Neighbourhood Warden Geoff Lomas receiving his award from Mayor, Tony Egginton and PC Wayne Bennett.

Brave Geoff's Award

Warsop Neighbourhood Warden, Geoff Lomas receives outstanding achievement award for going beyond the call of his duty.

On Monday 19 September at Mansfield Civic Centre, Chesterfield Road, Mansfield's Executive Mayor, Tony Egginton hosted a special ceremony which recognised the outstanding achievements of six of Mansfield's finest.

Amongst those receiving the award was one of Warsop Neighbourhood Wardens, Geoff Lomas who was officially recognised for his quick thinking and bravery during a recent traffic incident earlier this year.

Geoff used his initiative, and involved CCTV colleagues to track a car and the driver, which had been involved in an accident involving a pedestrian. At around 6.30pm on Tuesday, 12th July 2011 Geoff noticed someone in distress outside the Talbot Public House. He immediately parked up and approached her to see what had happened. After talking to members of the public Geoff discovered that a passing vehicle had just struck a parked car, mounted the pavement and hit the female, knocking her to the floor.

Geoff immediately informed control room and CCTV of the incident and whilst still at the scene he saw the vehicle drive past him on Sherwood Street in the general direction of the A60. He ran after the vehicle yet lost sight of it at the junction. Again, he contacted the control room and informed them of his sighting. Then shortly after he discovered that vehicle was still in Warsop and had been seen driving onto the High Street.

Geoff ran to the High Street and saw the vehicle driving slowly along the road. He positioned himself in the middle of the road in an attempt to force the vehicle to stop. At this time the owner of the damaged parked car saw Geoff stop the vehicle and after she joined them the incident become confrontational.

Geoff says, "The driver of the car became very anxious and pressed the acceleration pedal. Luckily the vehicle was not in gear allowing me the opportunity to open the driver's door and remove the keys from the ignition whilst also attempting to keep the female driver and the owner of the damaged parked car apart".

The driver became very abusive towards Geoff causing him to constantly walk away from her as he could clearly see that she was under the influence of some type of substance and should not be driving on the roads.

Geoff also explained that a large crowd had gathered at this time, all wanting to find the driver and cause her harm, making it vitally important that she should be removed from the scene before they did.

After being taken to Mansfield Custody Suite she was subsequently charged with drink driving and failing to stop at the scene of an accident.

"Geoff is both a credit to Mansfield District Council and Warsop Safer Neighbourhood Team and this is another demonstration of his commitment and that he is willing to go far beyond the call of duty."

Police Constable 242 Wayne Bennett

EDITOR'S LETTER

We are already entering into winter and Christmas will soon be here!

The weather is already bitterly cold (18th Oct) and forecasts for the coming weeks are not looking good, hope you have all got your snow shovels ready!

Lots happening in Warsop up to Christmas: Warsop's Got Talent - winner will be announced in the December edition and he/she/they will open our Christmas Market and play the winning song on the Xmas Factor stage.

Community Bonfire - Saturday 12th November 7pm at the Adam Eastwood Community Venue affectionately known as the Shine Shed.

Christmas Market - Thursday 1st December 4pm-8pm.

Warsop Pantomime - Aladdin - 27th-29th December at Longden Terrace Club.

We will all have a little rest before planning for next year's carnival.

If anyone can offer any kind of help with any of these events, whether it be in kind, time or sponsorship just give me a call.

Gardening Monthly...

Usually November means the hard frosts have started and it's time to harvest winter cabbages and cauliflowers. Sticking with the brassicas, the Brussels sprouts should be starting. You are allowed to eat them on other days as well as Christmas day!

Leeks should be about ready, just take what you need and leave the rest to stand until required. You could still be harvesting celery and celeriac, kale and kohlrabi as well as turnips, swedes and spinach. The carrots should come up for storage now, either in peat or sand or even a traditional clamp. Parsnips will stay in the ground but if the weather turns really cold, you need to cover them or you will not be able to take them from frozen ground.

Jerusalem artichokes will be available and you can start on Salsify and Scorzonera. Salsify is often called the 'vegetable oyster' and properly cooked is a wonderful vegetable. It's worth checking any vegetables you have in store and removing anything that has started to rot before it spreads. Potatoes especially need to be checked and watch out for slugs that have emerged from a potato to go and damage another one.

General Jobs in the Garden

Digging can continue, when weather allows. Particularly with clay soils, digging when the soil is wet and sticky can do more harm than good. It's also more hard work. As with October, as ground becomes vacant, you can dig it over and spread manure over the surface. Leave the soil roughly dug in large clumps and the worms will break these up as they get the manure. The freezing and thawing of water in the soil will cause the soil to break up finely so becoming easier to handle in the spring.

October and November are good months to undertake double digging, incorporating manure into the bottom of the trench and deepening your topsoil. Ensure compost bins are covered to prevent excess rain leaching the nutrients and to keep some of the heat of decomposition in.

Leaf fall should be well underway and to recap on October's advice: The leaves will start to fall very shortly and these are a valuable resource. Prepare for them by building a leaf mould cage. Very simple to do, you just drive four stakes into the ground and staple chicken netting around to make the cage. Pile in the leaves and leave them alone for a year. You will find the pile reduces by two thirds at least, so keep filling the bin as more leaves fall. If you have one of those marvellous garden vacuum mulchers that suck up leaves and chop them, you will find the leaves rot down much more quickly. Watch out for council sweepers, they may just drop you a load of leaves when they call to collect a few veggies off you.

Sowing, Planting and Cultivating

Time to plant your garlic cloves now. They actually benefit from a period of cold, which prompts growth later. They don't like to sit in water, so if your soil is heavy and holds water, try dibbing a hole with an old spade handle or suchlike. Put about an inch of sand into the base and plant the clove on top, filling above with fine compost. This ensures good drainage and stops rotting.

Broad beans can be sowed now to gain an early crop next year, although more northerly areas can find germination so poor as to make the practice of autumn sowing counter-productive. You can also sow some hardy pea varieties such as Meteor.

It's too late for most green manure crops except for grazing rye to hold nutrients in the soil for the spring, when it will be dug in. Remember the pigeons will be on the look out for food, so net your brassicas to keep them away. It's worth removing any yellow leaves from your winter brassicas. They are doing no good and encourage diseases such as botrytis.

Fruit

Apples and pears can still be available as are autumn fruiting raspberries. As with October, November is a good month to attend to the raspberries, blackberries etc. It's also a good time to plant new canes, adding some compost and 8oz per square yard or 250 grams per square metre of bonemeal to keep them well fed.

Check any young trees are well supported with stakes and ties. Stakes can tend to work loose, which means they won't be doing their job of preventing wind rock loosening the roots. You can prune your apple and pear trees now.

In the greenhouse

As per October, give the greenhouse a good wash down and clean up prior to insulating if you intend to use it through the winter. Decrease ventilation but do give the greenhouse a good airing on fine days to stop disease developing and especially downy mildew. Successional sowings of winter salads can continue.

Connie's Column

Hello everyone!

I hope you have all had a good Halloween! I have been so busy these last few months, I've been taking a writing course at the Palace Theatre which has improved my writing and developed my skills as a writer.

The new school year is well under way, and I'm pleased to say with vast improvement on last year, but leaving me with tons of homework. (See my article below)

I'm so excited that the Warsop Pantomime rehearsals have begun but I'm still trying to remember my lines! This year's Christmas panto is Aladdin - it's hilarious so don't forget to go and buy your tickets.

I'm very excited for Christmas, well except for the cold weather, it's only Autumn and I'm already spending my nights wrapped up in blankets drinking tea!

Meden School goes from bad to good as the new year proceeds

Having been put into special measures, Meden School have started the new school year with a new attitude. Standards have improved dramatically in almost all areas and plans are afoot to improve these standards even further.

After the appalling Ofsted report earlier this year Meden stepped up to the mark, tackling all problems across the school and have now had a new, much improved ofsted report proving that these measures are taking Meden in the right direction, bringing it in line with the government standards.

On the new Ofsted report it is noted that mathematics grades have gone up from 49% to 63% after employing new teachers and encouraging students to work harder. As well as this, there is an improvement throughout teaching in the specialist subjects. There has also been a major improvement in the progress of all year groups and a more positive attitude to learning amongst all groups of students.

At the beginning of the year there was a few complaints about the uniform and new tutorials but as the year proceeded students have begun to notice the improvements and admit they look smarter and that the new tutorials allows them to make friends outside their classroom and year group.

Personally I think that Meden school has changed for the better, overall our education and behaviour has vastly improved. Well done Meden and keep up the good work!!

Bird Notes..

You can never say that the weather is boring in Britain, especially after last month!

There we were slowly sliding towards autumn; the leaves were turning from green to yellow - then Hey Presto! - summer makes a stunning reappearance, the trees stop dropping their leaves and insects start emerging into the bright sunshine. I don't know about Indian summer, it was hot enough for an equatorial sub-Saharan summer. Nice weather for getting out and about though.

I've been following my own advice from last issue and have visited some areas that I haven't been to for a while... and I was really glad that I did! An afternoon visit to Budby Heath with my buddy Keith, (His name isn't really Keith but his real name is not as alliterative), was rewarded with superb views of a small group of Stonechats that were associating with a bigger flock of Meadow Pits. All the birds were no more than about twenty yards away (or metres if you like) and showing really well, right out in the open. Corking!

On the same visit we also saw two Woodlarks together - even rarer than the stonechats - not as good views but equally fantastic!

Added to this was extremely close up views of a Marsh Tit - in a hedge right by the path, which was obligingly doing an oft repeated rendition of one of its diagnostic calls - "chickabeebeeb".

We followed this up with great views of three Common Buzzards, who all idly wandered together, overhead on the thermals. All of which were of the usual dark grey with blacker wingtips colour morph, although one was appreciably whiter below than the others.

Groups of Redpolls were also wandering about - gaining our attention with their "chuch-uch-uch" flock contact call, also apparent were small numbers of Chaffinches, they garnered our attention a little more than usual by the fact that some among their number seemingly had a slightly different accent, the usual Chaffinch contact call sounded just that bit different - a good indicator to the experienced ear that those birds making it were probably migrants, recently arrived from North Western Europe or possibly East Western Europe or even Western Eastern Europe - if you follow me!!

A flock of mixed tits added interest as we headed toward home, the chief interest being a number of Long Tailed Tits, which are always pleasing to watch and the presence of a couple of Treecreepers only added to the pleasantness of it all.

As we finally approached the parked up car and the short journey home we were rewarded with the sight of numerous Greylag Geese noisily flying to and fro around the subsidence flood by the river Meden near the road - not to forget the small flock of Cormorant we managed to catch sight of as we left. All in all a great afternoon's birdwatching!

Try it sometime...

Relaxing, peaceful...

Rewarding - B.A.

Friends of the Carrs

At a meeting held on 13th September nearly 20 attended at the Hare and Hound's function room. The Group were updated on funding applications and the numerous meetings that have been held to discuss the forthcoming works and the disposal of the silt that will be removed.

The silt will be re-tested. The last time it was tested it was NOT found to be toxic so will actually be beneficial to the fields where it is spread.

Mansfield District Council have now received the additional picnic tables purchased by a donation from Meden Valley Making Places and will add others from council funds. They will be installed along with other works in the coming months. The fishing tackle has been checked and will be put to use in the near future.

On Monday 10th October a litter pick was held in somewhat changeable weather but the rain did hold off. In addition to litter picking and after consultation with wildlife authorities vegetation at the rear of River View was cut down to enhance the area for wildlife. 9 volunteers participated and local residents provided welcome refreshments. The Group would like to thank all involved. The date of the next litter pick will be advertised in this paper and the public notice boards.

THE NEXT MEETING will be held on NOVEMBER 15th at 7.30pm in the function room in the HARE and HOUNDS.

WARSOP

Footpath & Countryside Group

November can be a rather gloomy month with dark mornings and early sunsets shortening the day. However a fine day at this time of year can be a perfect opportunity to enjoy the colours of the countryside in late autumn.

Some folk find winter a difficult time of year experiencing the 'winter blues' or in extreme cases suffering from Seasonal Affective Disorder (SAD). Until a few years ago I spent most winter days working indoors under artificial lights, only getting outdoors in daylight at weekends. Nowadays I appreciate just how fortunate I am to be able to spend a couple of hours outdoors each day and I have come to realize just how special some winter days can be. I find a clear, cold, still and sunny day at this time of year far more uplifting than a hot day in summer.

You can improve your sense of well-being during winter by spending as much time as you can in daylight, especially on sunny days, and taking plenty of exercise. Even on an overcast day natural daylight is brighter than artificial lighting and our bodies have evolved to need this level of light to get going in the morning. We are lucky to have so many attractive local places where we can take a short walk. So, no excuses, get outside and give yourself a boost!

As Guy Fawkes night is approaching can I ask anybody who is building a bonfire to check that they are not roasting any hedgehogs. It is best to only build the fire at the last minute and search it again before lighting the fire.

Instead of burning any logs you could make a log pile in a shady area of your garden or allotment to provide a habitat for a huge range of insects and other mini-beasts. You may also give toads and newts somewhere to hibernate and encourage mosses, ferns, lichens and fungi. Leaving hollow stems of weedy plants in a hedge or waste place can provide safe winter havens for ladybirds so they can be ready to attack the aphids where they appear next spring!

If you usually wait for the harsh weather to arrive before putting food out for birds it is a good idea to start early even if there do not seem to be many birds around. Give your bird feeders a good clean, fill them up and hang them out so that the birds will know where to come when they move into our gardens once their other sources of food in the countryside run out or become inaccessible.

The next Footpaths Group walk on Saturday 19th November will be somewhere in the Dukeries area of north Nottinghamshire, hopefully enjoying the colours of late autumn. We will meet outside Warsop library at 9:15 and will travel by cars. Get in touch if you would like to come along, need a lift or would like more details.

Parish Council Meeting Monday 17th October 2011

A full set of minutes is available from The Clerk at Warsop Town Hall or view on-line at www.warsopweb.co.uk

Planning Applications:

Scout Camp: Although not on the agenda members were made aware that the planning application has been withdrawn

Proposed Tyre to Energy Facility:

There has been a lot of talk about this facility coming to Market Warsop, mostly rumour, no plans have been submitted and the information is a bit vague. The Parish Council will try to find out as much information as possible and make the public aware of any plans for the future. Radio Mansfield gave the impression that the Parish Council were against it, as this is the first time it has been discussed in a meeting and without any definite information members cannot comment. As soon as more information is made available with something definite, the PC will comment.

Warsop & District News

The Clerk in her capacity of Editor of the Warsop News told members that she has renewed design 2's contract for another 2 years.

Since the design was taken over by Karen it has increased in size, an extra edition for the first time in September and plans to have a January 2012 edition have been decided, again a first for the News. The formula is right and the working partnership could not be bettered.

S137 Application

Market Warsop Players submitted an application for £750 to cover costs for scripts, costumes and scenery for their community Christmas pantomime of Aladdin. All members agreed.

Crime and Disorder

PC's Wayne Bennett and Dave Booter reported that ASB is on the increase, since Shine are now only able to offer 2 nights per week, due to lack of funding. Youth are gathering again on the streets as they have no-where to go. The Police team have supported the efforts of Kev Keegan and the Shine team for helping to offer activities for the youth, but now with the lack of facilities and the dark nights, the old problems are returning. Recently the fair created a lot of problems with the Police being called out to 13 incidents on one night.

All members agreed that Kev has done a lot of hard work to develop the project at the Adam Eastwood Venue but now with cuts in funding, he has no alternative but open when he can. The Chairman asked The Clerk to put Shine on the agenda for the next F&GP and suggested an annual donation be put in place. Several Councillors said they would look for some funding as it is an extremely important facility for the community and anything that helps our youth has got to be supported.

Cllr. Kerr commented that the Police Team are doing a great job for our community and was echoed by all members.

Colour Mixing in Watercolour (primary colours) and painting a building using shadows

Teaching watercolours for 12 years now has led me to realise that colour mixing can be a difficult area, learners can get in a bit stuck with colours. Knowing how thick to mix the colour, how much water to add to the paint, which colours to use and mixing the right tone. These are all common questions and practice really does make perfect in this case.

What I would like to do is take away all the myth and science about colour mixing and show you it is actually simple... really!

The best piece of advice I can give to you is work with a limited palette of colours – **don't work with a vast huge palette.** Working with only 6 colours. This can make your painting life much much easier.

There are many reasons for this:

- 1 Using the same colours in every painting, makes the painting work, all colours work nice together and blend.
- 2 You get to practice colour mixing on every painting you do.
- 3 It cost less too!

I have been using these 6 colours for many, many years through teaching and private work, they are:

- French ultramarine blue (bright blue)
- Yellow ochre (dark yellow)
- Alizarin crimson (dark red)
- Aureolin (bright yellow)
- Cadmium red (bright red)
- Burnt sienna (rusty orange)

TIP - These 6 colours allow you to mix any colour apart from white and black. We don't use black in watercolour - it's too dark and stands out. And white, in watercolour is the white of the paper.

REMEMBER - watercolour is transparent and the more water you add to the mixture the more of the white paper you see. This allows us to build up layers of the same colour to produce darker images. It's a great way of working.

Primary Colours

Although there are lots of different colours on the market, really you only need three tones. RED, YELLOW & BLUE, these are called primary colours. Every colour around us is made up from primary colour. In theory you can mix any colour except white from these three colours. There are different tones of the three primary colours. The three I use are:

- ULTRAMARINE BLUE
- YELLOW OCHRE
- CRIMSON ALIZARIN

I also use a brighter red & yellow (to achieve brighter colours) these are:

- AUREOLIN
- CADMIUM RED

TIP - when mixing colour, start out with a blob of colour (from a tube) then lift this colour from the blob and mix in the mixing area, adding as much water as you require.

A good exercise to do is to have a go at painting a primary colour triangle, it's a good way of understanding colour and mixing. Give it a go!

- 1 simply start out with a blob of tube paint in each corner of the triangle.
- 2 with a damp brush, lift the colour and blend towards the next corner.
- 3 now have a go at blending all 3 colours together in the middle (the blue, red and yellow). this will mix a darker colour a NEUTRAL GREY.

Notice the difference in the brightness of colour of the two triangles

TIP - once you have finished the two colour triangles - make notes of the colour you get, images situations where these colours can be used.

The Neutral Grey (Shadow Colour)

This colour is very very important, every watercolour painting features grey, the shadow colour. It's the shadow of the houses, the shadows in the clouds and the shadows in the water. A lot of people say to me "why do you mix a grey for shadows, why not use a pre mixed grey like paynes grey?"

I do this because a grey mixed from primary colour is full of life and is a natural shadow colour. It also recedes, falls back like a shadow should. It's simply much more natural. It makes a huge difference to your paintings.

How to mix the NEUTRAL SHADOW GREY

TIP - add more water to the colour mix to lighten the shade. To mix a darker colour tone add more paint. (more paint less water).

Have a go at painting this cottage.

- 1 do a basic sketch of the scene, keep it simple.
- 2 Mix a pale watery french ultramarine blue for the sky. Add water to the sky area and using your large brush paint the simple blue sky, allowing the blue paint to spread and run.
- 3 Allow this to fully dry. Now mix a pale yellow ochre with a touch of the blue paint used in your sky (this will slightly darken the colour). Now paint all the cottage and ground (see image). Once dry use the same colour to add a few random stones to the cottage.
- 4 Now mix the shadow colour as mentioned above, quite a pale mix with plenty of water. Use this colour to paint a shadow on the left side of the cottage. Notice in the image how the face of the building is lit by the sun, so the gable end or apex is darker, as not as much light is catching it. This is the basis of all buildings, look at them around you.
- 5 Now simply try and use the same principle on the porch and chimney, noticing the light is shining from the right side.

To finish off... mix a thicker or stronger shadow grey to paint the roof, door and windows. Finish off by adding any other bits of details you like, a path, fence posts or even some smoke from the chimney.

GIVE IT A GO AND DON'T BE AFRAID TO GET STARTED.

Rotary Challenge

A massive well done to members & friends of Warsop Shirebrook and District Rotary Club who raised over £1500 for Bluebell Wood Children's Hospice by completing a 24 hour Three Peaks challenge.

Climbing the highest peaks in England, Scotland and Wales, the three peaks challenge saw the team top Ben Nevis, Scafell Pike and Snowdon all within one day.

The team started Ben Nevis on a Saturday evening at 5.00pm, then leaving Fort William at 10.00pm arriving at Scafell in the Lake District at 2.30am. They then left the Lake district at around 8.45 to finish Snowdon on Sunday by 5.00pm. In total they completed the challenge in 23hrs 21mins.

In all the challenge involved some 26 miles of walking, over 11000 feet of ascent and descent, with driving adding up to 485 miles.

A big thank you to the following for making the event possible by sponsoring the cost of travel and accommodation:

PCS who very kindly lent a vehicle in which to travel between destinations, JWA, JK Tyres, Dukeries Antique Centre, Elliott Yates, Meden Horticulture, Amber Valley Training Ltd, Paul Bromley and finally but not least David Wilson Homes.

An old problem has started to raise its ugly head!

We are starting to get reports that wheelie bins are once again being stolen from outside residential addresses.

We have made contact with Mansfield District Council who informed us that replacement bins will now come at a cost, whether or not they have been stolen. Meaning, that the onus now lies with you to make sure they are kept secure, particularly when they have been emptied and left on the street. In previous columns I have mentioned that a tried and tested measure to keep your bins safe is by chaining them together. Try to place your bins next to an unmovable object and chain them to it. It will obviously come at a cost but it's a cheaper option than having to pay for a replacement bin. As the nights become colder wheelie bins become a good source for setting fire to and keeping the thief and his friends warm. As a team we have changed a number of shifts in an attempt to catch the individuals responsible for these thefts and we encourage anyone with information to ring us direct. In recent years we have made arrests for theft of wheelie bins and with the right evidence we will do again.

We have also been busy swearing out warrants at Mansfield Magistrates Courts under the Misuse of Drugs Act. We have started to execute these Warrants and already had some early successes. We urge the public to give us as much information as they can about the misuse of drugs within the Warsop Parish so we can obtain these warrants and begin to prosecute the offenders. Inspector Webster and Sergeant Dakin have expressed a need to tackle drugs in the region of Mansfield North and I'm sure there is a lot of people out there that would like to see drug dealers sent to prison for a long time. A recent case is Mark Cornell, 37, of Vickers Street, who appeared at Nottingham Crown Court where he was sentenced to 16 months in prison for supplying Class A drugs. He pleaded guilty to two counts of possession with intent to supply, and two counts of supplying / offering to supply class A drugs, which happened in 2010.

Another problem that I have been asked to remind vehicle owners of is the constant parking on pavements making it impossible for wheelchair users and members of the public with pushchairs to get past causing them to move onto the road in front of moving traffic. The majority of these issues occur outside our schools. I can't understand why people feel that they have to park in a position that makes it difficult for children to cross the roads safely, knowing that it could be their child who will have the same difficulty crossing on another given day. This is becoming a problem all over the Parish, on streets, outside shops and even near to pedestrian crossings. Please use common sense when parking.

On a positive note I would like to congratulate our Neighbourhood Warden Geoff Lomas who has received the Mayor's Commendation for bravery and commitment that goes beyond the call of duty. It is a well deserved award and I have to take most of the credit for training him up to a high standard.

PC Wayne Bennett

GROWING TOGETHER

Thanks to the kind help of the Warsop Rotary Club and others we will soon be starting on preparing the land at Eastwoods for returning.

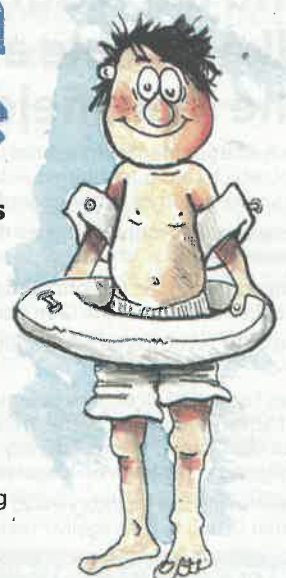

Hopefully this will be done in time for the Community Bonfire Event. We've had a great response to last month's request for help; but we could always use more! If you would like to help turn this derelict space into leisure land text 'Turf' to 07590 849286 for the dates and times of the big clean up. Remember everybody is welcome. This space will benefit the whole community so please dig in and help!

Swim 4 Life

Shine has recently helped to fill spaces on Mansfield District Council's Swim 4 Life course.

This is the 4th such course to run and shows how much of a need there is to help local families to get swimming together. We have started a list for the next course which (funding permitting) will begin in the new year. Get in touch for more information.

Dangerous Chemicals Found in Fake Vodka

Shoppers are being warned to be on their guard after potentially dangerous chemicals were found in bottles of fake brand and counterfeit vodka on sale at two shops in the Mansfield area.

High levels of Isopropanol, a chemical used in cleaning fluids and Methanol, which can cause blurred vision leading to blindness were found in vodka seized by Nottinghamshire County Council.

The Isopropanol was found in five bottles of Drop Vodka, which is not a genuine brand.

The Methanol was found in eight bottles of counterfeit vodka, falsely labelled as the genuine Glen's brand.

Eight bottles of Arctic Ice, which is another non genuine brand, were also found.

In all cases the actual alcohol by volume content of vodka was lower than that advertised on the bottle. Trading Standards Officers seized the vodka from the off-licences during unannounced visits, as part of the on-going crackdown on illegal wine and spirits.

Both retailers will now be interviewed before Trading Standards decide what action to take against them.

So far there have been no cases of ill health reported in connection with the vodka. However, anyone who thinks they make have drunk the counterfeit product should stop drinking it, seek medical advice and report it to Consumer Direct on 08454 04 05 06.

Councillor Mick Murphy, Cabinet Member for Community Safety at Nottinghamshire County Council said, "We are concerned about the growing problem of fake alcohol on sale in Nottinghamshire, especially as in this case, when it presents a potential danger to the public.

"We will continue to track down and come down hard on the minority of unscrupulous retailers who are prepared to put their customers at risk by selling it. I would urge anyone who knows where illicit alcohol is on sale to let us know immediately."

The tell tale signs of fake spirits are:

- Spelling mistakes on the label
- Bottles of the same brand looking slightly different
- Bottles not filled to the same level
- Poor quality printing of labels or labels not being straight
- Smell of nail varnish

By law, retailers have to keep records of who supplied the food and drink they sell at their premises so the authorities can trace the products back to a wholesaler or manufacturer if necessary. It is a criminal offence not to do this. A shop selling illicit alcohol will not normally have these records, which means they don't know where the product came from or what it contains.

Meetings Update

Club meeting - at the Hostess Restaurant Thursday 29th September 2011.

21 members were present.

Prior to the Business Meeting Sue Kemp (pictured below) who visited the club in April and gave a presentation regarding educating children in Nepal, gave an updated presentation.

4 more areas now have teachers thanks to the Rotary grant earlier in the year. The teachers are part time and are paid £25 per month.

40 new classes have been started this year since the original project at Chhahari. 778 children including 428 girls are attendees and of the original group on the Chhahari Project 4 now own their own businesses.

Because of the great success of the project and its sustainability the club awarded her a cheque for £250.

The club also donated £250 towards the Warsop and District Shoe box Appeal.

Warsop Rotary Club Visited by Britains Youngest Winter Olympian

Ellie Koyander, Britain's youngest winter olympian visited Warsop Rotarians at the Hostess Restaurant on Thursday 22 September.

Ellie, who was the guest speaker for the evening was also joined by her father Peter, from Tideswell, who was also the British ski coach for 5 years.

Ellie gave a presentation covering her development from ski novice to an Olympic participant in the Great Britain ski team at the Winter Olympics at Vancouver in 2010. She is the youngest ever member of the GB team to go to the Winter Olympics.

Although she didn't come into medal contention in the Ski Mogul Discipline she did not disgrace herself and was the youngest in the event. She is again hopeful of a place in the British team for the Winter Olympics in Russia in 2014. She is based during the winter season in the USA.

Club meeting - at the Hostess Restaurant Thursday 6th October 2011.

President Andre Camilleri chaired the meeting of the Rotary Club of Warsop Shirebrook and District met at the Hostess Restaurant on Thursday 6 October 2011.

20 members and 6 guests attended. Guest speakers were James Pinder of Mansfield Rotary Club and Carl Makins from the Derbyshire St Johns Ambulance, who gave a presentation on their Group Study Exchange in India, representing Rotary District 1220 recently. James also collects old spectacles for his project on Vision Aid Overseas. Any spectacles can be left at the offices of Elliott Yates at Shirebrook or with any Rotarian.

It was reported that 16 members and wives attended the District 1220 Conference at Scarborough over the weekend of 30th Sept to 2 October.

Future Events:

Everything Just for Dogs?

Local trio Martin, Carol and Chris have recently opened a new shop on the High Street in Warsop which specialises in all things doggy.

After owning a stall which they took to various dog shows around the country, they decided it would be a good idea to open a shop that especially focused on dogs. Their shop, which they have aptly named 'Just Dogs', opened on the 3rd of October. Just Dogs is a family run business which not only caters for all your dog's needs but

also sells handmade products which they make themselves in store. These include collars and mugs which you can personalize with pictures, not only of your dogs but any image of your choice.

The shop is like an Aladdin's cave for dog lovers stocking a vast range of products to spoil, pamper and keep your pet in tiptop health and happiness, including some products that even pet shops don't sell, from dog's first aid kit and specialist food to a specific type of disinfectant just for dogs.

But their services don't stop there, as well as selling fantastic products to both dog owner and grooming parlours, they also offer help and advice.

New stock is arriving regularly and plans are afoot to expand their shop and add to the products and services already available.

All customers and their dogs are welcome at any time, and if you come to the shop and don't see what you're looking for they will happily do their best to get the product for you at a later date.

Community News...**Warsop Inner Wheel****Report for October 2011**

President Ann Holland hosted the October meeting on Wednesday 5th October 2011 at the Hostess Restaurant, Sookholme with 29 members present and guests, Tracey Powell - Speaker and Susan Gillis who is the daughter of member Doreen Granger and also the vice president of the Inner Wheel Club of Thane.

President Ann opened the meeting and gave a warm welcome to everyone. Tracey Powell who is the editor of the Chad newspaper gave a very interesting talk. Gloria Humphrey gave the vote of thanks.

Ann gave her President's report outlining events she had attended. Anne Lyons gave the secretary's report and forthcoming events.

Ajit Singh gave the up to date treasurer's report.

Jan Strachan gave the overseas report - she has organised a Quiz Night with buffet on Saturday 15th October at the Oaklands Centre, £10 each - ticket only. Tickets are available from Inner Wheel members. Jan is raising money for needy overseas charities.

Marlene Bradley gave the charity report; a very successful coffee morning on 14th September raised £638.96 for Arthritis Research UK. Marlene thanked all who had helped and supported this event.

Pictured above at the Inner Wheel Club of Warsop's coffee morning are Vice president Marlene Bradley, member Jean Nock and Arthritis representative and president Ann Holland.

We are also having the Tombola stall at Thoresby Craft Fair on 22nd and 23rd October; we look forward to seeing our supporters of this event, old and new.

On 17th November we will be having a joint Fashion Show with Francesca Paige at the John Fretwell Centre with the proceeds being split equally between Arthritis Research UK and Meningitis UK. Tickets are £12.00 including supper and are available from Inner Wheel members or Francesca Paige shop in Warsop.

For any information about Inner Wheel visit our website: www.warsopinnerwheel.co.uk

DUKERIES Singers

Your Local Choir

This column comes from my hospital chair, via Alan our Chairman, who has been deputised to my job - temporarily!

Our five December concerts are the same as in your previous edition, but do remember that our singing performance in Sherwood Forest is free. The event in The Dome at Kelham Hall is also free but is by invitation only. The Dome is a very impressive place to perform and well worth seeing - entertainment included. (Now, who do I know?).

Many thanks to all who have sent me good wishes - the new hip is performing well.

Happy preparations for Bonfire Night, Halloween & Christmas, let's hope that the weather is kind to us for a little longer.

Best wishes to all our supporters - Jan

We rehearse on Wednesday evenings 7.30pm to 9.30pm at the Adult Day Centre at the Dukeries School off Whinney Lane entrance & car park. Just turn up and give us a go or contact our Chairman Alan Sinclair on 01623 823271

Meden Vale The Future

Registered Charity No. 1115359

The 69th meeting of Meden Vale the Future was held at the Village Hall on Tuesday 4th October. 8 members of the Committee were present and 2 Representatives of the Playscheme. One apology was received.

There was no further update for this meeting regarding the new Sports facilities from either Fundsport UK or Welbeck Colliery Football Club. A Representative from the Welbeck Miners' Welfare will be invited to the next meeting to hopefully inform the Committee of work in progress.

The Committee was advised that the Tutor booked for the miniature dolls furniture making classes is ill and therefore the January start for this course is uncertain.

A meeting of Welbeck Colliery the Future was held on the 28th September. It was reported that the only work on site at present was over capping of the old lagoons. The Power House (which contains the equipment for the electricity supply to the site) has been secured and is protected by 24 hour CCTV monitored at a local control room. The planning application for re-profiling of the north side of the colliery tip is prepared and will be submitted shortly to Nottinghamshire County Council's Minerals Authority. An additional Company has expressed an interest in the site and a meeting has been arranged between them and UK Coal. 2 members of the Committee attended an event held at Bio City, Nottingham on 3rd October and reported that it was worth attending, in the respect that they were given the opportunity to describe the Welbeck Colliery site and its potential for employment. The next meeting of Welbeck Colliery the Future is to be held on Wednesday 8th February 2012.

The Treasurer reported that the yearend accounts had been audited and were satisfactory. Therefore the next meeting would be the AGM where the accounts will be presented.

The minor repairs to the Village Hall, as agreed at the last meeting, were still outstanding but were scheduled for completion within a fortnight.

Next meeting will be held on Tuesday 22nd November 2011 at 7.30 pm at the Village Hall. The Committee meeting will be preceded by the AGM. All welcome.

A Coffee Shop

The Elton with Creswell Local History Group are currently displaying their archive information in Limestone House about the Creswell Colliery Mining disaster of 26th September 1950.

The display remembers the 80 miners who lost their lives 61 years ago in the disaster after an underground blaze erupted on a damaged conveyor belt.

The Village Company has invited the 'Strata Brass Band' from Hoyland, South Yorkshire to give a concert in the Creswell Social Centre at 7.30pm on Friday, 18th November. Each year the Village Company hosts a concert to continue the brass band culture and heritage of this former mining locality and Creswell was renowned for the famous Creswell Colliery Band. Elton with Creswell Parish Council are supporting the Band Concert by providing the Social Centre as the venue. Tickets for the concert can be obtained on the night or by contacting Limestone House. A collection will take place during the evening for 'Children in Need'.

A free training course, funded through the DCC Community Leadership Fund, began on Tuesday morning, 11/10/11 in Limestone House. The course is 'Computers for Beginners' and is for Senior Citizens. This is a 'one off' course running for 4 Tuesday mornings and the above funding has been received thanks to the support of County Councillor Ken Stevenson.

If any Senior Citizen is interested in future Computer courses or has ideas for any other courses which interest them please call in or phone Limestone House and talk to Sarah or Julie and give them details of your interests so that they can be included in discussions about further activities for the elderly in Limestone House and Limestone Studio.

THE ROYAL BRITISH LEGION

We have again had a very busy month preparing for Poppy Appeal, Remembrance and holding a successful AGM. Brian Marples has taken over as Chairman with Mike Trinder now taking Vice-Chairman supporting Brian in his new role.

Our numbers continue to steadily grow as we continue our work throughout the community.

Our visit to Mansfield Bellamy Branch for the talk on the Vulcan was a great night enjoyed by all.

The Notts Police Band Concert at Warsop Church will mark the start of our Poppy Appeal for this year, and the end of our 90th anniversary year. The Concert starts at 7.30pm on the 29th October 2011. Tickets are priced at £7.00 which will include a glass of wine. Please ring 846382 or Claytons Volvo on 666720 for tickets. All proceeds to The Poppy Appeal.

Our next meeting is on the 7th November at 7.45 at the Memorial Club, Bishops Walk. All are welcome.

We are holding a short service of Remembrance at Warsop Vale War Memorial on the 11th November 10.30am and our Remembrance Sunday Parade in Warsop on the 13th. The parade will form up on Carr Lane about 10.15am.

Readers letters...

Sincere Thanks

I would like to thank everyone who turned up at the Black Market on Friday 30th September, many in fancy dress, and helped make our fund raiser a great success.

I would like to thank all the local businesses who donated some amazing prizes for our raffle, Dave Drury and the staff at the Black Market, Michael Bower for going through the pain barrier in a sponsored arm and leg waxing, and of course Final Cut and Pet Shop Boys Tribute, who played truly awesome sets alongside the Adrian Bower Band.

The total raised on the night was £234 with more donations to be collected. I have been asked to arrange another similar night, so watch this space!!!

Finally I'd like to thank Tania Barlow and the staff at Warsop and District News for giving us such an amazing advert in September's edition when other noted local press could only manage a couple of sentences.

Thank you all once again.

Adrian Bower

Thank you letter

I want to say a big thank you to my two sons and two daughters for the very beautiful 80th birthday party that they put on for me, it was a great surprise as they had kept it a secret from me. I was picked up (as I was told) to be taken to a concert at the Tudor Barn but found myself entering the Hare and Hounds to a packed room singing Happy Birthday. It was a beautiful party and really made my day. Thank you for the lovely presents from my friends and for making my birthday a memorable one.

Thank you so much to Josette, Penny, Steve and Wayne for caring so much and making my day. God Bless you all who helped to make it so.

Jean Wright.

Luke Lee

Sue, Paul, Dawn and family would like to thank everyone for cards, messages of sympathy and generous donations of more than £2,000, received following the sad and sudden loss of Luke. Also, thanks to all who attended his funeral, it was overwhelming to see so many people, thank you all for your support on a very emotional day. Thanks to Rev Angela Fletcher for the beautiful service and to Dean, Stef and Neil for their words in church. Very many thanks to Mr. Townroe and his team, their help, understanding and professionalism were very much appreciated, thank you so much.

Paul and Dawn Lee and Lee family

Raymond Cockeram

Thank you to friends and family for all the cards and donations to the RNLI and MacMillan Cancer Care, following the death of my husband Raymond Cockeram, who sadly passed away in July of this year. Especially thank you to the Warsop Footpaths & Countryside Group and Age Concern, Thank you.

CHECK OUT OXTON for a night of Fireworks and Fun

Saturday 5th November 2011
Including:

- **Bonfire and fireworks display**
- **Lantern-making master class**
- **Illuminated lanterns**
- **Jack-o'-lanterns competition**
- **Guy Fawkes**
- **Hot food and drinks**
- **Traditional mulled wine**
- **Irish coffee**

PLUS entertainment from:

- **Unique World drummers**
- **Halloween stilt walkers**
- **Fire and light jugglers.**

Tickets cost £5 for adults and £3 for children on the night at the Village Hall, Main Street, Oxtun.

All money raised goes to help fund the Village Hall.

The English came up with the Gunpowder Plot; the Chinese came up with fireworks. This year's Bonfire Night celebration in Oxtun is a nod to both, with a modern take on the night of fireworks, fun and all things Guy Fawkes.

Oxtun will be alive with entertainment, kids' competitions and, of course, a bonfire and fireworks display to mark the annual anniversary of Guido Fawkes' foiled attempt to blow up the Houses of Parliament in 1605.

Children can get into the Bonfire Night mood early by taking part in a lantern-making master class in the Village Hall from 10am until 12.30, led by artist Jess Kemp, costing £10 each.

The illuminated willow and tissue lanterns will make a striking spectacle in the evening and those children who make a lantern will gain free entry to the evening event.

From 6pm, youngsters are invited to bring along their best jack-o'-lanterns (carved pumpkin) to be entered into a competition to win one of three prizes. The best pumpkin will win £20, followed by a second prize of £10 and third prize of £5. All the Jacks will be on display in a rogues' gallery for everyone to see and enjoy.

The tradition of carving jack-o'-lanterns stems from an Irish myth about 'Stingy Jack' who bargained with the devil but was forced to roam the earth with only a burning coal to light his way, which he put into a carved-out turnip. Jack of the Lantern, or simply

jack-o'-lantern, has been roaming the Earth ever since.

Guy Fawkes will top the bonfire when lit at 6.30pm followed by entertainment from the Unique World drummers, some sultry Halloween stilt walkers and, back by popular demand, the fire and light jugglers.

The fireworks display which lasts for around 20 minutes will dazzle the crowds from 7.30pm and the pumpkin competition winners will be announced soon afterwards.

Event organiser, Colin Rieley, said: "The night will be packed with fun for all the family. Sparklers and other illuminating goodies are available to buy, so it really is a great family event, but with something a little different to your run-of-the-mill bonfire celebration."

"We'd love to see people from surrounding areas, as well as the village, come along and join in the fun for what is becoming a great annual tradition. So remember, remember, to come to Oxtun on the fifth of November!"

This year more space has been given over to the sale of hot food and drinks by the Toads (Oxtun Cricket Club) including traditional mulled wine and Irish coffee to warm your cockles.

MANOR GRAMMAR/TECHNICAL SCHOOL REUNION

Dear friends,
Many of you reading this letter will have attended, or at least know of, the highly successful 50th Anniversary Reunion held in September 2009. Over 330 attended and it was felt that waiting 10 years until the 60th Anniversary would be too long to wait. Next year it will be 50 years since my intake started so it has been decided that another appropriate milestone in the School's history should be marked!! I have once again booked the John Fretwell Sporting Centre. The Centre is an absolutely superb venue and I know those of you who attend will not be disappointed.

Full details are set out in the Ad below:-

Tickets are limited to 400 and entry will be by ticket only. Please send cheques, payable to E. A. Tattersall, and enclosing a SAE, to my home address. Tickets will be sent out from the beginning of November.

I am hoping to put details of this event on Friends Reunited. I have over 500 people (350 on email) on my mailing list but I do urge you to chase up your old friends. I personally will be chasing up all those from my intake who I do not have the present details for. I have all the original names and addresses of every starter at The Manor from 1959 to 1967 so if you need a starting point give me a ring.

When you apply for tickets I would be grateful if you could supply the following information, for those who are former pupils or staff. These details will help me keep my records up-to-date. Naturally your wife or husband etc. is welcome to attend.

Christian name, Surname, Maiden name, Address, Phone number, E-mail address, Year started, Year finished, Staff or pupil.

On the night I hope once again to have a display of photos and other memorabilia. I am hoping to make available display boards on which you can pin any relevant material. I would urge you to make copies of all photos or articles etc. and to clearly mark, on the back, your name and address as I will be unable to take responsibility for any lost items.

Interest regarding this event is already world-wide and I am sure with your help and co-operation that it will once again be a phenomenal success. Please publicize it as much as possible. A spare copy of this letter, in your pocket or handbag, or the obtaining of a phone number or email address (which you can let me have) will really help to spread the word.

Kind regards, **Edwin A. Tattersall.**
