EDITORS LETTER

I am writing this today with the sun shining brightly but it is still very cold, (13th May), when will it start to warm up?

Life is a bit hectic for me at the moment as you might imagine, Saving the Swimming Pool, Saving the Town Hall, 3 Parishes Walks, Carnival, Meetings, Parish Action Plan, Warsop News and anything else that is going on I'm in on it! Some say it's because I can't keep my nose out! We have even started to rehearse for the Panto!

Groundwork has started on the Cross which should be installed soon, the Carnival plans are well underway as you can see from the front page but we still need more volunteers.

The Parish Council hope to have a new councillor on board soon for the Birklands Ward, more news about that next month.

We will soon be starting to think about the summer holidays, yes sorry I did say SUMMER!

Gardening Monthly...

Here are a few June gardening tasks and projects that you can do to help keep your garden looking it's best for the rest of this season.

PERENNIALS, ANNUALS, AND BULBS

Pinch back any annuals, Fuchsias, Geraniums, Cosmos or any other plants that might be getting a little leggy.

Pinch your Chrysanthemum's to encourage them to be bushier and have more blossoms. Pinch them again, every 6 inches or so, as they grow.

This is an excellent month to pick out a few new perennials, and put them into the garden. Divide spring flowering perennials like, Primroses, Arabis, and Aubrietia. Once the soil has warmed, you may sow seeds for perennials directly into the garden.

Check your roses for mildew, aphid, black-spot or other insect or disease problems and if they appear take steps to control them right away.

Roses will need to be fertilized each month through the summer.

Make sure your climbing roses are securely tied into position. Prune them after blooming and deadhead your annuals to encourage more flowers.

Remove dead foliage from your spring flowering bulbs, but only after it has died back naturally. Sow seeds for Flowering Kale and Flowering Cabbage for colorful plants next fall and winter. Stake tall flowers to keep them from blowing over in the wind. Add a stake to each planting hole as you're transplanting, and tie the stem loosely to the stake as the plant grows.

As the weather dries out, your container plants may need daily watering especially if the pots are exposed to the drying sunlight. Gladiolus corms can still be planted for successive blooms. Tuberous Begonias can now be safely planted outdoors.

Once the foliage of Daffodils has died back, you may divide and move the bulbs to a new spot. Daffodil clusters should be divided up every 3 years to ensure good blooming.

SHRUBS AND TREES

This is a good month for shearing, pinching or pruning Junipers, Cypress or Conifers. If you've been cultivating a special Christmas tree, sculpt it now. Fertilize flowering shrubs like Rhododendrons, Camellias and Azaleas immediately after they have finished flowering with a 'Rhododendron' or 'Evergreen' type fertilizer. Deadhead the developing seed pods from your Rhododendrons and Azaleas to improve next years bloom. Be careful not to damage next years buds which may be hidden just below the pod.

FRUITS AND VEGGIES

Start any of the warm weather vegetables (Corn, Beans, Peppers, Egg Plant, Tomatoes, Squash, Pumpkins, etc.) as soon as possible. Tap your tomatoe plants to encourage pollination; water every day and start feeding them weekly once fruits set. Protect your fruit from the birds with netting.

After natural fruit drop in late June, thin fruits on apple, pear, peach, and apricot trees carefully to produce larger, better fruit. Peach trees need 50 to 75 leaves per fruit to manufacture food for both fruit production and tree maintenance. Apple trees need 30 to 40 leaves per fruit. Continue thinning your vegetable seedlings to provide ample room for growth.

Mound the soil up around your potato plants. It does no harm to the plant if the soil covers the stem. Tubers near the surface which are exposed to sunlight will turn green and poisonous. As early potatoes begin to die back, reduce watering. Allow one or two runners to develop from the most productive strawberry plants. Plant your Broccoli, Brussels sprouts, Cabbage, and Cauliflower for next winter's harvest. Prune suckers and water sprouts from all fruit trees.

LAWN

Fertilize the lawn this month. Use a complete lawn fertilizer with a 3-1-2 ratio of nitrogen, phosphorus, and potassium. If your lawn suddenly looks yellow or dies out in patches, the cause is probably due to an insect or disease problem such as Crane flies. If the weather becomes hot and dry raise the cutting height of the mower. It's not too late to reseed or over-seed the lawn. Be certain to keep newly seeded areas well watered. Apply moss killers before temperatures reach 65 degrees. Control Dandelions and other lawn weeds.

House plants can soon be moved outside to a shady, protected spot. Continue to watch for insect or disease damage and take the necessary steps to control the problem. Warmer and drier weather means it will be necessary to water and mist your house plants more often. Feed your house plants with 1/2 the recommended strength of a good soluble Houseplant fertilizer.

GENERAL TIPS

At exactly 12:00 Noon, on June 15th, set your sundial for 12:00 to get the most accurate time reading throughout the summer. Be alert to slug and snail damage... Seek and destroy ALL slugs! Keep the weeds pulled, before they have a chance to flower and go to seed again. Otherwise, you will be fighting newly germinated weed seed for the next several years. Change the water in your bird bath regularly. Standing water may become a breeding ground for mosquito larvae. Continue to watch for insect or disease damage throughout the garden, and take the necessary steps to control the problem.

Bird Notes...

Here we are again, it's the 10th of May as I'm writing this and it's currently raining with a decidedly cool northerly wind blowing steadily.

The apple and cherry blossoms are out, the plants in the garden are starting to grow in earnest and even the Swifts have returned to scream around the rooftops. If only the weather would warm up or at least be consistent!

Nobody could deny that this year's weather has already been somewhat atypical, what with all the snow we've had and no April showers to speak of. It does seem that the weather is two or three weeks behind schedule, it's about time that it got its act together and started warming up! (Bet you in a couple of months I'll be moaning that it's too hot!).

Many birds have now got young to feed. On your garden, I'm sure you will have noticed the House sparrows, Blackbirds and Starlings flying off with beaks full of food, usually on a direct line back to their nests. By the volume of noise that I have heard from various Starling nests, noise made by the chicks when the adults return to feed them, I would guess that the young are by now quite big and will soon be joining us in the big, wide world.

Have you noticed the other, more secretive birds on your garden such as the Dunnock? Superficially similar to a house sparrow, being small, brown and a bit streaky-but with a much thinner, more needle shaped bill. These birds are constantly busying about looking for food, usually on or near the floor. Your eye may be drawn towards them by their habit of constantly flicking their wings as they shuffle along. They have a lovely, sweet little warbling song that is easily missed when several bird species are singing together.

A much louder song is delivered by another small brown streaky garden bird; one of the smallest-it is the Wren. Its song is an unexpected explosion of sound, a ripping, reeling sound seemingly

physically pumped out of the bird. Wren's will be well into their breeding cycle by now. Perhaps you've seen them building their small, domed nest. Perhaps you've been disappointed to find that once built, the nest will seem to be abandoned by the Wrens. Perhaps you don't know that the male Wren builds a number of trial (or "cock") nests which the female will in turn inspect. If the nest does not come up to her expectations it will be abandoned or even dismantled. The one she will eventually choose will be lined and her precious eggs will be laid in it. Another common garden bird that we are all familiar with is the Robin, although when they are breeding they tend to become elusive and seem to disappear from general view, only to reappear very close at hand when you are digging the garden or maybe turning over the compost heap when they will dive in to help themselves to a juicy worm or two. They are not tame in the true sense of the word; it's just that you are making finding food for themselves and their young a lot easier and they will take that opportunity. (If a lorry turned up outside your house and started spilling out packs of meat for free- you'd be diving in to grab one or two packs- even if there was a big, scary thing close by that could eat you. So long as you felt safe enough, you'd probably even catch a pack that threw in your direction.) It's the same with the Robins.

That's me for this month- here's to some sunshine

All the best - B.A.

WARSOP

Footpath & Countryside Group

We are very lucky to have water voles in our parish. Nationally their numbers have been dropping rapidly with the decline caused by a number of factors, including water pollution, persecution, an increase in predators and the draining of natural wetlands.

The banks of rivers are being reinforced with iron and concrete, reducing dramatically the amount of bank that voles can burrow into. They are now a protected species with penalties for anyone interfering with them. I am aware of two locations between The Carrs and Stonebridge where they can be seen. If you know of any more places in Warsop please let us know as the water vole is Nottinghamshire Biodiversity Action Group's priority species for 2010-11 and they need any observations we can provide. If you can help, phone us or drop a note into Town Hall reception. If you are interested in participating in a more thorough survey of possible sites there may be training available.

Some folk are not sure whether they have seen a water vole or a brown rat. The ears of the water vole are hardly visible, whereas those of the rat stand out. The tail is furry whilst that of the rat is much longer and naked. The muzzle of the water vole is blunt, not pointed, its fur is darker, and water voles swim in a very buoyant manner, appearing to be half out of the water. When disturbed they dive with a marked "plop".

From a species that we would like to encourage to a potential menace. Himalayan balsam is spreading along the River Maun but, as far as I am aware, it has not yet reached the River Meden or any other part of Warsop. I hope I am right but if you know of any growing wild in our parish please let me know so that I can pass the information onto the county biodiversity team. Introduced into the UK in 1839 Himalayan balsam has adapted successfully to UK conditions and now out-competes many native British plants, colonising whole watercourses. It is a tall growing annual 6 to 10ft in height. Between June and October it produces clusters of purplish pink helmet-shaped flowers. These flowers are followed by seed pods that open explosively when ripe. The plants leave watercourses vulnerable to erosion when river levels rise in winter, increasing the risk of flooding.

Our spring wildflowers were worth waiting for this year. In early May a patch on my morning walk contained a colourful mixture of bluebells, cowslips, wood anemone, orchids and violets. If you take a countryside walk at this time of year you will see the transition from the woodland flowers in our hedgerows and woods to the grassland varieties which, like us, enjoy the warmth of the summer sun.

At our recent AGM we reported on our achievements of the past twelve months.

Our work sessions totaled 247 volunteer hours. We mowed over 13km of paths and trimmed several kilometres of adjoining hedgerows. We also installed five signposts and replaced one waymark post.

We completed the annual grass cut and clearance on the Rhein o' Thorns and we also cut back the brambles on a section of the The Carrs Local Nature Reserve. We collected information about Japanese Knotweed in the parish and submitted the results to Nottinghamshire Biodiversity Action Group.

Our walks programme included a varied range of expeditions in both Nottinghamshire and Derbyshire.

We participate in the Greenwood Community Forest Forum and hedge surveying is ongoing with around 1181 boundaries surveyed and is on schedule for completion by 2012! You are welcome to join us for any of our activities, you may contact us on the number below.

The next Footpaths Group walk on Saturday 19th June. The plan is to travel to the Longshaw estate in Derbyshire where there will be a choice of activities ranging from a strenuous walk around Hathersage Moor to a gentler ramble along Padley Gorge or a leisurely evaluation of the menu in the Nation Trust café! We will be starting from Warsop library at 9:15. Get in touch if you would like to come along or would like more details.

Warsop Community News...

Warsop Inner Wheel

President Anne Lyons hosted the April meeting on Wednesday 5th May 2010 at the Hostess Restaurant, Sookholme with 25 members and four guests. 13 members apologised.

President Anne opened the meeting with a warm welcome to prospective new members, Sharon Smith, Helen Richardson along with Sarah Simpson and speaker for the evening, Keith Armstrong.

Keith gave us a very amusing talk and demonstration about his life as a cartoonist, he showed us many amusing drawings and gave us the stories that had inspired him to draw, humour was always the source of his stories – he certainly made us laugh, we were all quite amazed how quickly he draw a cartoon with just a few stokes of his pen – a bit like having Rolf Harris entertain you in a way! Barbara Harding gave the vote of thanks.

President Anne then proceeded to give her report; she had attended the Inner Wheel Conference in Bournemouth along with 15 members of Warsop Inner Wheel. The theme was "Cockney Pride" and our members looked fantastic in their Pearly Kings and Queens outfits – all hand sown I might add!! 2616 members attended and over the year £1,701,000 has been donated to Charity, President Anne thanked all helpers and supporters who help us "do our bit" to raise money as part of this organisation. On returning from conference Warsop members held a "Spring

Fling" social evening in a marquee at the home of Ruth Ulllyott and Mike Malone. This event made a staggering £1,400 to be donated to Inner Wheel charities. A huge thank you to Mike and Ruth. The District Rally took place at Southwell Minster this year followed by a meal at Kelham Hall. President Anne and 10 members attended.

Jean Nock gave the secretaries report and forthcoming events.

Gloria Humphrey gave the up to date treasurers report.

Lesley Palmer gave the overseas report, a "Knitters Tea" has been arranged for 7th May at Oakland's Centre Warsop to say thank you to everyone who helps with the knitting – are you any good at knitting? Could you spend a few hours knitting blanket, squares, or baby jackets? If so – you could help support us with our overseas charity work.

Christine Fretwell gave the charity report; she has arranged a "Spring Serenade" Flower Arranging Demonstration in by Mavis Allin on 12th May at the John Fretwell Centre, Sookholme. The proceeds from this event will go to NSPCC.

Tickets £7 - 2.00pm for 2.30pm light refreshments included. Tickets only – available from Warsop Inner Wheel Members. Christine is also arranging a "Pims and Promises" Event at the home of John and Barbara Harding for 29th May – contact Inner Wheel members for details.

The meeting closed at 10pm.

A farewell service was held at St Peter and St Paul's Church on Sunday 9th May for the Reverend Kathryn Herrod, pictured with Rotarian, Eric Townroe, who said a few words on behalf of Warsop, Shirebrook and District Rotary Club and President Anne Lyons who spoke on behalf of Warsop Inner Wheel, who also presented her with a gift.

Warsop Men's Probus

At the meeting of 7th of April Chaired by President Mr. Brian Bennett The place of the speaker was taken up by an innovative new procedure, which will take place from time to time in our newly reformed programme for the coming year, this will consist of interviews of current members by Professor Peter Birchenall, who is one of our members.

Interviews will be in depth, and will endeavour to find out snippets of information otherwise unknown to fellow members, such as place of birth, education, work, and how the person being interviewed came to be involved with the Probus Movement.

Mr. Brian Bennett was the first volunteer to be interviewed, and the probing by Peter Birchenall revealed some fascinating detail about Brian's life, that had hitherto been unknown to many of the Members present, we look forward to our next "Volunteer." On completion 28 members and guests sat down to lunch after grace said by Eric Simpson

The meeting that took place on 21st of April 2010 the President Mr. Brian Bennett welcomed all members and guests to the meeting, and said that due to very unfortunate circumstances Mrs. Lynn Fraser-Smith could not attend due having suffered a slight stroke, and that her place would be taken by our own Vice President Mr. Les Nickless, at very short notice.

Les was to give us one of his very interesting video presentations entitled "A Pictorial History of Warsop Vale". Starting when the Vale was first started in the 1890s Les took us through the history that he had produced from old photographs, right up to the present day, a really fascinating pictorial representation, that he had done entirely on his own, and had interspersed with pieces of British Coal archive film, of the development over the years of the Village and its inhabitants.

On completion of his presentation 26 members and guests sat down to lunch after Grace said by Peter Birchenall

Book Review

Dead Like You by Peter James

Peter James has written a new Detective Superintendent Roy Grace mystery. The Metropole Hotel Brighton is the setting for a new investigation after a woman is raped as she returns to her room following a New Year's Eve ball. The following week sees an attack on another woman. The offender has taken shoes from both victims. Det. Sup. Grace realises that these similarities also links to a series of unsolved crimes in the city back in 1977.

It was thought that the 'Shoe Man' had raped five women before murdering a sixth and then vanishing. It could be a copycat or possibly the 'Shoe Man' is back. There are more assaults on women and Grace believes that they are dealing with the same man. He delves into the past, which for him was a time when he and his missing wife Sandy were apparently happy together. In doing this he hopes to unlock the current and growing mystery. The possibility of a new sixth victim, whose life is under threat is the challenge for Roy and his team, and time is crucial.

Innocent Traitor by Alison Weir

Much is made of King Henry VIII's and Elizabeth I's reigns that the time in-between is almost overlooked. This historical novel, from Alison Weir, of Lady Jane Grey, the queen who reigned in England for nine days, used as a political 'pawn', even by her own parents and who met her unjustly and untimely end by the executioner's axe aged only 16, is an emotional rollercoaster of a read.

The story is told in a first person context so the reader gets an insight into the consciences and feelings of the people who played a main part in Lady Jane's life, even from the executioner, who ended her short but tragic life.

The Tudor period was a fascinating time in our history and it seems incredible that this shocking story has been overshadowed by other more famous events of that period. A gripping novel and thoroughly recommended read.

Nineteen Minutes by Jodi Picoult

Nineteen minutes is the time it takes Peter Houghton, a student at Stirling High, a school in small town middle America, to walk into the school and kill ten children, one teacher and leave numerous others physically and emotionally scarred in his wake. Sadly, this is a tale for the context of our times.

Told with different viewpoints, Jodi Picoult really gets under the skin of bullies and victims alike, so that it's hard to know where the sympathy really lies. She perfectly portrays the dog-eat-dog world of schools and the moral dilemmas they face, such as siding with the bullies or the bullied in order to fit in.

Although, in my opinion, the book tends to go on a little too much in certain areas, stick with it because this turns out to be a well written, thought provoking book, climaxing with Peter Houghton's trial and a final twist at the end.

The Marks of Cain by Tom Knox

As writer of the bestselling The Genesis Secret Tom Knox treats us to another startling thriller.

David Martinez is a young lawyer whose dying grandfather gives him an ancient map. This opens up the mysteries of his past and leads him into the heart of the Basque mountains. Already a dangerous place, there is a buried genetic curse and a frightening hidden secret about the Western world's past.

In London, journalist Simon Quinn may have found his big break. The horrific murder of a wealthy, elderly woman is followed by another homicide. Both victims came from villages in the Basque region and both were interred at a top secret Nazi camp. They were silenced for their knowledge of experiments conducted on the Basques, Jews and the Cagots a mystical tribe of pre-Caucasian locals whose numbers are dwindling.

The roots of racial persecution, human violence and war all could be revealed as the paths of Martinez and Quinn's cross. Their investigations take them to places as far from each other as the North Sea islands and the Arizona desert to the graveyards of the Basque countryside and colonial Africa.

3 Parishes Walks

Another successful annual sponsored walk around 40 walkers turned out in the sunshine to walk for their group raising money with every step.

Our own SOS - SAVE OUR SWIMMING team, we're the ones in the blue, attempted a 3km walk but got slightly lost so decided to come back for a cuppa and a biscuit! It was well worth getting up early to raise money to help save our swimming pool from closure, whilst enjoying our beautiful surroundings.

My thanks go to my trusty team of volunteers who make the day possible and to Glen, the new Caretaker at the Parish Centre for helping with the refreshments.

A good time was had by all! Can't wait till next year!

THE ROYAL BRITISH LEGION

We have a stall planned at the Carnival and will be available to give advice to anyone who is a potential beneficiary of the help of the Royal British Legion.

Beneficiaries are those who have received at least 7 days pay in the military and it also includes their dependents.

Have you or a member of your family served? Come and see us. Members have decided that we should have more guest speakers at our meetings so we start in June with a talk on welfare by our Caseworker, Mr Cliff Meredith. All are welcome.

Our June meeting is on Monday the 14th at the Memorial Club, Bishops Walk, Church Warsop. 7.45pm

Warsop Police Update

On Friday the 14th May the safer neighbourhood police team worked with partner agencies to hold a community engagement directed at the younger members of the parish.

The aim was to establish what activities would they partake in on Friday evenings should the appropriate funding be forthcoming. The Police worked closely with the Fire Service, Youth services, Mansfield District Council ASB Team, County Council ASB Team, SureStart, local councillors, a number of local residents and Kev Keegan (and his large amount of volunteers) from SHINE, in approaching the local children and canvassing their ideas. The children played football against the fire fighters, visited the youth service bus, ate from the burger van, played in the quaserlaser, had a go on the KMX karting, took part in the organised BMX event and were entertained by The PETEBOX (Radio 1's beatbox champion).

This event was also arranged to combat anticipated anti-social behaviour that usually occurs when year 11's leave school. Over previous years the Police have been inundated with complaints of juveniles drinking alcohol, causing problems and damaging property. It also needs mentioning that the Safer Neighbourhood Team confiscated and disposed of around 200 can/bottles of lager, alco-pops, whiskey and even bottles of Newcastle Brown. When you consider that this alcohol was confiscated over a 4 hour period it goes to show what we are up against.

The majority of this alcohol was secreted amongst hedges, in trees, behind park benches and amongst overgrown bushes in an attempt to be kept out of our view. As is generally the case most of the juveniles refused to come forward and own up to possessing the alcohol, yet the odd few that did own up explained that they were taking the alcohol from home.

Again, I urge all parents to be vigilant about the amount of alcohol that is being removed from their fridges, pantries, beer cupboard etc, by their children or children's friends.

Every weekend our team is having to take a drunken juvenile home and responding to numerous calls over drunken children being rowdy and causing a nuisance. These children are also able to convince 'adults' to purchase their alcohol for them. If you are approached by juveniles to buy their alcohol I would ask you to inform the staff at the off-licence of their activities. All off-licence premises should possess the beat teams contact numbers for us to attend and deal with the juveniles in question.

I also need to advise people that we work very closely with the Neighbourhood Wardens for the area. They are part of The Safer Neighbour Team which include Police and PCSO's. Recently they have received some unwanted abuse by local residents venting

their anger about nuisance behaviour in their areas. The Wardens are extremely hard working and care greatly about the job that they undertake. No disorderly/threatening conduct towards them will be tolerated and positive actions will be taken where offenders are identified.

Another power that the Police are currently using in Warsop is a 'Direction to an individual to leave a locality' notice. This legislation has been given to us under Section 27 of the Violent Crime Reduction Act 2006 which gives a constable the power to issue a direction to an individual who is in a public place to leave a locality where the officer believes that such direction is necessary to remove or reduce the likelihood of there being alcohol-related crime or disorder in the locality. This direction prohibits the return of the individual for a specific period that will not exceed 48 hours. Any individual who fails to comply with a 'direction to leave' when it is given or breaches the direction during the period of which it applies, can be arrested and prosecuted for the offence.

On a better note. Summer is here and the barbeque season can begin.

Planning the future in the Parish of Warsop

We now have a new Government and Prime Minister at 10 Downing Street. We can all wonder how this will affect us at a local level.

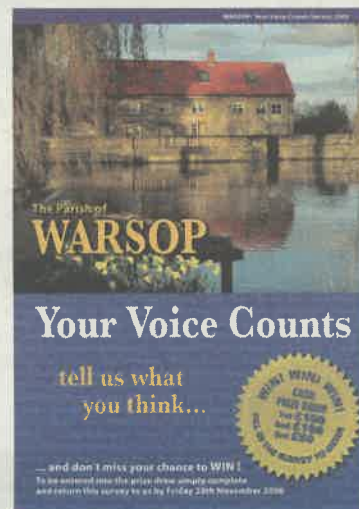

Your local councillors, partners and community representative agreed a priority action plan at the last meeting of the Warsop Parish Partnership Open Forum which has identified 10 urgent priorities for the Parish, using the information from the "Your Voice Counts Survey" circulated to your home in 2009.

These are:

- Secure the future of the swimming pool.
- Secure the future of the Town Hall as a community facility.
- Development of the Welbeck Colliery site.
- Ensure community involvement in deciding local policing priorities.
- Review the conditions and facilities of our parks.
- Produce a directory of activities for young people.
- Produce a directory of activities for older people.
- Secure local employment opportunities where possible.
- Provide and maintain access to local training opportunities.
- Reduce dog fouling.

These will be discussed further and approved at the next Parish Council meeting on 24th May.

Further actions have also been agreed for the local plan and a full copy will be available on www.warsopweb.co.uk or a printed copy at the Town Hall.

Do you agree these local priorities?

What else is important to you?

Tell us by contacting The Clerk, Tania Barlow on 01623 846011, email: tbarlow@warsop.gov.uk or tell your local councillor.

UPDATE on some of the priorities:

- A business plan for the swimming pool to be discussed with the Executive Mayor on 17th May.
- Parish Council hoping to complete the purchase of the Town Hall at the end of May.
- Consultation with young people on Carr Lane on 15th May.

We will continue to **UPDATE** you in every issue on the progress of the new plan for the future of our Parish.

FOCUS ON FITNESS

by Ann Thompson

Hello All,

This is the last time I will be writing in this paper as I have decided to hang up my trainers for good.

I will really miss taking the classes and have met some lovely people over the 25 years of teaching. My shoulder is continuing to improve, should be OK by September.

I have other commitments to busy myself with and a lot of holidays booked. So thank you for reading my column and attending my classes. Thank you Tania who does a sterling job with the Warsop & District News and all her other jobs within Warsop. Will miss you all. Keep exercising.

Love - Ann Thompson

The Rotary Club of Warsop, Shirebrook & District

Rotary Club news update by: Steve Garner

Kathryn Herrod with Rotarian Eric Townroe before her departure from Warsop Parish Church for another church elsewhere.

The Rotary Club, at its meeting on the 6th May, were fascinated by a talk by Kathryn Herrod, the departing vicar of the Warsop Parish Church, who gave a talk on the customs and ceremony of the marriage service. It was also a sad occasion, as Kathryn is off to another church and Phil Lyons gave a moving vote of thanks both for her speech and her time in Warsop, where she has become a valuable member of the community.

On Sunday, 9th May, a number of Club members, with their wives and a profusion of dogs, walked over 6 miles around Radmanthwaite and Mansfield Woodhouse in order to raise money to help eradicate Polio worldwide, Steve and Jenny Garner hosted a meal in their garden after the walk, which raised nearly £700 for the cause.

On Tuesday, 11th May the Rotary 10 pin bowling team took on a team from Wirksworth. They were, unfortunately, much too good and Warsop, without their best players who were unavailable, were beaten.

At the meeting on the 13th May, with Senior Vice President John Fretwell in the chair, the Club were interested to hear from a speaker from Framework, a charity working with the homeless and carrying out valuable work. Following many questions, a vote of thanks was again given by Phil Lyons.

The walkers gather with their dogs before setting out to Walk for Polio.

Court out: 67 year-old faces eviction for anti-social behaviour

A pensioner whose anti-social behaviour caused havoc at a sheltered housing complex is to be evicted from his Council flat.

Roy James Witherden (67) of Melville Court, Meden Vale has been told he must leave his home by 10 June 2010 after Mansfield District Council successfully obtained a possession order at Nottingham County Court following a two and a half day hearing.

Mr Witherden was granted a tenancy in March 2009 and the anti social behaviour began almost immediately. Within weeks, the Council began to receive complaints about noisy arguments between Witherden and his partner.

Witherden, the sole tenant, refused all efforts by Council officers to discuss his behaviour.

In little more than a year, he has:

- had the Police called to his property on 45 occasions following complaints from neighbours
- verbally abused vulnerable tenants, including pensioners and people with disabilities
- made the lives of two residents so miserable they were moved to other Council properties to escape his anti-social behaviour
- been convicted of assaulting a Council Tenancy Support Officer had violent arguments and fights with his partner
- upset elderly residents by exposing himself while walking around in a public area at the complex.

Residents were so angered by his behaviour that they submitted a 36 name petition to Mansfield District Council calling for action.

The Court heard evidence from a Council Anti-Social Behaviour Officer, two Tenancy Support Officers, eight current and former

residents and three Police officers. The Court was informed of how many residents at the formerly peaceful 37-flat complex had had their lives turned upside down since Mr Witherden moved into the flat with his partner.

Further evidence described how in August last year he injured a female housing officer when he threw a 42-page legal document in her face. The incident happened after he had been served with an application for an injunction. He was later convicted of assault in Chesterfield Magistrates Court.

Councillor Danny McCrossan, Portfolio Holder for Public Protection at Mansfield District Council praised Melville Court residents for the way they had stood up to Mr Witherden by coming forward to give evidence.

He said: "There are many vulnerable residents at Melville Court and they have shown great bravery in the face of some intimidating circumstances. Two residents, including a disabled lady, had moved out because of his actions but still provided vital evidence for the case.

"All our efforts to reason with Mr Witherden and to warn him about his behaviour appeared to fall on deaf ears, so it is difficult to have any sympathy that he now faces eviction.

"This action should also act as a clear warning to others that Mansfield District Council takes anti-social behaviour extremely seriously and we will always stand up for the rights of the peaceful majority."

Meden Vale Fed up Residents

This is an appeal to the hooligans who are spoiling our village - whoever you are!

I am sure you know the damage and distress you are causing to the law abiding citizens who live and work providing much needed facilities in our village.

There are the older residents who over the years have worked hard to provide some of the areas which you neither respect nor care about. It's your future too do not forget, you will have nothing left if this present behaviour continues.

I am talking about the park and the fact that it is being deliberately wrecked as well as making the lives HELL for the families living in the area. Some of the people could be your Mums, Dads, Grandmas and Granddads. Just think before you do any more damage.

Do you want to live in a Hell hole? If so there are plenty of places you can find in the world to suit you, they would give anything to have what you are destroying.

The only comment we hear is that there is nothing "for you to do" does that make it right to do what you are doing? Causing so much havoc.

It's such a shame because some of the young parents too are trying to help provide more facilities for you but to be honest, just like us older folk, they are starting to think you are not worth helping, but the well behaved are going to suffer if we do not do our best to shame YOU, THE TROUBLE MAKERS WHOEVER YOU ARE, but of course it isn't you is it? It's the others.

PLEASE THINK OF OTHERS AND STOP CAUSING SO MUCH STRESS TO US ALL

Ann Dawson - resident

Meden Vale The Future

Registered Charity No. 1115359

The 55th meeting of Meden Vale the Future was held at the Village Hall on Monday 10th May 2010.

8 members of the Committee were present plus 1 Representative from Meden Vale Community Association, 1 Representative from the Playscheme, 2 Representatives from Fundsport UK, 1 Representative from NCC and 1 Representative from Welbeck Colliery Football Club. There were 5 apologies.

Prior to the meeting, a cheque for the £10,000 raised by Meden Vale Community Association and Meden Vale the Future for the Sports Project was presented to Fundsport UK. This money will be paid into a newly opened account which will be controlled by Fundsport UK and the Trustees of Welbeck Miners' Welfare. Photographs were taken by representatives from the Chad and Fundsport UK for publicity purposes. Ground works have started for the MUGA, pavilion and football pitch areas. The site for the proposed Playarea was discussed and the general opinion was that the preferred location would be between the MUGA and the back of the Village Hall. This would require an access gate being installed along the rear fence of the Hall, which would not pose a problem. A site meeting involving Fundsport UK, the Project Architect, UK Coal and the Council Building Inspector has taken place and all outstanding issues resolved, which will allow work to proceed to the next stage.

Arrangements for the Food Hygiene Course, which will commence in June, are in hand.

The Treasurer advised the accounts were still satisfactory, all invoices having been paid with the exception of the Caretaker's wages.

A letter has been sent to the Youth Club suggesting a £15.00 rental for the use of the Hall on Friday evenings, a reply is awaited.

The replacement lock for the disabled toilet is still outstanding but is expected to be purchased shortly. A member queried the cost of building and public liability insurance and it was agreed to obtain an additional quote to see if the cost can be reduced.

Next meeting will be held on Monday 7th June 2010 at 7.30 pm at the Village Hall. All welcome.

Please contact the Secretary, Kay Walker on 01623 844282 for further information.

MS UPDATE

Hi Everyone,

I am absolutely shattered, but over the moon at the same time!!! Why? It was MS Awareness Week from April 26th to the 30th, and we had the best one yet.

So many people visited our stall at King's Mill hospital to ask for advice about this illness, or to have a go at our daily Tombola. What a superb turn-out!!! It got so popular this time, that Bob and I had to go out and purchase another 100 prizes for the Tombola. What made it extra-special this year was having a Neurologist come to see us to ask for information about Multiple Sclerosis - that made our day! Raising awareness is our ultimate goal during this week, and to finally have a Consultant need our input was brilliant. Hopefully, the MS Society can build on that next year.

In addition to the MS literature and the Tombola, we put on a raffle to celebrate the Branch's 50th anniversary. I thought that when I left teaching I would no longer do displays - WRONG!!! There I was sat on our Lounge floor sorting out photographs, labels and headings to arrange on our display panels. Do you know that I still muttered under my breath when things did not flow properly, just like I did at school over the years!! I do not alter!!!

Many of our MS patients will benefit from the money raised, and from the information given. The Branch would like to thank everyone for their support - in particular, Lyn Phillips, Nadine Bull, Pat and Ray Upton, Monica and Ralph Bell and Marks and Spencer for their generous donations. Our Committee, once again, not only volunteered to help on the stall, but they also provided a lot of prizes. A special thanks goes to our ambulance driver, John, who not only brought many of our volunteers in to man the stall, but was also there every morning to help set-up the Tombola and raffle. Thank-you to everyone who helped us have such a magic week!!

The next hurdle to sort will be our A.G.M. on May 11th, at the Stags Centre, from 7.00p.m. Carole, our Events' Co-ordinator, has a great programme for the coming months, including a Race Night in July and a Karate demonstration in October. As always, the group meets every 2nd Tuesday of the month. There is a bar, hot drinks available and a lovely buffet. We are a group of all ages, children welcome. We are pleased to see new faces at each Social.

If you need advice on MS, or grants for equipment to make your life easier, we are here. Our Support Team are wonderful! Give them a ring on 0800 5420901, for confidential help and support.

Well, folks, that's it for now. Thanks for putting up with my essay, and I look forward to telling you more about Branch activities as we move closer to our special celebrations in September.

Hope you all have a brilliant summer. **Lynne Willetts**

Farewell Kathryn

On Sunday 9th May 2010 The Reverend Kathryn Herrod preached and officiated at the Eucharist in her final service in St. Peter and Paul's Church, as the rector of Warsop.

A congregation of over 200 turned up at the service to say goodbye and to wish her and her family well as they move to Hucknall. Kathryn will be the team leader over several churches and based at St. Mary Magdalene's. Her last 'sermon' was in two parts - a quiz for the children on the Parish of Warsop and a personal reflection on the developments that have taken place in her nine years as Rector. Gifts were given on behalf of the Church Family in Warsop, The Royal British Legion, Boys Brigade, The Church Choir, Rotary Club, Inner Wheel, Warsop Community, Powerhouse and cheques from congregations. Warsop Brownies donated cakes towards refreshments after the service.

We wish Kathryn, Anthony, Mark and James God's Blessings on their futures wherever they may be.

Mark's Dedication

On Sunday 18th April we welcomed Mark Cantrill back to the Parish Church as we dedicated the new chancel carpet.

Mark has given a very generous donation towards the carpet in memory of his wife Nicole who died whilst he was Curate.

Cubs Say Farewell to Kathryn

Rev Kathryn Herrod was presented with flowers at a recent cub meeting to say thank you for all the help and support she has given the scout group over the last 9 years.

After School and Holiday Clubs

We are currently involved in plans to relaunch Unit 2000 alongside the Youth Service. We hope to bring activities and staff to provide a range of exciting things for you to do.

This includes music, film making, sports, dance, cooking, fishing and more. Also, there will be space just to chill out with your mates. We recently had an event on Carr Lane to do a questionnaire to find out what you want and your answers will form our plans.

Shine at Unit 2000 will be open 3 or 4 evenings a week, see press for more details about our launch event soon!

Meanwhile, our Shine on Wednesdays after school club has just topped 100 young people attending. That's fantastic; thanks to all of you that support it and to the staff that make it happen. There are plans to start an after school session just for Meden aged pupils... watch this space.

Holiday Activities

There are loads of activities happening across the next half term. Please look out for postcards coming home from school advertising the programme soon. We are hoping to again have a separate boys' day and a girls' day. Last holiday we went go-karting and horse riding, did cooking and sport and had a visit from the climbing wall. There's always loads to get involved in. Remember it's for every pupil from 5 to 19 years of age so if there's something you think Shine should be doing let us know.

The date for Shine @ Summer has been set for 9th August till 22nd August. Details will be out in school, on the warsop web and available through Shine Media. There is a residential planned again this year. Email or text Shine if you would like to receive information directly.

Youth Council

Coming soon is POWAR - a joint project between Shine and the Youth Council. This is the PRIDE OF WARSOP awards. We want to find out what you like about the Warsop

area. Yes, we know it has its problems, (like everywhere), but there is loads of nice people, great places, brilliant services and things to celebrate. The next issue of this paper will tell you how you can nominate the person or service that makes you PROUD OF WARSOP.

Shine @ the Carnival

We will be hosting a special Shine marquee at this year's Carnival. This is to showcase all of the great things your children do; including dance, singing and art. There will also be loads for you to have a go at too including arts and crafts, DJ'ing, music and photography. It is also a chance to find out more about Shine Media; our own, local media production company ran by young people. Come along and say hello.

Also, for the first time there will be a separate under 18's disco held on the Carrs on Saturday 17th July. This will be a safe, alcohol free event to allow young people to party! There is a committed group of agencies, Shine staff and adult helpers involved ensuring that every goes to plan.

Finally, Home Access

Time is running out for applying to this scheme. If you think you might be eligible, give Shine a call to go through the papers. It's really easy and you should have a laptop within 4 to 5 weeks if your child qualifies. Don't miss this chance.
