EDITOR'S LETTER

Time is really flying by now and we've had some nice patches of sunny weather and some not so nice patches of cold weather! I just can't believe it's nearly CARNIVAL TIME! We still need volunteers on the day to sell programmes, erect fencing, litter picking and anything else that needs doing! We also need more members on the committee to attend meetings, do admin, deliver programmes and anything else that needs doing. "Many hands make light work!" **WE NEED MORE HANDS!** - So please help us if you can. The Carnival would not happen if it wasn't for the small band of extremely dedicated volunteers, don't be shy come and join our merry band!

SEE YOU ON SUNDAY 3rd JULY, I'll be the one running around like a headless chicken!

There is a new Gardening shop open on High Street. Mr. Maggot Man, Inspire and Greetings on High Street have now closed. Bargain Booze have extended their grocery range covering the whole of the ground floor. The Plough is open again and the Talbot is closed again! But who knows by the time you read this it could have all changed again!

Gardening Monthly...

July is usually one of the driest months so a lot of time may be spent watering. You can reduce water loss and save yourself some time by preventing water loss. Mulching with a layer of organic matter will help preserve moisture but may encourage slugs so you will need to take action against them.

Another good method of preventing water loss is to hoe. This not only kills the weeds but breaks up the top of the soil stopping water from being drawn to the surface by capillary action and evaporating.

Harvest

The harvest should be in full swing now, providing you with the following:

Broad Beans, French Beans, Runner Beans, Cabbage, Carrots, Cauliflower, Celery, Courgettes, Cucumbers, Kale, Kohlrabi, Lettuce, Onions, Spring Onions, Peas, Early Potatoes, Radish, Spinach, Tomatoes, Turnips

When you harvest your potatoes take care to remove all the tubers. Any left will not only sprout next year and become a weed but will also be a reservoir for disease and potato blight spores. It's often worth forking over a few days after harvesting potatoes because more seem to miraculously appear.

Sowing, Planting and Cultivating.

Sowing

There are still quite a few things you can sow in July.

Spring Cabbage, Chicory, Chinese cabbage, Kohlrabi, Lettuce, Peas, French Beans, Beetroot, Carrots, Radishes

Green Manure

When you have harvested your potatoes you might like to consider sowing a green manure crop. Mustard is fast growing and is supposed to confuse the potato eel worm into breeding at the wrong time. It is a brassica so don't use it if you suffer from club root.

Another fast growing crop you can use as a green manure is French beans. Even if you have enough beans to feed an army, the plant produces a fair amount of leaf and stem plus the roots, as with all legumes, have nodules containing bacteria that fix nitrogen from the atmosphere. Free fertiliser as well as organic matter.

Planting

If they've not gone out yet, it's time to plant out your leeks. Just dib a hole about 150mm 6" deep and drop the leek into the hole. Water it in and the job's done. Don't follow old advice about trimming the tops and roots, it has no beneficial effect and is probably harmful. You don't need to fill the holes with soil, enough will wash in with watering and rain. The reason you plant in a hole is to blanch the stem.

It's also the month to plant out:

Broccoli and Calabrese, Cabbages and Cauliflowers, Kale

Cultivating

Keep on top of the weeds, it really is far easier to hoe them as small seedlings than as grown plants. Even if you can not see any weeds, hoeing will actually be killing tiny seedlings you have not noticed and will be helping reduce moisture loss as I said above.

Keep your tomato sideshoots in check, you want tomatoes not masses of foliage. Ensure they are watered regularly, drying out prevents the plant from taking up sufficient calcium and the deficit causes blossom end rot.

Don't forget to feed your tomatoes as well, we demand a lot from them and need to keep them well fed. It's a good idea to give your maincrop potatoes a feed as well. A major cause of poor crops with potatoes is poor nutrition. They are a very greedy plant and a boost now will pay a dividend in tubers. A feed balanced as for tomatoes is ideal. If you make your own feed from comfrey, this is ideal.

Keep your onions well weeded and don't forget to feed them as well to get the best possible crop.

In the Greenhouse

Ensure good ventilation. It can get incredibly hot in a greenhouse with strong sun and scorch your plants. You should also consider shading the house either with blinds or films or with a shading wash.

Fruit

Many fruits are ready to harvest or swelling. Swelling fruit requires a lot of water so ensure they have enough. July is a good month for summer pruning apple trees.

General Jobs in the Garden

Keep on top of the pests. Aphids and Blackfly are a particular problem. You can control them with pesticides or just wash them off many plants with a strong jet of water. A wash with soft soap will do no harm to the plants and will reduce numbers.

With broad beans you can pinch out the tops which are most attractive to blackfly. Another 'trick' is to plant some nasturtiums which attract blackfly. You can then pull the nasturtiums and their blackfly.

Keep an eye on your brassicas for butterfly eggs and caterpillars, these will most probably be under the leaves. Pick or wash them off before they dine on your dinner.

Bird Notes...

June has so far been a month of contrasts, with the near drought-like conditions at the beginning of the month being replaced by intermittent heavy rain showers at the time of writing.

Early broods of blackbirds, song thrushes, robins and dunnocks may have been affected by the lack of rain, with the hard sun-baked soil and drying out leaf litter unable to yield many of the worms and other invertebrates that the adults feed to their young. Luckily for them the weather has changed and the rain showers have provided the ideal conditions for this kind of prey to proliferate.

Many of you will have noticed the young of familiar garden birds appear, especially noisy ones like juvenile starlings; their all brown plumage separates them from their spotted, iridescent brightly coloured parents. Their loud, insistent buzzing trill of a begging call demands attention both from their parents and from you (and any predators that may be prospecting the vicinity.)

Juvenile starlings are an excellent species to begin to appreciate how birds moult their feathers. They will slowly lose their brown colouration and replace it with the spangly plumage of the adults, although this will be the slightly less showy and spangly winter plumage of the adults.

Some species achieve this transformation into apparent adulthood in a much shorter time; the young robins that fledge from the nest are an orangey brown colour with lighter coloured raindrop-shaped spots, especially on the wings. This is obviously for camouflage and will render the young birds virtually invisible in dappled shade, as it is under trees and bushes - the robins preferred habitat. It will only be a matter of weeks however before these juvenile feathers will be replaced with the more familiar adult plumage.

The different generations of blackbirds can be easily separated in the field (or even better if they are in the garden and that bit closer). As in the case of the robin the juvenile blackbirds have a mainly brownish plumage relieved with lighter coloured spots which they will replace over time with the adult one of either black (males) or brown (females). They will however retain some of their juvenile wing feathers to well into winter and beyond, thus enabling you with a careful look to see the difference between these often paler, more worn feathers and the newer, fresher looking ones. This is more easily seen on the young males than the females; the black of the body feathers making the older brown feathers on the wing stand out more.

Make the most of the coming weeks, as soon most birds will be coming to the end of their breeding cycles and as they begin to moult, will keep out of sight. This is the time when the migrants start to slip away and before you know it the seasons are changing once again. But hold on there's loads of Summer left yet to enjoy.

Here's to it! - B.A.

Loss of Birds

For a few days, near Budby Pumping Station, local birdwatchers were able to see ringed plover chicks on the western end of the "splash" that appeared as a result of mining subsidence.

Necessary work carried out to remove posts and wire from the old river course, which also included the removal of the trees and shrubs, unfortunately caused the destruction/disturbance of a swan's nest and the area occupied by the little ringed plover.

We were very lucky to have them as they are not a common bird and have Section 1 protection so it is especially sad to lose them.

The two sets of plovers have flown and as the chicks were only a few days old they will have been predated. The removal of an old established hedge to the south of the splash came to a halt when the Wild life Trust were informed and visited the site but not before at least three long tailed tits and two reed warbler's nests had been destroyed. The RSPB investigation unit and the police have been informed and we await the outcome of investigations. The matter has also been brought to the attention of local councillors and our MP.

We have also lost our 6 cygnets, they all drowned in the man made dam near the bridge. Two local men tried to save them but the adult swans attacked them. All they could do was stand and watch the tragedy.

WARSOP

Footpath & Countryside Group

Good news about our footpaths. Nottinghamshire County Council has agreed to continue supporting us in maintaining our rights of way so Warsop Footpaths & Countryside Group will be able to carry on keeping our paths clear of vegetation. Footpaths in other parishes will get just one cut each year carried out by a contractor.

The bad news is that we will only be paid to cut the paths once a year when we usually mow them two or three times. This effectively halves our income and the arrangement will be reviewed at the end of the year. We should have enough money to cover our running costs but in the future we may have difficulty funding any machinery repairs or replacements.

The dry spring weather has made the task of clearing our footpaths easier this year as the grass is growing much slower than usual. However hedgerows are needing more work. The warm weather has encouraged their growth and the weight of snow and ice on them last winter seems to have destabilized the structure of some hedges causing them to collapse across paths. Normally we try to avoid working on hedges between March and September because of nesting birds but this year we have been unable to stick to this.

The slow growth of grass also seems to be affecting the grasslands around Warsop where the wildflowers appear to be having less competition this year. It will be interesting to see whether allows them to produce a more impressive display than usual. A good spot to check this out is on the triangular section of the Hills & Holes just over the River Meden at the end of Stonebridge Lane.

Nottinghamshire Biodiversity Action Group organized a course in Warsop in early June covering the skills needed to identify water vole sites. In the afternoon the participants walked up the River Meden between the Mill Dam and Stonebridge and we found a lot of evidence that they are still around on that stretch of the river. We now need to complete a survey along other sections of the river so that we can get a more complete picture of how extensive the population is. Contact us if you would like to be involved in this task. Please let us know if you spot mink on the river as they are the main predator of water voles.

On a recent morning walk I counted 31 piles of dog mess on the newly resurfaced bridleway section of Sandy Lane between Meden Avenue and the railway bridge. I will leave you to decide whether this tells you more about inconsiderate dog owners or about my counting obsession! I get the impression that some parts of the parish are much cleaner than they used to be, so it is a shame that other routes remain unpleasant to walk along.

The Footpaths Group walk on Saturday 16th July will be another Nottinghamshire walk, probably around Markham. We will leave Warsop Library at 9:15 and will travel by car to the start of the walk. You are welcome to join us, get in touch if you would like more information.

Elmton Well Dressing June 2011

The 2011 Elmton Well Dressings will go on display in Elmton Village, near Creswell, Derbyshire on Friday June 24th. There will be three well dressings on display, one at the Church and the others by the upper and lower wells. The main well dressing will be constructed during the week commencing Monday 20th June by the local community and volunteers. This will take place in the Old Schoolroom next to St. Peter's Church in Elmton village.

The other two well dressings are being decorated by Creswell Infants School and by Eckington Camm's School.

All the Well Dressings will be revealed on Friday June 24th at 7:00 when the traditional Blessing of the Wells service takes place in the open air around each of the Well Dressings. All are welcome to join in the walk round the village.

The well dressings remain on public display during the weekend where there is an exhibition of local history in the church from 12:00 - 4:00 on both Saturday & Sunday. Cream teas are on sale in the old schoolroom next to the church at the same times.

Elmton villagers have been producing Well Dressings since 1986. This is a real community effort involving local people and residents of the small picturesque village of Elmton in North Derbyshire, mentioned in the Doomsday Book. Preparations for the well dressings begin early in the year with a theme chosen and a design produced. Meanwhile, last year's efforts have to be dismantled where the clay is removed and cleaned and the boards prepared by soaking them in the village pond for 2 weeks. The dried clay is regenerated and puddled over many weeks until it is a perfect condition to be reused for the current year's Well Dressing.

The culmination of events is the preparation of the Well Dressings themselves. Two of the 2011 Well dressings will be prepared by local schools,

whilst the main dressing is prepared during four frantic days of activity from dawn to dusk in Elmton Old Schoolroom. An army of people work tirelessly in shifts like a production line with extremely skilled workers. Many a midnight lamp is burned on the penultimate day as the deadline looms ever nearer. But, thanks to the hard work of local volunteers, it is always finished on time for the dressings to be put on display before the traditional Blessing of the Wells service on the Friday night. This is often accompanied by local Morris Dancers who echo the long traditions of Well Dressings.

The Well Dressings remain on public display in the village for about two weeks. Other events are often held to coincide with Well Dressing Weekend as it is known locally.

We have landed two more gigs for the Summer term.

1. A Concert organised by the Edwinstowe Festival Committee in the Edwinstowe Welfare Hall on Saturday 9th July 2011 at 7-30pm. The Dukeries School Band, The Community Band, and we The Dukeries Singers are all performing, so a good night is anticipated.

2. The Pet Bereavement Support Group is holding a Garden Party on Sunday afternoon 21st August and we have been asked to sing there.

We are looking forward to both ventures and hope to see many supporters at these events.

I would like to thank all the Choir members who so generously sponsored me for the Cancer Research "Race for Life" event, held on Sunday 12th June 2011 in Clumber Park. With the aid and encouragement of a Daughter and two Granddaughters I completed the five k "run." We covered ourselves with glory and came LAST, I was so slow, but we did get a round of applause at the finish line.

A lovely Summer to all.

We rehearse on Wednesday evenings 7.30pm to 9.30pm at the Adult Day Centre at the Dukeries School off Whinney Lane entrance & car park. Just turn up and give us a go or contact our Chairman Alan Sinclair on 01623 823271

Mansfield District Council
Creating a District where People can Succeed

Major Roadworks Planned for Woodhouse Road

There will be major roadworks on a main route out of the centre of Mansfield this August.

As part of Nottinghamshire Highways Partnership's commitment to upgrading the structural condition of the County's road network, work will be carried out to a stretch of Woodhouse Road (A60) between Ashfield Avenue and Birding Street.

The work is programmed to take place from Sunday 31 July 2011, with an estimated completion by 26 August 2011.

Diversions will be in place for traffic headed northbound out of town, but traffic headed into Mansfield will be unaffected. Drivers entering the affected stretch of Woodhouse Road from side streets will only be able to travel southbound (towards the town centre).

Mansfield District Council will be carrying out the works on behalf of the Nottinghamshire Highways Partnership.

The Council has written to 1,300 households in the areas around Woodhouse Road to inform them of the work and to apologise for any inconvenience. Refuse and recycling collections will go ahead as normal.

Anyone requiring further information in advance of the work should call Keagan Cooke on 01623 463369 or, during the work, Steve Dalby on 01623 463720.

Residents are being reminded that Mansfield District Council will generally contact householders by telephone or letter and will not make unsolicited calls to offer services such as surfacing driveways or block paving.

Mansfield District Council employees will carry identity badges with them at all times and if any resident is in doubt they should call the Council on 01623 463463.

Councillor Phillip Shields, Portfolio Holder for the Environment at Mansfield District Council said: "Disruption to any road, especially such a busy route, is never welcome but the surface on this stretch of Woodhouse Road is in clear need of upgrading.

"The work has been timed to take place during the school summer holidays, which is traditionally a quieter period but there inevitably will be inconvenience - especially for local residents - for which we apologise.

"I am sure every motorist will feel the benefit of having a much improved road surface after the work is completed."

I'll Walk Alone

A novel by Mary Higgins Clark

A book in the Alvirah and Willy series

Thirty-two year old Alexandra Moreland is a rising star in the architectural world and lives in Manhattan. But when she is plagued by identity theft, her successful life is turned upside down. Someone has gained access to her bank accounts, credit cards, personal background, and is now impersonating her. Then, with overwhelming circumstantial evidence stacked against her, Alexandra is arrested for the murder of a woman she claims she's never met. Or has she?

Carte Blanche

A novel by Jeffery Deaver

(A book in the James Bond series)

'The face of war is changing. The other side doesn't play by the rules much anymore. There's thinking, in some circles, that we need to play by a different set of rules too...'

James Bond, in his early thirties and already a veteran of the Afghan War, has been recruited to a new organization. Conceived in the post-9/11 world, it operates independent of MI5, MI6 and the Ministry of Defence, its very existence deniable. Its aim: To protect the Realm, by any means necessary.

A Night Action alert calls James Bond away from dinner with a beautiful woman. Headquarters has decrypted an electronic whisper about an attack scheduled for later in the week: Casualties estimated in the thousands, British interests adversely affected. And Agent 007 has been given carte blanche.

Watch Me Die

A novel by Erica Spindler

Stained glass restoration artist Mira Gallier is on the verge of having it all—again. The love of a good man. Professional success. And finally, after years of pain at the loss of her husband to Hurricane Katrina, peace and emotional stability. But a new nightmare begins when a strange man called "The Preacher" attacks her, and a terrifying chain of events is set in motion: the Preacher is found dead, the first of seven windows Mira restored after Katrina is vandalized, and her house is broken into.

As Mira's windows are targeted one-by-one, her personal life begins to shatter as well. She catches a glimpse of her dead husband in a crowd, then he's gone. She hears his voice on the phone, telling her something only he could know. She begins to doubt herself—and the man she's falling in love with. When Mira's assistant is brutally murdered, her nude body found posed in the dappled colored light of Mira's prize restoration, she becomes the focus of the police's investigation. As "evidence" against her mounts and with no one to turn to, Mira races to prove she's neither a murderer nor losing her grip on sanity.

The Warsop Terrace

Currently Longden Terrace Miners Welfare is under used and in a poor state of repair. On the same site, the well-used bowls pavilion next door is an old, dilapidated, often vandalised building in need of replacement. Under proposed plans the new development will encompass the needs of both clubs and the needs of the wider community now and far into the future. Potentially the new centre will include the following facilities: activity / events/ functions suite, bar and café, bowls club meeting room, games room including Snooker and Pool table, multi gym, meeting room and IT suite. The centre will offer improved access to a range of services which it is hoped will greatly improve the mental and physical health and well-being of the people within the Warsop community.

Where the Shine development programme, reported in last month's Warsop News, is looking to extend its excellent provision for younger people into a centre for families, we believe there is a gap in provision for non-vocational adult education which will encourage learning and activity sessions for both young and older adults. The new purpose built centre will provide services to help redress this imbalance.

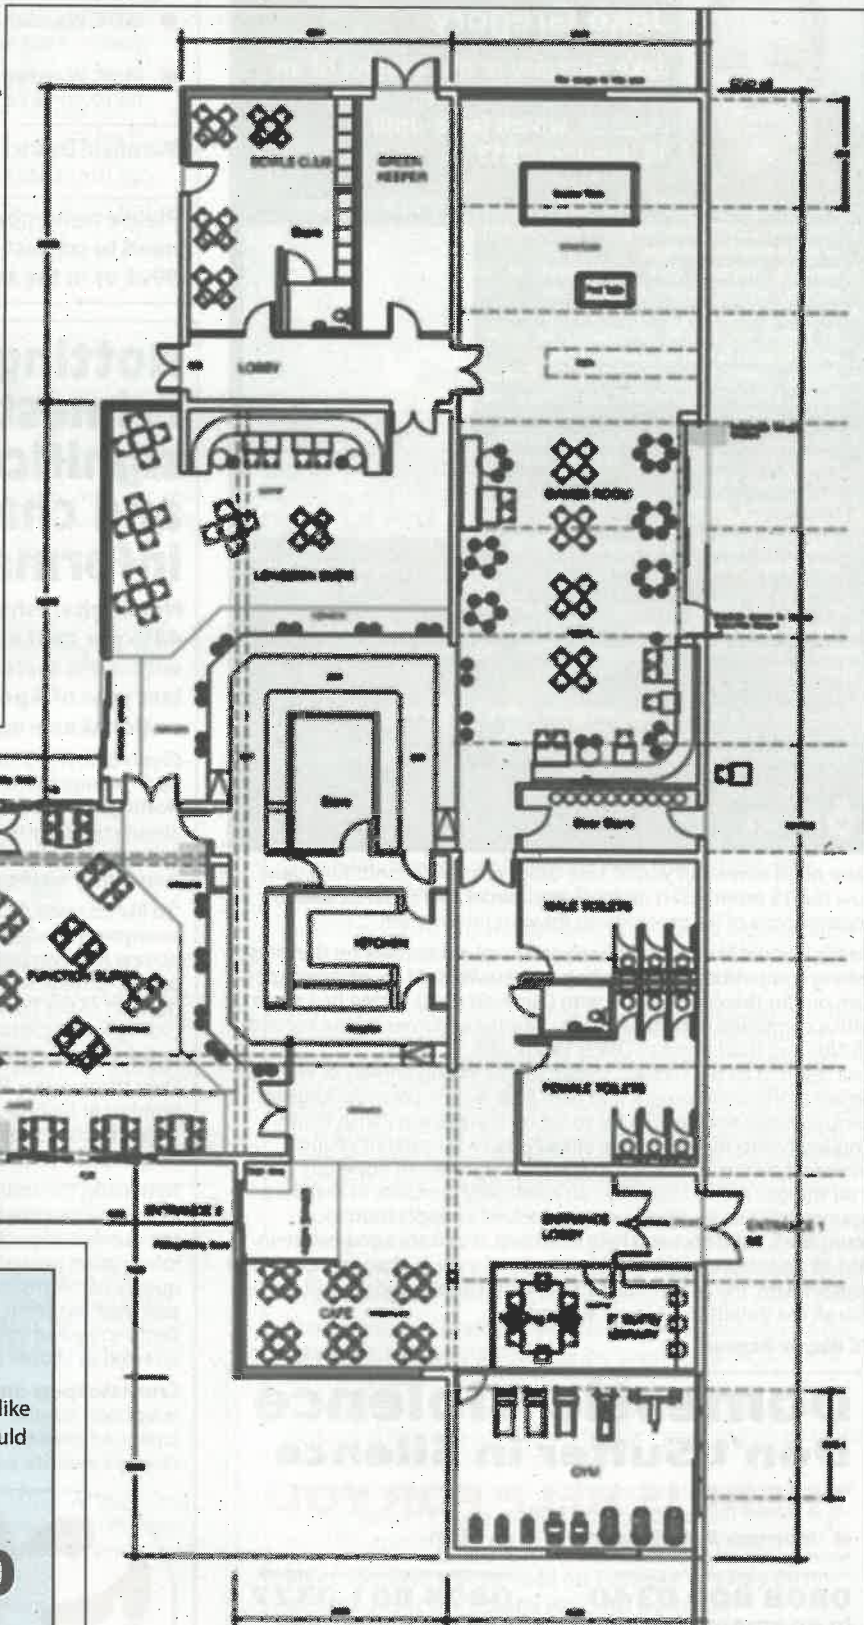

The vision is for the centre to support the four key requirements identified for health and wellbeing and resilience in old age:- good nutrition; physical exercise; social interaction; and mental stimulation.

Planned services include:

- Provision of a range of weekly, non-vocational learning courses in partnership with West Notts College eg. sugar craft, dance, arts, photography and horticulture
- Weekly physical fitness sessions, i.e. keep fit, judo, tai chi, yoga, dancing, with well-being activities for older people.
- Weekly luncheon clubs
- Weekly musical activity
- Seasonal music and dramatic events, plays, films and events
- Competitive leagues for billiards, snooker and darts.

An exciting new development is proposed for a multi-functional community centre, on the site of the current Longden Terrace Social Club and Bowls Pavilion.

PROPOSED GROUND FLOOR PLAN

Planning permission has been submitted to Mansfield District Council and community consultations are underway.

We value your opinions as to what you would like to see included in the centre, plus how you could see yourself and your family using the centre.

Please contact Teresa Jackson,
07854 762260
to ensure your views are
included in the development.

Cabinet line-up is complete

Mayor Tony Egginton has completed appointments to his new Cabinet, following his re-election in May.

Councillor Phillip Shields has been named as Portfolio Holder for the Environment this morning to complete a seven strong team who will assist the Mayor in developing policies and taking key decisions.

The full line-up is as follows:

- Councillor Roger Sutcliffe
Deputy Mayor and Portfolio Holder for Resources
- Councillor Andrew Tristram
Portfolio Holder for Corporate Issues
- Councillor Kate Allsop
Portfolio Holder for Regeneration
- Councillor Derek Evans
Portfolio Holder for Housing Strategy and Regeneration
- Councillor Mick Colley
Portfolio Holder for Tenancy Services and Special Needs
- Councillor Philip Shields
Portfolio Holder for Environment
- Councillor Mick Barton
Portfolio Holder for Public Protection

The new Cabinet will meet for the first time on 11 July.

The former Housing Portfolio has been split into two parts in recognition of the many housing regeneration and strategy projects coming to fruition in the Mansfield district, in addition to the demands upon housing management issues.

Executive Mayor Tony Egginton said: "I am delighted with the team I have assembled and I'm looking forward to the challenge of us taking Mansfield and Mansfield District Council forward."

"Every member of the Cabinet team brings individual qualities and talents which are ideal to their role. What we all bring is commitment, passion and a shared aim of doing what is best for the residents of the district."

NIDAS is a registered charity, and our main aim is to help people experiencing domestic abuse.

Since 1989 NIDAS has employed specialist domestic abuse support workers who have helped women and children experiencing either physical, sexual, financial, emotional or psychological abuse.

In April 2009, NIDAS employed a male support worker who works across Mansfield, Ashfield, Bassetlaw, Newark and Sherwood, raising awareness and supporting male victims.

What services do we provide? Support for women

Our Safety Centre is a place where women can access a specialist domestic violence worker who will provide free practical and emotional help. Any woman who is either currently living with domestic abuse, wishing to leave an abusive relationship or needing help after escaping domestic abuse, can access the service.

Tel: 01623 683250

Support for Children

NIDAS provides support services for children and young people who live or have lived with domestic abuse. This includes support for children in Refuge, one to one support, group activities, family sessions, education and preventative work. Crisis intervention to young people in families where there is domestic abuse is also offered.

The 1-1 support for young people aged 5-18 gives them an opportunity to talk about their feelings and experiences with a specialist support worker.

A monthly Drop In at the NIDAS Safety Centre gives young people and their parents a chance to meet the team for the first time or to stay in touch.

A six week support group program called Kool Running's for teenagers helps these young people to come to terms with their experiences and feel less isolated or embarrassed about what has been happening in their families. The team work with young people look at personal safety and help them to develop healthy relationships and make choices about their own lives. The project has also developed a creative arts project called 'Not Waving' where young people have formed a steering group so that their voice can be heard and have helped to develop new resources and ways of working with young people.

Tel: 01623 683250

Support for Male Victims

NIDAS has offered support for male victims of domestic abuse since April 2009. Any man who is experiencing domestic abuse can contact NIDAS for help. The project recognises that it can be difficult for men to come forward as they feel embarrassed, ashamed and have a fear of not being believed.

The Male Domestic Violence Worker aims to provide information, practical and emotional support to keep men and children safe whatever the situation. He is someone to talk to who is non judgemental and can offer confidential support.

The Male Support Worker will provide a link with other agencies and will support men through the criminal justice system including reporting to Police, accompanying men to solicitor's appointments and court hearings.

The project recognises the additional barriers faced by gay men, bisexuals and trans people.

WARSOP POLICE UPDATE

Firstly, a couple of crimes appear to have been committed on our patches that cause us a lot of concern. Thefts from Motor Vehicles and Theft of 'Scrap' are becoming a more frequent occurrence. As a Beat Team we would like any information when it comes to catching individuals responsible for these crimes.

In an attempt to prevent your items being stolen from your vehicles we can only offer you the same advice as we always do.

- Keep your vehicles secure.
- Remove items from view.
- Remove valuables from the vehicle, i.e. Satellite Navigation Systems, Satellite Navigation Holders, Mobile Telephones etc.
- If you have CCTV at your home that covers your vehicles, please ensure that it is recording.
- Are you able to fit either an alarm or tracker to your vehicle?
- DO NOT leave any house keys in your vehicle.

When we talk about 'scrap' we do not just mean items that you may want to throw out and take to the skip, such as old washing machines or broken bikes. These people are also stealing items made from metal, lead, copper etc that you are still using. The demand for scrap metal is as high as ever and this is reflected in the number of reports of lead and copper thefts reported on the Division. As a result Nottinghamshire Police are looking for information about vehicles or individuals that may be committing these crimes. Lead has been stolen from churches, derelict buildings and from properties that are being re-furnished.

This is Jake Gregory

Jake Gregory is the subject of an **Anti-Social Behaviour Order (ASBO)**, which lasts until 13 January 2013

Jake Gregory, of Church Warsop, is prohibited from:

1. Harassing or threatening any person not of the same household
2. Inciting anyone else to behave in a manner which causes harassment
3. Entering Market Warsop unless for work, to travel on public transport, or is in vehicle with father or grandfather
4. Going into Sycamore Street, Grove Road, Lime Crescent or Lilac Grove, all in Church Warsop
5. Congregating with three or more people, within Church Warsop, Market Warsop and Meden Vale
6. Moving any wheelie bin which does not belong to him
7. Throwing snowballs in any areas he is prohibited to be

Breach of an ASBO is a Criminal Offence

If Jake Gregory breaks any of these conditions, he risks arrest and being put back before the courts (which may result in a prison sentence).

If you see Jake Gregory breaking his order, please contact:
Nottinghamshire Police on 0300 300 5999
Crimestoppers on 0800 555111

I also need to remind you of Jake Gregory's ASBO conditions. Jake now has 18 months left on his current order and I have provided another copy of his prohibitions for your information

Finally I would like to thank everyone involved for making the latest fishing competition a resounding success. We had 25 young anglers turn out for this competition with Cameron Cross taking first place with a combined weight of 26.8lbs, Matthew Horner taking second, 18.8lbs and third place to Oliver Evans with 17.14lbs.

As a result of all the interest shown by the young anglers of Warsop we are working in conjunction with Dale & John (Warsop Angling Centre), Kevin Keegan (Shine) to set up the Warsop Parish Youth Angling Association. We have already had a number of young anglers showing an interest in this club and we can hopefully get it off the ground so that they can eventually compete in matches against other clubs. We have also received support from local councillors, John Kerr and Pete Crawford. If you are aged between 10 and 20 and interested in fishing as part of a team, then you can make contact with any of the individuals named above and we will give you all the details to become a member.

Nottinghamshire Crimestoppers achieves significant rise in arrests and charges from information received

Nottinghamshire Crimestoppers has achieved a **44% per cent increase in arrests and charges along with a 4% increase in information received over the last year of April 2010 – March 2011, exceeding the national average increase for the charity.**

Glynn Gilfoyle, Chairman of Nottinghamshire Crimestoppers, said: "A huge thank you must go to the people of Nottinghamshire for using the charity to pass on information about crime. We're extremely proud that Crimestoppers continues to play such a vital role in helping to make our local community a safer place to live.

"I'd like to reassure the public that our service is completely anonymous and in the 23 years that the charity's been running no one has ever been identified. The service is run for you, the public, to help make your community a safer place to live. We're not part of the Police or government, we're an independent charity, so by contacting us you'll never have to give a statement to the Police or go to court."

Over the last year Nottinghamshire Crimestoppers has led a number of high-profile campaigns to tackle crimes affecting the area including the Rat on a Rat campaign which aimed to reduce drug related crimes.

Nationally, the charity has achieved a one per cent increase in actionable information and a ten per cent increase in the number of people arrested and charged as a result of information passed to Crimestoppers. This shows that the quality of information Crimestoppers has received during the past year has been of high quality, whilst there is only a one per cent increase in information, many more individuals have been arrested as shown by the ten per cent increase year on year.

Crimestoppers operates the 24/7 0800 555 111 telephone number for people to pass on information about crimes anonymously. Information can also be passed via the charity's website www.crimestoppers-uk.org.

Warsop Inner Wheel

Report for June 2011

President Christine Fretwell hosted the May meeting on Wednesday 1st June 2011 at the Hostess Restaurant, Sookholme.

President Christine opened the meeting with a warm welcome to all members and then gave her report for May, this will be the last month in Christine's year of president of Warsop Inner Wheel and Christine has had a very active and busy year. This month Christine has attended many charity functions for local Inner Wheel Clubs, she also went on a fund raising walk and lunch through Thoresby Estate organised by Rotary who were collecting money for "Homes for Humanity". She had attended the "knitter's tea" at Oakland's Centre which is an afternoon to say thank you to all the ladies who help us to provide blankets, jumpers and toys for needy overseas countries - a very BIG thank you to these ladies.

Finally she had had a very pleasant evening accompanied by past presidents for a meal at Van Dykes Hotel.

Anne Lyon's gave the secretary's report and forthcoming events. Gloria Humphrey gave the up to date treasurers report. Lesley Palmer gave the overseas report.

Ann Holland gave the charity report; Arrangements are under way for the Flower Arranging Demonstration and Afternoon Tea at the John Fretwell Centre on 7th June £7.50 tickets available from Inner Wheel members. We look forward to seeing many of our supporters again in our refreshment area at Warsop Carnival for drinks and home made cakes.

After a short comfort break Christine opened the AGM meeting and the club officers were announced for the next Inner Wheel Year July 2011/2012.

The meeting closed at 9.30pm

Meden Vale *The Future*

Registered Charity
No. 1115355

The 66th meeting of Meden Vale the Future was held at the Village Hall on Tuesday 7th June 2011.

8 members of the Committee were present plus 2 Representatives from the Playscheme and 1 Representative from Welbeck Colliery Football Club. There were 2 apologies.

The Representative from Welbeck Colliery Football Club reported that steady progress was being made on the new pavilion and work was due to start shortly on the new pitches. There would be a 'bedding in' period of approximately 9 months before the pitches could be used, therefore it was anticipated that all should be ready for the start of the 2012 season. The Committee is still waiting to hear from Fundsport UK regarding a re-application for funding in respect of the disabled access and car park project.

The Tutor has been confirmed for the dolls house furniture making course which is due to start in September.

The next meeting of Welbeck Colliery the Future (WCTF) is scheduled for Wednesday 22nd June at 10 am in the Village Hall.

The Treasurer reported that the accounts were satisfactory, a tax rebate of £126 was due and both the gas and electric accounts were in credit.

It was agreed to write to the Youth Club Secretary asking for the removal of their equipment from the back room and return of the Village Hall keys as soon as possible.

There are various small jobs requiring attention throughout the Village Hall and it was agreed to price up this work. We are still awaiting a quotation for a new front door to the Village Hall.

Next meeting will be held on Tuesday 5th July 2011 at 7.30 pm at the Village Hall. All welcome.

Please contact the Secretary, Kay Walker on 01623 844282 for further information.

THE ROYAL BRITISH LEGION

Plans are well underway for our presence at this year's Carnival, and we hope you will be able to come along and see us.

Our Poppy Party in June was a great success and we are already thinking about another one next year.

Members of the Branch attended the County Lunch at Edwinstowe which saw local member Brian McAleer as guest speaker when the original speaker dropped out at the last minute due to illness. Brian spoke about his 24 years in the Army and how things have changed over that time. Brian left the Army at the end of June and he has retrained as a locksmith (PIKNFIX Locksmiths 07815 568800).

He also spoke about how the current Serving people are realising just what the Royal British Legion can do for them in times of need. The lunch was the last one that Mr John Jackson would attend as County Chairman as he is standing down after ten years at the end of this year. He will be a hard act to follow.

We would like to wish a very warm welcome to new Vice-President for the County, Mr John Harding who has just taken up his position.

We just have a couple of places left on our trip to Eden Camp, North Yorkshire on Saturday July 9th. (£12.50 members/£15 non-members).

The July meeting of the branch will be held at 7.45pm on Monday the 11th at the Memorial Club, Bishops Walk, Church Warsop. All are welcome to attend and doors open at 7.30pm. We have a guest speaker and a buffet on this night. All are welcome to attend.

Come and Join us at the Carnival!

I know we are all eagerly anticipating this year's Warsop Carnival and many people are very busy getting ready for the big weekend.

Christians from the churches in Warsop and District will have two tents at the Carnival. One will be provide lots of free fun and craft activities for children. We would love you to bring your children or grandchildren along to see us.

Our second tent will be a little quieter! A number of people visited our Prayer Tent at last year's Carnival and found it helpful so we are doing the same thing again in 2011. You will have the opportunity to enjoy the Blessing of God in the peace and stillness. You may wish to share a sorrow or a joy. You may wish to pray or have someone pray for you. It will be a very relaxed atmosphere where all will be welcome to come and go just as they wish.

We look forward to seeing you at either/both of our tents!

Shine @ Summer 2011 8th August - 19th August

This Summer's programme promises to be jam packed full of fun activities for children from 5 to 19. We will have sports, arts and crafts, dance, drama, trampolining, cooking, music, Game Zone, fishing as well as trips out including horse riding, go karting and even camping. You need to be registered to take part; forms are available through your school or online at www.shinemedia.tv. Spaces may be limited for certain events so early booking will be advisable. Your children will be coming home with a flyer soon - look out for it to get full details of what's on offer.

Warsop and Parish Youth Angling Association (WAPYAA)

Ok, the title's a bit long but this is a very exciting new fishing club for our young people. With the support of the Police, Fire Service, MDC, Warsop Parish Council, Warsop Youth Council and through sponsorship with Warsop Angling Centre we hope to build a strong foundation for new and existing anglers. Sherwood Fisheries have also been a massive help so far and are really behind our plans. We hope to train, equip and support these young people to fish for fun and to compete in tournaments and local fishing leagues. The club is open to anyone (boy or girl) from 10 to 20 years who wants to get involved. There will be a strong emphasis on teamwork and that will include rules and regulations and fundraising too. Younger children from 7 upwards can get involved in the 'fishing for fun' part of the club. We would welcome support from adult volunteers (who will undergo a CRB check first) to pass on skills and help with equipment etc.

If you would like to get involved text WAPYAA to 07590 849286 to be kept notified of meetings etc. Also, shinemedia.tv will feature news and reports from the club as well as tips, equipment reviews and more.

Building Update

There have been a number of important meetings about our plans for the Eastwood building. As you may already know we have been granted change of use permission for the space. Currently we are working with our architects, Ellis Riley and Sons, to turn our plans into a 'shopping list'. This will then enable us to apply for funds to convert the former garage into a fully functioning community venue. The amount of support we have received has been amazing; thanks everyone! There is so much to do still, so if you believe that you or your company or workplace can help, do not hesitate to get in touch. This will be a true community built and run facility and we hope you'll do all you can to get involved.

Eastlands PTA

Shine recently supported Eastland Junior School's PTA by providing a climbing wall, archery sessions and trikke bikes. Also, there were stalls, tombola, face painting and a range of family based activities. Parents, staff and children did a great job and the day was brilliant fun for everyone who attended. If you would like Shine to help support your school or community based project, please get in touch.
