up the picture until there is no colour left at the horizon line.

Paint a wiggly line down the left hand side of the road to make the edge of the field, then flick away across the field to the left hand edge, you can do a little dry brushwork on the field if you like!

Using a chisel brush and water create a pool of light, by gently dabbing out the colour in an elliptical shape under the street lamps.

Using sandpaper and horizontal strokes, on the road, starting narrow at the top and widening out at the bottom, scratch light lines. With Iridescent Medium brush moonshine on the road.

No 6 brush, mix very dark grey from French Ultra Marine Blue and Burnt Sienna, avoiding the pools of light from lamps, dry brush horizontal lines on road from the left, then using a piece of card to protect the pavement, do the same on the right hand side.

With Mucky Yellow Ochre, not too thick, and No 4 or 5 brush, work on the main buildings, leave gaps for windows, and fill these with Aureolin mix blending it in to the Ochre mix.

Paint shadow side of building using mix of Ultra Marine Blue, Alizarin Crimson (small amount) and Yellow Ochre medium mix.

Paint side of house, from chimney all down side of house but leave front of out house with no shadow! Paint darker line under gutters, and eaves of houses and outhouse. Paint roof, dark on right hand side fade away to create moonlight on roof.

With no 6 brush and pale grey start to work on the background buildings on the right hand side, darker at the tops fading it down to the masking fluid.

Using a strong mix of grey darken the trees at the bottom then with a dry brush flick upwards to make more detail on the trees. Use your craft knife to make tree trunks and small branches. Remove all masking fluid except on the lamps. With the grey mix start to pick out different shapes on the background buildings, shaded walls, roof details, windows and doors.

With no 12 brush and pale grey, paint a line under trees where masking fluid has been removed about 1/2" wide then blend down to nothing. Do the same under the background buildings.

Mix a fairly strong grey and no 12 brush, darken the left hand corner of the road about halfway across, and then blend up to meet the pale grey with horizontal brushstrokes.

With a medium grey mix and no 12 brush create the curve of the road from just behind the main cottage, bring this dark mix all the way down the bottom of the kerbstone to the edge of the picture, now blend this line into the centre of the road. Now with no 5 or 6 brush and the same grey, paint a slightly thinner line down the pavement on the topside of the kerbstone, blend this line away to the right hand side of the picture.

Next paint a transparent glaze of Aureolin - thin wash, in the pools of light under lamps and in front of house across pavement and road. Water down slightly, and lightly glaze over the grass area and in front of the background buildings. With a damp brush make oval shapes around the lamplights. Next with a damp chisel brush create beams of light coming from the lamp. When dry use a sharp craft knife scratch out extra lines from the lamp lights.

With Aureolin paint a horizontal line through the middle of the scratches then blend around this area with a damp brush. With iridescent medium enhance the glow of the lamp, with a rigger brush paint shape of top and the shade of the lamp.

With No 6 brush and a very dark mix of French Ultra Marine Blue, paint a straight line down the length of each lamp post, bearing in mind which side will reflect the moonlight! Each of these lines needs to be blended away using a damp brush. When this is dry, mix a little white gouache with Aureolin and paint a line down the appropriate side of the lamp post to reflect the moonlight. You can dry brush shadows from the lampposts and the buildings on the road and pavement.

Finishing touches, are to paint windows, doors and brickwork on the buildings.

Hope you enjoy painting this picture!!

CNCS and Crossroads Care

CNCS and Crossroads Care are working in Partnership to pilot a new free service for carers.

The service is called Pathways and is available to any carer of Highpoint patients who are unlikely to recover from their illness. The service has been jointly commissioned by Nottinghamshire County Council and NHS Nottinghamshire County. Support is flexible and will be tailored to individual needs, but typically trained carer support workers will:

- Provide practical support on issues such as medical and personal care tasks, benefits, housing, employment, debt etc.
- Provide emotional support and support the carer to develop coping strategies.
- Allow the carer to take a break from their caring role.
- Signpost the carer to other appropriate services and agencies.

By providing the carer with an holistic package of support we hope to enable them to care well and for longer and ensure they are more confident in what they do.

Birklands School has Bags of Joy

Putting a new twist on the Harvest Festival theme children from Birklands School collected hygiene items for Warsop Inner Wheel members to put in "Joy Bags" this year instead of harvest festival food.

Members of the Warsop Inner Wheel accepted the childrens collected items on Friday 12 November 2010 at a presentation event organised by Birklands School Head Teacher, Kate Smith.

The event took place during morning assembly where the Inner Wheel's President Christine Fretwell briefly explained that the

joy bags would be sent, via the Police Aid Convoy, to very needy countries all over the world.

Christine showed the children a joy bag and also a knitted blanket as a sample of what would be done with the items and thanked them very much for their collection.

On 18th October a short film was presented at the Poverty Convention at Southall Workhouse at the invitation of the Community and Voluntary Partnerships, Shirebrook. The film, made by Elmtun and Creswell Village Company, is called 'No Place for Poverty' and depicted poor housing and concerns of the unemployed and briefly compared their situation to the life of a family in more comfortable circumstances. The film then showed progress of the unemployed into training at Limestone House, supported by Volunteer Learning Champions, and how this training gave an opportunity to learn IT and Multi Media skills for work. The film explained that most of the short courses were 'drop-in' courses as the teaching was related to the individual's needs.

Short Training Courses for the Unemployed from age 16, funded by the Coalfields Regeneration Trust, continue in Limestone House and Limestone Studio, starting with Computers for Beginners, Using Computers to seek work and other IT courses, progressing to more advanced IT courses for the Open College Network Level 1 and Level 2 qualification. Free Transport to Training is available to the learner, funded by the Access Alliance Programme. To book a place on a training course phone 01909 724061 or MOB 07922662341

Elmtun & Creswell Village Company hosted a visit for 10 members of the East Midlands' Empowerment Partnership on 12th October. The members were interested in the regeneration work ongoing in Limestone House and the Limestone Recording Studio for the benefit of the locality. The members were also interested in the History of the Company and what it had achieved since its formation in 2002 also the current activities and sustainability.

The Future

The 60th meeting of Meden Vale the Future was held at the Village Hall on Monday 1st November 2010. 8 members of the Committee were present plus 1 Representative from NCC. There were 7 apologies.

There was no new information concerning the Sports Project available. However, it is understood that if the financial improvement continues at the Welbeck Miners' Welfare, then physical work would start on the grounds at the end of November.

It was unanimously agreed that the proposed new lease (for the Village Hall) between Meden Vale the Future and Welbeck Miners' Welfare was acceptable to the Committee and would be signed when the final version was available from Hopkins' Solicitors.

It was agreed that a letter be sent to the Secretary of the Youth Club reminding them that rent for the use of the Village Hall on Friday evenings was outstanding.

The Treasurer reported that the accounts were still satisfactory but with winter approaching, additional funds would be needed for heat and power payments.

It was reported that the preparations for the exhibitions to be held at Cuckney Village Hall and Meden Vale Village Hall on the 8th and 9th November respectively, were nearing completion. The leaflets to be delivered to each household in Meden Vale and Cuckney were ready. Welbeck Colliery Football Club has kindly agreed to distribute these. Posters advertising the events are available for all suitable public places and a public notice has been published in Warsop News. A comments/options form has been prepared for use on the evenings. Letters have been sent to both local MP's informing them of these exhibitions. The local press and radio have also been notified.

Improvements to the outside lighting at the Village Hall are in hand, with the equipment on order and money received to pay the estimated costs. The work to change the outside doors has not progressed. It was agreed that if the contractor requested to undertake this work has not made a start within the next two weeks, then an additional quote would be requested from elsewhere.

Next meeting will be held on Monday 10th January 2011 at 7.30 pm at the Village Hall. All welcome.

Please contact the Secretary, Kay Walker on 01623 844282 for further information.

Warsop Police Update

Can I start by reminding all residents of the Warsop Parish to become security conscious when it comes to leaving your wheelie bins out after collection and when they are left near to your property.

As the evenings draw in the nights become colder and some of our younger generation feel it necessary to steal these bins and set them on fire to keep them warm. Because they only burn for a short time they have to wander around the village to replenish their stocks. Last year we had nearly 200 stolen wheelie bins which were reported to either the Police or the council. Having spoken to Geoff Lomas (Council Warden) he reliably informs me that the householder is charged £44.50 to have this bin replaced. Add that to the cost of calling the emergency services and the inconvenience to the people that have to wait for their bin to be replaced; these crimes are not to be ignored. I urge all residents to ensure that your bins are locked up and you do your best to make this crime difficult to commit.

On a brighter note, PCS Eyre and I have had the opportunity to get absolutely ditched whilst helping to clear the Eastwood Site, off Church Street, to make it suitable for the Bonfire event which will have taken place before this article goes to press. This project has been another initiative directed by Kevin Keegan and his team from Shine, who have shown real enthusiasm and energy to get this project off the ground. I have also been impressed by the hard work and the amount of generosity shown by members of the community to come along and get their hands dirty to make this a success. I have had the chance to work alongside members of the community pay back teams (community service as they were previously known) who on the whole have shown energy and determination to get this site cleared ready for the Bonfire event. It has been amazing to see the site transformed from a derelict site into a workable location mostly on generosity and good will.

On to Christmas,

As always at this time of year people need to be mindful of the opportunist criminal waiting to steal your belongings. Make sure that your keys and money are separate and not in the same bag or coat. Don't leave your mobile phone and bags on show and unattended. Thieves will take any chance they can to take your belongings and with the run up to Christmas they are aware that you will possibly be carrying more money on your person as you go shopping for your presents. On that note, the less money you carry around the better.

When you are home, make sure you keep your property secure, windows and doors locked. Also, if your neighbour's house alarm is going off please have a look to check the house is secure. Too many times people hear an alarm and just ignore it. At this time of year it is important that we make the necessary checks and extra effort.

I am also looking forward to the Christmas Market this year and hope that it is as busy and trouble free as last year. I have been asked to sing on the stage with the Beat Team but they want me on stand by for the 'Take That' Christmas tour in case Robbie Williams pulls out.

I encourage everyone to have a good Christmas and hope that the revellers around the town centre behave themselves when walking between pubs. If you could also remember not to walk between pubs with your alcoholic drinks. Not only do you commit an offence contrary to the DPP in force but it doesn't reflect very well on the state of the area.

From the whole Safer Neighbourhood Team from Warsop Police Station we wish you a very happy and safe Christmas and New Year.

Meet your Neighbourhood Policing Team

CHRISTMAS IN WARSOP

a truly festive affair!

Don't just sit there wondering what to do over the festive holiday! There's a host of entertainment and events for all the family in Warsop this Christmas and we've put it all together in this 8 page Christmas Event pull-out to make it easier for you to decide.

Starting with the annual Warsop Christmas Market on the 2nd December from 4pm - 8pm, which includes late night shopping, the Xmas Factor, Firework Display and much more (see page 3 for more details). And of course, not forgetting this year's Christmas Pantomime. The Market Warsop Players present, an absolutely hilarious rendition of the traditional panto Jack and the Beanstalk at the Longden Terrace Miners Welfare between the 27th - 29th December (see page 5 for more details).

There are so many parties and celebrations for both kids and adults you'll be spoilt for choice and with a wealth of quality acts in your local pubs there's no need to venture out of town.

If you're looking for a venue for your work's or family 'Christmas do' then look no further - there's a 4 course meal for only £4.95 at the Swallows or bar meals for a less formal occasion to eat while you're entertained at the Church Warsop Sports and Social Club. (CWS&SC)

And for New Year's Eve how do you fancy a trip on the **70s Express** at Warsop Ex-Servicemen's Club, or an evening of **Bedlam** filled with music and laughter at the CWS&SC.

With the Gate Inn and the sorely missed Talbot now under new management, whatever your preference, a quiet drink, a good meal or an evening filled with music and dancing, there's something for everyone right here on your doorstep. So Warsop really is the place to party this Christmas!

MDC & SOS have been listening to your requests and new sessions have been added to the programme... please support the campaign by using them

We are planning more... (50+ Yoga, Junior Zumba) ...so let us know what you want.

A round up of recent Shine News

Swim 4 Life

The next 12 week Swim 4 Life programme at Meden Swimming Pool starts on 10th January 2011 and runs until the end of March. It is aimed at non swimmers and although there is a waiting list there are a few spaces left. Contact Shine for more details.

Shine Community Weekend

After weeks of digging, cleaning and clearing at the Adam Eastwood Centre, Church Street, the stage was set for our Community Weekend. On Friday 12th we had a dazzling firework display from First Galaxy, a huge bonfire, Staklup played an amazing live set and Bella Degg and Ellie Keegan performed a couple of songs each to the crowd's delight. Hot food, a mural project and Game Zone ensured that even with a crowd of around 500 people, there was something for everyone.

Saturday afternoon saw children and young people braving the climbing wall in the cold winter wind, whilst inside a bouncy castle, face painter, penalty shootout, arts and crafts, the Library Service and the Children's Centre provided a range of activities. Attendance was reasonably good and it's something we will do much more of.

As we drew towards Saturday evening the centre was transformed into a conference centre with a large stage, video screens and lasers providing a perfect backdrop for the POWAR evening. Here local people, business and services were honoured for their contribution to the community. Sam Butler and Jade Calvert-Cousins did a sterling job of presenting the glittering evening. The event finished with Jae Dunlop playing a fantastic DJ set.

This was the first time that Shine had used the centre to host events and clearly the event was a huge success. However, no amount of planning can transform ideas into reality without the help and support

of many people. Our young people, their families, local partners, sponsors and you, the community, all played their part in making the weekend so enjoyable. Thanks to you all.

Afterwards, we dusted ourselves down and set about planning the next event. Children in Need was happening on the 19th November and we decided to do a 12 hour FUNdraising event. We'll let you know how much we raised in the next issue.

Shine XL / YMCA Digital

Through the support of MPAC, Shine XL will be working in partnership with YMCA Digital. The free sessions start 20th November and run 1 till 4pm each Saturday. You must be attending Meden School to take part and we shall be adding more evening and weekend sessions soon. The young people will get the chance to showcase their skills later in the project through live shows.

Warsop Christmas Market

Shine will once again be hosting the Xmas Factor competition, sponsored by Farrendale, on stage in the centre of Warsop on the 2nd December's event. This year it will have many more choirs and groups from the community, including local schools, showcasing their skills before the competition begins. Last year's winner Bella Degg will be performing and we are guaranteed a great selection of talent taking part. Video screens and a big stage will ensure that everyone has a great view of the show.

We will also be having a huge Game Zone challenge where competitors can battle for the title of Warsop's Best Gamer.

Winter Wonderland

Two days later on Saturday 4th December the Adam Eastwood Centre will host a large, indoor Winter Wonderland. The event promises to be a truly magical family spectacle. Running from 2pm - 4pm for smaller children and 6pm - 8pm for families there will be Christmas films, a disco and games, prizes and a giant tree. It is not to be missed as we celebrate Christmas together. Entry will be £1.50 for adults and £1.00 for children.

Shine is planning a range of family friendly activities for the community and we couldn't do that without the support of those that we have already mentioned. As always we need you to come along and join us. Advertising can be slow and expensive and it is difficult to reach everyone.

We would urge you to keep in touch via www.shinemedia.tv or join us on

POWAR TO THE PEOPLE

Saturday 13th November saw the awards presentation of Warsop's first ever POWAR event held at the newly acquired Adam Eastwood Centre, Church Street.

The event, which was organised by the Warsop Youth Council with support from Shine was hosted by Sam Butler and Jade Calvert-Cousins (pictured above) who did a sterling job presenting the glittering evening.

The centre was transformed into an impressive conference venue with a large stage, video screens and lasers providing a perfect backdrop for the POWAR evening.

The POWAR awards were designed by the Warsop Youth Council to honour local people, business and services for their contribution to the community.

Warsop Remembers

Warsop remembered the fallen from two world wars and all conflicts since 1945 when hundreds of people attended a Service of Remembrance on Sunday at the town's cenotaph organised by the Warsop Meden Vale and District Royal British Legion.

The parade, from the ex servicemen's club on Carr Lane, was led by 'Welbeck Estates' Brass Band, and included civic dignitaries and representatives from local clubs and organisations. The service was led by the Rector, Reverend Angela Fletcher and a two minutes silence was observed.

The names of the town's war dead were read out as wreaths were laid at the cenotaph led by the Deputy Lieutenant Col Sneath on behalf of Her Majesty the Queen.

The Rector then led a memorial to the dead followed by the Lord's Prayer. Mr Tom Barlow gave a reading entitled 'Anthem for the Doomed Youth'. The final hymn 'I vow to thee my country' was sung. Reverend Fletcher then gave the blessing and the national anthem was sung.

The parade then marched back to Carr Lane with the salute taken by Col Sneath, Cllr John Allin and officers from the army and air cadets.

A short service was also held at the Warsop Vale Memorial on Thursday 11th.

THE ROYAL BRITISH LEGION

Hells Angels invade Warsop?

Many people wondered why 100 plus motorcycles drove through Warsop on the 30th October.

They were all fans of Guy Martin, top TT rider who had generously given his time to launch our Poppy Appeal. Held at the John Fretwell Centre, after being fed and watered by the Centre, the fans were able to get autographs and photographs of their hero.

Guy is a lovely man who clearly wondered why all of these people would come for the opportunity of meeting him, and pay for the privilege?

Over £900 was raised to kick start (no pun intended) our appeal. The people of the district have once again been generous helping us to raise funds for Soldiers and their families.

The concert at Warsop Church was a great success and a fitting end to our Appeal for 2010.

The December meeting of the branch will be held at 7.45pm on Monday the 13th at the Memorial Club, Bishops Walk, Church Warsop. All are welcome to attend

Book Review

The Distant Hours by Kate Morton

This is a perfect book for those dark, stormy nights, wonderfully atmospheric, with all the right Gothic ingredients - books, twins, lost letters, family secrets/betrayal and a dilapidated country house with secret passageways and batty relatives in the attic. A letter is delivered to Meredith Burchill, 50 years after it was posted, stirring up memories of World War II and her evacuation to Milderhurst Castle, to live with Raymond Blythe and his three daughters. Meredith's own daughter, Edie, becomes curious about her mum's secrecy over the letter and begins a journey of exploration that leads her into the past; a journey towards the secrets her mother has kept for 50 years. Along the way Edie unravels tales of lost love, frustrated ambition, madness and murder. Edie is drawn to Milderhurst Castle for another reason - her favourite childhood book had been 'The True History of the Mud Man', written by Raymond Blythe, the owner of the castle. The story is told from two time frames, the 1940's and the 1990's and Kate Morton writes with such style that the reader is drawn deeper and deeper into her character's lives and their secrets. The pace really builds up in the second half of the book, leading to a stormy, rain-soaked finale, in which all the loose ends are tied up very neatly.

Wicked Appetite by Janet Evanovich

Number one bestselling author Janet Evanovich has created a brand-new heroine in Elizabeth Tucker: Marblehead resident, bakery worker, unlucky in love and descendant of witches. Life has had a pleasant predictability to it for Lizzy. That is until a tall, black-haired, dark eyed man shows up in a black sports car, touches her hand and leaves a burn mark. His name is Gerwulf Grimoire, also known as Wulf. And he wants what Lizzy has: knowledge. Soon after comes another man, a different man, but this one just as dangerous in his own way. His name is Diesel. And he wants several things Lizzy has, only one of them being knowledge. Unbeknownst to Lizzy, she has the ability to find "empowered objects." Turns out, a collection of stones that represent the seven deadly sins have made their way to Marblehead. Nothing bad can happen if the stones are all separated. But if they are grouped together, they have the power to unleash hell on earth. Wulf wants them. Diesel wants to stop him. And Lizzy is the key to all of it. Can Lizzy stay one step ahead of two men who both want her, both body and soul? Can she juggle her job at Dazzle's bakery and still get the muffins out in time every morning? Can she stop the end of the world from occurring? For Elizabeth Tucker, cupcakes, 4 a.m. alarm clock settings, and Armageddon are all in a day's work.

The Glass Rainbow by James Lee Burke

Detective Dave Robicheaux is back in New Iberia, Louisiana, where his latest case could prove to be the most harrowing and dangerous one in his career so far. In the neighbouring Jefferson Davis Parish there have been seven brutal murders of young women. The telltale signs of a serial killer link the crimes but the death of Bernadette Latiolais does not fit. She was a high school honour student and not the usual prey of a psychopath. Robicheaux and Cleto Purcel, his best friend, confront Herman Stanga, a notorious pimp and crack dealer. They both despise him, and the investigation turns nasty when Stanga is found dead after witnesses have seen him receive a fierce beating by Purcel. This threatens Cleto's career and life.

On top of all this, Robicheaux's daughter, Alafair, is home on leave from Stanford Law while she finishes her novel. She has become involved with Kermit Abelard who is a successful novelist and descended from a previously prominent Louisiana family which is now becoming increasingly drawn into the corruption of Louisiana's subculture. Ex-convict and best-selling author Robert Weingart, is known to and associated with Abelard. He uses people and discards them without a second thought. This causes Robicheaux alarm as he fears his daughter could face being destroyed by the man she loves. His own paranoia could be destroying his own relationship with Alafair as the distance between them grows. However, his instincts are usually correct, and this case is no exception. But the evil involved is greater than any past enemy he has confronted.

The Identity Man by Andrew Klavan

A three-time loser framed for a murder he didn't commit is what John Shannon's life is about. He is on the run and aware that the cops are getting closer. Prison or death by lethal injection is the likely future for John. Apparently from nowhere, a bizarre text message draws him to a meeting in the dark of night. Calling himself the Identity Man, a foreigner offers John a chance to start again with a new face, home and beginning.

His new life is that of dreams. Working as a carpenter and wood carver in a ruined city trying to rebuild, he encounters Teresa Grey. She is beautiful and he falls in love believing that she could be the one who eventually makes him a better man. Is this too much to ask for? Probably yes. He begins to feel that redemption is possible. But, as always, the corruption in the city begins to take over. The politicians are crooked, the cops are dirty, gangsters are rife and for some reason they all want Shannon dead.

Second chances now seem to have gone for Shannon. He is running out of time to get to the bottom of this new life and uncover its secret before his life ends altogether.

These books and many more, including recently published novels by favourite authors; Katie Fforde, Quintin Jardine and Harlan Coben can all be reserved for a small fee (currently 25p) from Warsop Library. Tel 01623 842322.
