

New Nottinghamshire Minerals Local Plan Scoping Consultation 2026

Mineral Plan

Planning ahead to 2045

The Minerals Local Plan will ensure a steady supply of minerals for construction and growth.

It will set out how much mineral is needed and where future mineral extraction sites should be located across Nottinghamshire and Nottingham

Mineral Importance

The minerals that build our communities

Minerals are used every day to build homes, roads, schools and other infrastructure.

Nottinghamshire's key minerals include Sand and Gravel, Sherwood Sandstone, Crushed Rock, Brick Clay, Gypsum and Silica Sand.

Key Dates

Have your say

The consultation runs from **12 October to 9 November**.

Your comments will help shape the Minerals Local Plan, which is expected to be adopted in **2029**.

Scan the QR code and have your say before
5pm on 9th November 2026:
